TRADEMARK ASSIGNMENT AGREEMENT

This TRADEMARK ASSIGNMENT AGREEMENT (this “Agreement”), dated as of the date last set forth below (the “Effective Date”), is made by and between Long Beach Runs, LLC, a Delaware limited liability company (“Assignor”), and Motiv Servicing Company LLC, a Delaware limited liability company (“Assignee”) (each, a “Party,” and together, the “Parties”).

WHEREAS, Assignor wishes to transfer to Assignee, and Assignee wishes to receive from Assignor, all of Assignor’s right, title, and interest in and to certain Trademarks (as defined below) and related rights, together with the goodwill connected with the use of and symbolized by such Trademarks, subject to the terms and conditions set forth herein; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Assignment of Trademarks

Subject to the terms and conditions set forth herein, Assignor hereby irrevocably assigns, transfers, and conveys to Assignee, and Assignee hereby accepts, all of Assignor’s worldwide right, title, and interest in and to the following (collectively, “Acquired Rights”), together with the goodwill associated therewith and symbolized thereby:

- (a) the trademark “Long Beach Marathon” (the “Trademark”) and all of Assignor’s registrations, applications for registration, and renewals of such Trademarks (collectively, “Acquired Registrations”), as set forth in Schedule 1;
- (b) all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the Effective Date, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present and future infringement, dilution, violation, breach, or default; and
- (c) all other rights, privileges, and protections of any kind whatsoever of Assignor accruing under any of the foregoing provided by any applicable law, treaty, or other international convention throughout the world.

2. Further Assurances; Recordation

- (a) From and after the Effective Date, each of the Parties hereto shall execute and deliver such additional documents, instruments, conveyances, and assurances, and take such further actions as may be reasonably required to carry out the provisions hereof and give effect to the transactions contemplated by this Agreement and the documents to be delivered hereunder.
- (b) Without limiting the foregoing, Assignor shall execute and deliver to Assignee such assignments and other documents, certificates, and instruments of conveyance in a form satisfactory to Assignee and suitable for filing with the United States Patent and Trademark Office (“USPTO”) and the registries and other recording governmental authorities in all applicable jurisdictions (including with respect to legalization, notarization, apostille, certification, and other authentication) as necessary to record and perfect the Assignment, and to vest in Assignee all right, title, and interest in and to the

Acquired Rights in accordance with applicable law. As between Assignor and Assignee, Assignee shall be responsible, at Assignee's expense, for filing the Assignment, and other documents, certificates, and instruments of conveyance with the applicable governmental authorities; provided at Assignee's expense that Assignor shall take such steps and actions, and provide such cooperation and assistance, to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Acquired Rights to Assignee, or any of Assignee's successors or assigns.

3. Assignor Representations and Warranties

Assignor represents and warrants to Assignee that:

- (a) the statements contained in this Section 3 are true and correct as of the Effective Date and do not contain any untrue statement of material fact or omit any material fact necessary to make the statements contained in this Section 3 not misleading under the circumstances under which they were made;
- (b) Assignor has the full right, power, and authority to enter into this Agreement and perform its obligations hereunder. The execution, delivery, and performance of this Agreement by Assignor have been duly authorized by all necessary organizational action of Assignor, and when executed and delivered by both parties, this Agreement will constitute a legal, valid, and binding obligation of Assignor, enforceable against Assignor in accordance with its terms and conditions;
- (c) the execution, delivery, and performance by Assignor of this Agreement, and the consummation of the transactions contemplated hereby, do not and will not:
 - (i) violate or conflict with the certificate of incorporation, by-laws, or other organizational documents of Assignor;
 - (ii) violate or conflict with any judgment, order, decree, statute, law, ordinance, rule, or regulation;
 - (iii) conflict with, or result in (with or without notice or lapse of time or both), any violation of or default under, or give rise to a right of termination, acceleration, or modification of any obligation or loss of any benefit under, any contract or other instrument to which this Agreement or any of the Acquired Rights are subject; or
 - (iv) result in the creation or imposition of any encumbrances on the Acquired Rights.
- (d) no consent, approval, waiver, or authorization is required to be obtained by Assignor from any person or entity (including any governmental authority) in connection with the execution, delivery, and performance by Assignor of this Agreement, or to enable Assignee to register, own, and use the Acquired Rights;
- (e) Assignor owns all right, title, and interest in and to the Acquired Rights, free and clear of liens, security interests, and other encumbrances. Assignor is in full compliance with all legal requirements applicable to the Acquired Rights and Assignor's ownership and use thereof;

- (f) Assignor has not entered into any licenses or similar contractual agreements, whether exclusive or nonexclusive, related to any of the Acquired Registrations;
- (g) Schedule 1 contains a correct, current and complete list of all registrations and applications for registration owned by Assignor with respect to the Acquired Registrations. As of the Effective Date, all required filings and fees related to the trademark registrations and applications listed on Schedule 1 have been timely filed with and paid to the USPTO and other relevant governmental authorities and authorized registrars, and all such trademark registrations and applications have at all times been and remain in good standing. Assignor has provided Assignee with true and complete copies of all documents, certificates, correspondence, and other materials related to all such trademark registrations and applications;
- (h) to Assignor's knowledge, the Acquired Rights are valid, subsisting, and enforceable in all applicable jurisdictions, and are not subject to any pending or threatened challenge or claim to the contrary. No event or circumstance (including any failure to exercise adequate quality control or any assignment in gross without the accompanying goodwill) has occurred or exists that has resulted in, or would reasonably be expected to result in, the abandonment of any Acquired Registrations;
- (i) the registration, ownership, and exercise of the Acquired Rights by Assignor do not and will not infringe or otherwise violate the intellectual property or other rights of any third party or violate any applicable regulation or law. To Assignor's knowledge, no person has infringed or otherwise violated, or is currently infringing or otherwise violating, any of the Acquired Rights;
- (j) there are no actions (including any opposition or cancellation proceedings) settled, pending, or, to Assignor's knowledge, threatened:
 - (i) alleging any infringement, misappropriation, dilution, or other violation of the intellectual property rights of any third party based on the use or exploitation of any Acquired Rights;
 - (ii) challenging the validity, enforceability, registrability, or ownership of any Acquired Rights or Assignor's rights with respect thereto; or
 - (iii) by Assignor or any third party alleging any infringement or other violation by any third party of any Acquired Rights.
- (k) except for the representations and warranties contained in this Section 3, Assignor has not made and makes no other express or implied representation or warranty, either oral or written, whether arising by law or otherwise, including with respect to the ownership, registration, validity, enforcement, or use of the Acquired Rights, all of which are expressly disclaimed.
