A. Lenders have agreed to make certain advances of money and to extend Loans to Grantor in the amounts and manner set forth in that certain Loan and Security Agreement dated on or about the date hereof (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Loan Agreement”; capitalized terms used herein are used as defined in the Loan Agreement) by and among the Lenders and Grantor. The Lenders are willing to make the Loans to Grantor, subject to the condition, among others, that Grantor grant to Agent, for the ratable benefit of the Lenders, a security interest in the Intellectual Property Collateral (as described below) to secure the Obligations.

AGREEMENT

1. Grant of Security Interest. To secure the Obligations, Grantor grants and pledges to Agent, for the ratable benefit of the Lenders, a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property (all of which shall collectively be called the “Intellectual Property Collateral”), including, without limitation, the following:

(a) Any and all copyright rights, copyright applications, copyright registrations and like protections in each work of authorship and derivative work thereof, whether published or unpublished, now or hereafter existing, created, acquired or held, including without limitation those set forth on Exhibit A attached hereto (collectively, the “Copyrights”);

(b) All patents, patent applications and like protections including, without limitation, improvements, divisions, continuations, reissues, extensions and continuations-in-part of the same, including without limitation the patents and patent applications set forth on Exhibit B attached hereto (collectively, the “Patents”);

(c) Any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Exhibit C attached hereto (collectively, the “Trademarks”);

(d) Any and all claims for damages by way of past, present and future infringements of any of the rights included above;

(e) All amendments, extensions, renewals and extensions of any of the Copyrights, Trademarks or Patents; and

(f) All proceeds and products of the foregoing including insurance proceeds in respect of the foregoing.

4. Loan Documents. This Agreement has been entered into pursuant to and in conjunction with the Loan Agreement, which is hereby incorporated by reference. The provisions of the Loan Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of Agent with respect to the Intellectual Property Collateral are as provided by the Loan Agreement and related documents, and nothing in this Agreement shall be deemed to limit such rights and remedies.

5. Execution in Counterparts; Electronic Signature. No party hereto or to any such agreement or instrument shall raise the use of signature delivered or provided in that manner as a defense to the formation of a contract and each party hereto forever waives any such defense.

6. Successors and Assigns. This Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns.

7. Governing Law. This Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of California, without giving effect to any choice or conflict of law provision or rule (whether of the State of California, or any other jurisdiction).
