INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this “Assignment Agreement”) is dated as of July 18, 2022, by and between SecurityCo Solutions, Inc., a Delaware corporation with address at 8350 Sunlight Drive, Fishers, Indiana 46037 (“Assignor”), and Stanley Convergent Security Solutions, Inc., a Delaware corporation with address at 8350 Sunlight Drive, Fishers, Indiana 46037 (“Assignee”). Capitalized terms used but not defined herein shall have the meanings specified in the Acquisition Agreement (as defined below).

WHEREAS, pursuant to that certain Acquisition Agreement, dated as of December 8, 2021 (as amended, supplemented or otherwise modified from time to time, the “Acquisition Agreement”), by and between Stanley Black & Decker, Inc., a company incorporated under the laws of the State of Connecticut (“Seller”), and Securitas AB, a public limited company organized under the laws of Sweden (“Purchaser”), Assignor and Assignee, among others have entered into that certain Contribution Agreement, dated as of April 1, 2022 (as amended, supplemented or otherwise modified from time to time, the “Contribution Agreement”), pursuant to which, effective immediately prior to the Closing (but after the completion of the SSSI Contribution (as defined in the Contribution Agreement)), Assignee shall accept all right, title and interest in and to the Subject Assets (as defined in the Contribution Agreement) of Assignor;

WHEREAS, in furtherance of the SecurityCo Contribution (as defined in the Contribution Agreement), pursuant to Section 6.13 of the Acquisition Agreement, the parties hereto wish to effectuate the Assignment (as defined below); and

WHEREAS, Assignor has agreed to execute and deliver this Assignment Agreement, for recording with the United States Patent and Trademark Office and other governmental offices;

NOW THEREFORE, in accordance with the Acquisition Agreement and in consideration of the premises and the representations, warranties, covenants and agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties hereby agree as follows:

1. Assignment. Effective as of the completion of the SecurityCo Contribution (as defined in the Contribution Agreement) (the “Effective Time”), Assignor shall irrevocably convey, transfer, assign and deliver to Assignee, and Assignee shall accept, all of Assignor’s right, title, and interest in and to the following, in each case, except as would otherwise constitute an Excluded Asset (the “Assigned IP”, and such assignment, the “Assignment”):

(a) the patents and patent applications (including provisional applications) set forth on Schedule 1 hereto, including all divisions, continuations, continuations-in-part, or renewals thereof, as well as each and any right to priority arising therefrom;

(b) the trademark registrations and applications therefor set forth on Schedule 1 hereto, together with the goodwill associated therewith;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the Effective Time, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office and any other governmental officials to record and register this Assignment Agreement upon request by Assignee. Following the Effective Time, upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignor shall take such reasonable steps and actions, and provide such reasonable cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence, or perfect the Assignment (including to any assignee or successor of Assignee).

3. Terms of the Acquisition Agreement. The parties hereto acknowledge and agree that this Assignment Agreement is entered into pursuant to the Acquisition Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the Assigned IP. In the event of any conflict or inconsistency between the terms of the Acquisition Agreement and the terms hereof, the terms and conditions of the Acquisition Agreement shall govern.

4. Counterparts. This Assignment Agreement may be executed in one or more counterparts, and by the different parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Assignment Agreement by email or other electronic means (including portable document format) shall be as effective as delivery of a manually executed counterpart of this Assignment Agreement.

5. Governing Law. This Assignment Agreement and any dispute arising out of or relating to or in connection with this Assignment Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York, without regard to any choice-of-laws or conflict-of-laws provisions thereof that would require the application of any other Law.
