IP ASSIGNMENT

THIS IP ASSIGNMENT (this "IP Assignment"), dated as of August 12, 2022, is entered into by and between IKONICS CORPORATION, a Minnesota corporation (the "Assignor") and SAATI ADVANCED CHEMICALS, LLC, a South Carolina limited liability company (the "Assignee").

RECITALS

WHEREAS, the Assignor and the Assignee are parties to that certain Asset Purchase Agreement dated as of August 5, 2022, by and between the Assignor and the Assignee (the "Purchase Agreement"), pursuant to which the Assignor agreed to sell, assign, transfer and convey certain intellectual property assets to the Assignee; and

WHEREAS, the Assignor now desires to assign and transfer to the Assignee, and the Assignee desires to acquire from the Assignor, all of the Assignor's right, title and interest in and to such intellectual property assets and all goodwill associated therewith, in each case as provided for herein.

NOW, THEREFORE, in consideration of the mutual covenants and premises set forth in this IP Assignment, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment of Patents Assets. The Assignor does hereby sell, assign and transfer to Assignee, its successors and assigns, all of the Assignor's right, title and interest in and to (a) any and all inventions described in the patents and patent applications set forth in **Appendix A** (the "Patents"), in any form or embodiment; (b) any and all applications related thereto, filed in any country, including the right to file applications in countries other than the country of priority filing under the provisions of any international convention; (c) any and all improvements on said invention or inventions now or hereafter made by Assignee, its successors and assigns; (e) any and all Patents, including reissues and extensions thereof, to be obtained in any country upon said invention, inventions or improvements, and any and all continuing applications, including divisional, continuation and continuation-in-part applications, substitute applications, and applications claiming benefit of an earlier filed provisional application, which may be filed upon said invention, inventions or improvements in any country. Assignor hereby authorizes and requests the issuing authority to issue any and all patents on the Patent Assets to Assignee, its successors and assigns, as assignee of the entire interest.

2. Assignment of Trademark Assets. The Assignor hereby assigns, transfers and conveys to the Assignee and its successors and assigns all of the Assignor's right, title and interest in and to (a) the marks, trademark applications, and trademark registrations set forth in **Appendix B** (the "Trademarks") and all goodwill associated therewith, and (b) all rights to income and license fees deriving from the Trademarks to the extent earned after the date hereof, and (c) all causes of action, claims and rights to damages or profits arising by reason of any past, present or future infringements or unauthorized uses of the Trademarks, and the right to sue for and collect such damages or profits, in each case as permitted by law.

3. Assignment of Domain Name Assets. Assignor hereby irrevocably conveys, transfers and assigns to the Assignee, and the Assignee hereby accepts, all of the Assignor's right, title and interest in and to the domain names set forth in **Appendix C** (the "Domain Names"), including the website associated therewith, the right to sue and recover (for the sole use and benefit of the Assignee and its successors, assigns or other legal representatives) damages for past, present and future infringement, misappropriation, dilution or other violation thereof or damage thereto, if any, and all rights to apply for, revive and maintain all registrations, renewals and/or extensions thereof.

4. Miscellaneous. This IP Assignment is one of the transaction documents to be delivered in consummation of the transactions contemplated by the Purchase Agreement. Nothing contained in this IP Assignment shall be deemed to supersede, amend or modify any of the terms, conditions or provisions of the Purchase Agreement or any rights or obligations of the parties under the Purchase Agreement. Capitalized terms used herein, but not defined herein, shall have the meanings ascribed to such terms in the Purchase Agreement.
