This INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment") is made and entered into as of November 30, 2022 between PARKER INTANGIBLES LLC, a Delaware limited liability company (the "Assignor"), and PARKER-HANNIFIN CORPORATION, an Ohio corporation (the "Assignee"). The Assignor and the Assignee are each a "Party" and collectively, the "Parties."

### RECITALS

WHEREAS, the Assignor is the owner of the entire right, title and interest in and to those patents listed on Schedule A hereto, existing now or in the future and including, but not limited to, all divisions, reissues, continuations (in whole or in part), applications that claim priority thereto under United States law, foreign law, or international convention, renewals, reexaminations and extensions of any of the foregoing and any patents that may issue from any of the foregoing (collectively, the "Patents");

WHEREAS, the Assignor is the owner of the entire right, title and interest in, to and under those trademark registrations and trademark applications listed on Schedule B hereto, existing now or in the future and including, but not limited to, all associated common law rights and the goodwill associated with the business and the use of or symbolized thereby and all renewals in connection therewith (collectively, the "Trademarks," and together with the Patents, the "Intellectual Property"); and

WHEREAS, the Assignor wishes to assign all of its rights title and interest in and to the Intellectual Property to the Assignee.

NOW, THEREFORE, the Parties do hereby agree as follows:

1. Assignment of Intellectual Property. The Assignor hereby irrevocably and unconditionally assigns, transfers, conveys and delivers to the Assignee, its successors and assigns, all of the Assignor's right, title and interest in and to all of the Intellectual Property, and including the subject matter of all claims that may be obtained therefrom, including all rights of priority and protection of interests therein under the laws of any jurisdiction, for the Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment and sale had not been made, together with all income, royalties, damages or payments due or payable as of the date hereof or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement, dilution, misappropriation, unlawful imitation, misuse or default, with the right but no obligation to sue for and collect the same for the Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives.
2. Recordation. The Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any other similar governmental

authority to record the Assignee as owner of the Intellectual Property, and issue any and all patents or trademarks issued thereon to the Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of the Assignee, its successors, assigns or other legal representatives.

3. No Waiver or Modification. Any provision of this Assignment may be amended or waived if, but only if, such amendment or waiver is in writing and is signed, in the case of an amendment, by each Party, or in the case of a waiver, by the Party against whom the waiver is to be effective. No failure to enforce any provision of this Assignment shall be deemed to or shall constitute a waiver of such provision and no waiver of any of the provisions of this Assignment shall be deemed to or shall constitute a waiver of any other provision hereof (whether or not similar) nor shall such waiver constitute a continuing waiver.
4. Sections and Headings. The division of this Assignment into sections and subdivisions and the insertion of headings herein are for convenience of reference only and shall not affect or be utilized in construing or interpreting this Assignment.
5. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of the State of Delaware, without giving effect to principles or rules of conflict of laws to the extent such principles or rules would require or permit the application of laws of another jurisdiction.
