SECOND LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT

This SECOND LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “**Agreement**”), dated as of February 8, 2023, is entered into by Martin Operating Partnership L.P., a Delaware limited partnership (“**Grantor**”), and U.S. Bank Trust Company, National Association, as collateral agent for the Parity Lien Secured Parties (in such capacity, the “**Collateral Agent**”). Capitalized terms not otherwise defined herein have the meanings set forth in (i) the Collateral Agency Agreement, dated as of February 8, 2023 (as amended, restated, supplemented or otherwise modified in writing from time to time, the “**Collateral Agency Agreement**”), among Martin Midstream Partners L.P., a Delaware limited partnership (the “**Company**”), Martin Midstream Finance Corp., a Delaware corporation (referred to herein as “**Finance Corp.**” and, together with the Company, the “**Issuers**”), the other grantors and guarantors from time to time party thereto, U.S. Bank Trust Company, National Association, as Parity Lien Representative and as Trustee under the Indenture, the Collateral Agent and the other parties from time to time party thereto or (ii) the Intercreditor Agreement, dated as of February 8, 2023 (as amended, restated, supplemented or otherwise modified in writing from time to time, the “**Intercreditor Agreement**”), among the Company, the other grantors from time to time party thereto, Royal Bank of Canada, as Priority Lien Credit Agreement Collateral Agent, the Collateral Agent, as Parity Lien Collateral Agent, and the other parties from time to time party thereto.

WHEREAS, in connection with the Second Lien Pledge and Security Agreement, dated as of February 8, 2023 (as amended, restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”) by Grantor and the other Debtors party thereto, for the benefit of Collateral Agent, Grantor is delivering this Agreement to grant a security interest to Collateral Agent in certain Intellectual Property (as defined in the Security Agreement), whether now owned or existing or hereafter acquired or arising and wherever located, including without limitation the pending and registered trademarks and patents listed on Schedule A (the “**Secured Intellectual Property**”).

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor and Collateral Agent hereby agree as follows:

1. **Grant of Security Interest.**

1.1 Grantor hereby grants to Collateral Agent a security interest in and continuing lien on all of Grantor’s right, title and interest in, to and under (a) all Secured Intellectual Property set forth in Schedule A, now owned or from time to time after the date hereof owned or acquired by Grantor, together with (b) all proceeds and products of the Secured Intellectual Property, (c) the goodwill associated with the trademarks, and (d) all causes of action arising prior to or after the date hereof for infringement of the Secured Intellectual Property or unfair competition regarding the same, subject to the terms and conditions of the Security Agreement and the other Parity Lien Documents. Notwithstanding the foregoing, the Secured Intellectual Property shall exclude any rights to any Intellectual Property that would be cancelled or rendered invalid or unenforceable under applicable law by the grant of a security interest created pursuant to the terms of this Agreement, the Security Agreement or any other Parity Lien Document, for as long as such

prohibition or reason for invalidity under applicable law exists, except for the products and proceeds thereof or from the sale of such Intellectual Property.

1.2 The security interest granted hereby is granted in conjunction with the security interest granted to Collateral Agent under the Security Agreement and the other Parity Lien Documents. The rights, remedies, indemnities and other protections afforded to Collateral Agent and the Parity Lien Secured Parties with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement and the other Parity Lien Documents. Notwithstanding anything herein to the contrary, (a) the liens and security interests granted to the Collateral Agent pursuant to this Agreement are expressly subject and subordinate to the liens and security interests granted in favor of the Priority Lien Secured Parties (as defined in the Intercreditor Agreement), and (b) the exercise of any right or remedy by the Collateral Agent hereunder is subject to the limitations and provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor Agreement, the terms of the Security Agreement, and the terms of the Collateral Agency Agreement, on the one hand, and the terms of this Agreement, on the other hand, the terms of the Intercreditor Agreement, the terms of the Security Agreement or the terms of the Collateral Agent Agreement, as applicable, shall control.

2. **Modification of Agreement.** This Agreement or any provision hereof may not be changed, waived, or terminated except in accordance with the amendment provisions of the Collateral Agency Agreement pursuant to which Collateral Agent may modify this Agreement, after obtaining Grantor's approval of or signature to such modification, by amending Schedule A to include reference to any right, title or interest in any existing pending and registered trademarks, patents and copyrights acquired or developed by Grantor after the execution hereof or to delete any reference to any right, title or interest in any pending and registered trademarks, patents and copyrights in which Grantor no longer has or claims any right, title or interest.

3. **Governing Law.** THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE CONSTRUED IN ACCORDANCE WITH AND BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK (WITHOUT GIVING EFFECT TO ITS CONFLICTS OF LAW RULES OTHER THAN *SECTION 5-1401* OF THE NEW YORK GENERAL OBLIGATION LAW) AND, TO THE EXTENT CONTROLLING, LAWS OF THE UNITED STATES OF AMERICA.

4. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of Collateral Agent and Grantor and their respective successors and assigns. Grantor shall not, without the prior written consent of Collateral Agent given in accordance with the Collateral Agency Agreement, assign any right, duty or obligation hereunder.

5. **Counterparts.** This Agreement may be executed in any number of counterparts and by the parties hereto on separate counterparts, each of which when so executed, shall be deemed to be an original and all of which taken together shall constitute one and the same instrument. Delivery of an executed counterpart by facsimile or other electronic transmission shall be effective as originals.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, Grantor and Collateral Agent have caused this Agreement to be duly executed and delivered as of the date first above written.
