INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (including the exhibits hereto, the “Assignment Agreement”), dated as of September 30, 2022 (the “Effective Date”), is made by and between LiDestri Beverages, LLC, a New York limited liability company located at 815 Whitney Road West, Fairport, New York 14450 (“Assignor”), and Sazerac Brands, LLC, a Delaware limited liability company located at 10400 Linn Station Road, Suite 300, Louisville, Kentucky 40223 (“Assignee”), and solely with respect to Sections 3 through 6, Sazerac Investments, LLC, a Delaware limited liability company located at 101 Magazine Street, New Orleans, LA 70130 (“Sazerac Investments”). The signatories to this Assignment Agreement are collectively referred to as the “Parties” and individually as a “Party.” Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Purchase Agreement (as defined below).

RECITALS

WHEREAS, Assignor and Sazerac Investments have entered into that certain Asset Purchase Agreement of even date herewith (the “Purchase Agreement”), pursuant to which Assignor has agreed to sell, assign, convey, transfer and deliver to Sazerac Investments, and Sazerac Investments has agreed to purchase, all of Assignor’s right, title and interest in and to the Brand Assets, which includes certain intellectual property as set forth in **Exhibit A** hereto (the “Transferred Intellectual Property”), in exchange for payment by Sazerac Investments of the Purchase Price, as it may be adjusted as set forth in the Purchase Agreement;

WHEREAS, Sazerac Investments and Assignee have entered into that certain Assignment and Assumption Agreement, effective September 30, 2022, pursuant to which Sazerac Investments assigned to Assignee its right under the Purchase Agreement to purchase the Transferred Intellectual Property; and

WHEREAS, Assignor desires to provide a document reflecting the assignment of all of its right, title, and interest in and to the Transferred Intellectual Property to Assignee for purposes of recording such assignment at various intellectual property registries.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

1. Assignor hereby sells, assigns, conveys, transfers and delivers to Assignee, and Assignee hereby acquires and accepts from Assignor, all of Assignor’s right, title, and interest in and to the Transferred Intellectual Property and all goodwill associated therewith, free and clear of any and all encumbrances, the same to be held by Assignee for Assignee’s own use and enjoyment, and for the use and enjoyment of Assignee’s successors, assigns, designees, nominees and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment Agreement had not been executed, together with all causes of action (in law or equity), claims, demands and any other rights for, or arising from any past, present or future infringement, of the Transferred Intellectual Property, along with the right

to sue for and collect any damages for the use and benefit of Assignee and Assignee's successors, assigns, designees, nominees and other legal representatives.

2. The preparation and recordation of assignments to Assignee of the Transferred Intellectual Property with the applicable government authority will be at Assignee's expense, with reasonable cooperation of effort by Assignor. For the avoidance of doubt, Assignor, upon request of the Assignee, will execute all documents and provide assistance as is reasonably and customarily necessary to record the transfer of the Transferred Intellectual Property. Assignor confirms that, if necessary, Assignee is authorized to sign on behalf of Assignor all forms and documentation that are required by the relevant Governmental Authority to record the transfer of Transferred Intellectual Property.

3. Nothing in this Assignment Agreement shall change, amend, limit or alter (nor shall it be deemed or construed as changing, amending or altering) the terms or conditions of the Purchase Agreement or any liability or obligation of Assignor or Sazerac Investments arising under the Purchase Agreement, which shall govern the representations, warranties and obligations of the Parties with respect to the Transferred Intellectual Property. In the event that any of the provisions of this Assignment Agreement are determined to conflict with the terms of the Purchase Agreement, the terms of the Purchase Agreement shall control.

4. This Assignment Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

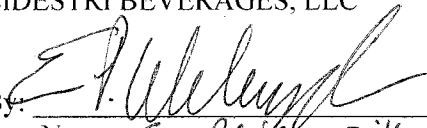

5. The terms and provisions of this Assignment Agreement shall be construed in accordance with and governed by the laws of the State of Delaware (without giving effect to principles of conflicts of laws).

6. This Assignment Agreement may be executed in one or more counterparts, including electronic transmission or facsimile counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument and shall become effective when one or more counterparts have been signed by each of the Parties and delivered to the other party.
