Patent and Trademark Security Agreement

THIS PATENT AND TRADEMARK SECURITY AGREEMENT, dated as of December 20, 2022 (this "Security Agreement"), is made by BIO WORLD MERCHANDISING, INC., a Texas corporation (the "Grantor"), in favor of TRUIST BANK, as Lender (in such capacity, together with its successors and permitted assigns, the "Lender").

WHEREAS, the Grantor, Blue Spoke LLC, a Texas limited liability company ("Blue Spoke") and Nolan Originals, LLC, a Texas limited liability company ("Nolan" and together with Grantor and Blue Spoke, each, a "Borrower" and, collectively, jointly and severally, the "Borrowers"), and the Lender have entered into a Revolving Credit Agreement, dated as of December 20, 2022 (as amended, restated, supplemented, replaced, increased, refinanced or otherwise modified from time to time, the "Credit Agreement");

WHEREAS, in connection with the Credit Agreement, the Grantor and the other Borrowers have entered into the Guaranty and Security Agreement, dated as of December 20, 2022 (as amended, restated, supplemented or otherwise modified from time to time, the "Guaranty and Security Agreement"), in favor of the Lender; and

WHEREAS, the Guaranty and Security Agreement requires the Grantor to execute and deliver this Security Agreement;

NOW, THEREFORE, in consideration of the premises and in order to ensure compliance with the Credit Agreement, the Grantor hereby agrees as follows:

Section 1 Defined Terms. Capitalized terms used herein without definition are used as defined in the Guaranty and Security Agreement.

Section 2 Grant of Security Interest in Patent and Trademark Collateral. The Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of the Grantor, hereby pledges, assigns and transfers to the Lender, and grants to the Lender a security interest in, all of its right, title and interest in, to and under the following Collateral, whether presently existing or hereafter created or acquired (collectively, the "Patent and Trademark Collateral");

(a) all of its Patents and all Patent Licenses providing for the grant by or to the Grantor of any right under any Patent, including, without limitation, those referred to on Schedule I hereto;

(i) all reissues, reexaminations, continuations, continuations-in-part, divisions, renewals and extensions of the foregoing; and

(ii) all income, royalties, proceeds and liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

(b) all of its Trademarks and all Trademark Licenses providing for the grant by or to the Grantor of any right under any Trademark, including, without limitation, those referred to on Schedule II hereto;

(i) all renewals and extensions of the foregoing;

(ii) all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and

(iii) all income, royalties, proceeds and liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Section 3 Guaranty and Security Agreement. The security interest granted pursuant to this Security Agreement is granted in conjunction with the security interest granted to the Lender pursuant to the Guaranty and Security Agreement, and the Grantor hereby acknowledges and agrees that the rights and remedies of the Lender with respect to the security interest in the Patent and Trademark Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event of any conflict or inconsistency between this Security Agreement and the Guaranty and Security Agreement (or any portion hereof or thereof), the terms of the Guaranty and Security Agreement shall prevail.

Section 4 Representation and Warranty. Schedule I correctly sets forth all applied for and federally registered Patents owned by Grantor in its own name as of the date hereof and Schedule II correctly sets forth all applied for and federally registered Trademarks owned by Grantor in its own name as of the date hereof.

Section 5 Grantor Remains Liable. The Grantor hereby agrees that, anything herein to the contrary notwithstanding, the Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with its Patents and Trademarks and Patent and Trademark Licenses subject to a security interest hereunder.

Section 6 Counterparts. This Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 7 Governing Law. This Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of Texas.
