INTELLECTUAL PROPERTY SECURITY AGREEMENT (RECORDING)

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (RECORDING) ("**IP Security Agreement**"), dated as of December 30, 2022, is made by and between: ALBERT WHITMAN & COMPANY, a Delaware corporation, and ALBERT WHITMAN MEDIA, LLC, an Illinois limited liability company, both having an address at 250 S. Northwest Highway, Suite 320, Park Ridge, IL 60068 (individual "**Grantor**" and collectively the "**Grantors**"); and NORTHBROOK BANK & TRUST COMPANY, N.A., having an address at 1100 Waukegan Road, Northbrook, IL 60062 (the "**Lender**").

WHEREAS the Grantor Albert Whitman & Company and Lender are parties to that certain Commercial Security Agreement of April 15, 2020, and Grantors and Lender are parties to that certain Commercial Security Agreement of August 19, 2021 (collectively the "**Agreements**"), further to which Agreements Grantors granted to Lender a security interest in the Collateral (as defined in the Agreements).

WHEREAS Grantors and Lender acknowledge and agree that the general intangibles' Collateral comprehends each Grantor's intellectual property and intellectual property rights, now extant or hereafter arising, whether protected, created or arising under the laws of the United States or any other jurisdiction or under any international convention, including without limitation all (i) patents and patent applications, including all continuations, divisionals, continuations-in-part, and provisionals and patents issuing on any of the foregoing, and all reissues, reexaminations, substitutions, renewals, extensions and related priority rights of any of the foregoing, (ii) trademarks, service marks, trade names, trade dress, logos, corporate names and other source or business identifiers, together with the goodwill associated with any of the foregoing, and all applications, registrations, renewals and extensions of any of the foregoing, (iii) Internet domain names, (iv) copyrights, works of authorship (including, without limitation, such rights in software) and moral rights, and all registrations, applications, renewals, extensions and reversions of any of the foregoing, (v) mask works and mask sets, and all applications and registrations of any of the foregoing, and (vi) confidential and proprietary information, trade secrets, including trade secret or confidential information in and to technology, know-how, databases, inventions (whether patentable or unpatentable and whether or not reduced to practice), formulas, processes, developments and research, designs, circuit block libraries, algorithms, procedures, methods, techniques, technical data, programs, subroutines, specifications, apparatus, creations,

improvements and other similar materials, and licenses in any of the foregoing (collectively the “**IP Collateral**”).

WHEREAS Grantors and Lender have entered into that certain Forbearance Agreement effective as of October 31, 2022, further to the terms of which Grantors have agreed to execute and deliver this IP Security Agreement, comprehensive of the IP Collateral, for recording with national, federal, state, and foreign government authorities, including but not limited to the United States Patent and Trademark Office and the United States Copyright Office.

NOW THEREFORE, in consideration of the foregoing premises, the sum of \$10.00, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

1. GRANT OF SECURITY. Each Grantor hereby grants to Lender a security interest in all of such Grantor's right, title and interest in and to the IP Collateral, as follows:

1.1 All trademarks, whether registered or unregistered, now owned or hereafter acquired by such Grantor, including the trademark registrations set forth in Schedule 1 hereto, together with the goodwill symbolized thereby, and all extensions and renewals thereof (the "**Trademarks**"), excluding only pending United States intent-to-use trademark applications to the extent that and solely during the period in which the grant of a security interest therein would impair, under applicable federal law, the registrability of such applications or the validity or enforceability of registrations issuing from such applications;

1.2 All copyrights, whether registered or unregistered, now owned or hereafter acquired by such Grantor, including but not limited to the copyright registrations, applications and exclusive copyright licenses set forth in Schedule 2 hereto, and all extensions and renewals thereof (the "**Copyrights**");

1.3 All rights of any kind whatsoever of such Grantor accruing under the IP Collateral, including without limitation the Trademarks and Copyrights, provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

1.4 Any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the IP Collateral, including without limitation the Trademarks and Copyrights; and

1.5 Any and all claims, with respect to any of the IP Collateral, including

without limitation the Trademarks and Copyrights, for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. RECORDATION. Each Grantor authorizes the Commissioner for Trademarks and the Register of Copyrights, and any other government officials, foreign or domestic, to record and register this IP Security Agreement upon request by the Lender. Upon Lender's request, each Grantor further agrees to execute and deliver any and all documents and instruments reasonably necessary or advisable to record (including recording with domestic or foreign governmental authorities or officials) or preserve Lender's interest in all IP Collateral

3. NEW OR NEWLY IDENTIFIED IP COLLATERAL. If any Grantor (i) becomes aware of any existing IP Collateral of which such Grantor has not previously informed Lender, (ii) obtains rights to any new IP Collateral, or (iii) becomes entitled to the benefit of any IP Collateral which benefit is not in existence on the date hereof, such Grantor must give to Lender prompt written notice thereof, and the provisions of this IP Security Agreement shall automatically and immediately apply to such IP Collateral. Without limitation, new IP Collateral comprehended by clause (ii) immediately above shall include any registrations resulting from the following pending U.S. intent-to-use trademark applications: Serial No. 90399648, Serial No. 90630260, and Serial No. 88728951. Each Grantor hereby authorizes Lender to modify this IP Security Agreement to include specific identification of any such IP Collateral comprehended by this paragraph, and to request the Commissioner for Patents, the Commissioner for Trademarks, the Register of Copyrights, and any other government officials (domestic or foreign) to record and register or rerecord or re-register this IP Security Agreement. Upon Lender's request, each Grantor agrees to execute and deliver any and all documents and instruments reasonably necessary or advisable to record or preserve Lender's interest in all IP Collateral added hereto pursuant to this paragraph.

4. EXECUTION IN COUNTERPARTS. This IP Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Each party hereto agrees that this IP Security Agreement may be electronically signed, and that any electronic signatures appearing on this IP Security Agreement are the same as handwritten signatures for the purposes of validity, enforceability, and admissibility. Delivery of an executed

counterpart of a signature page to this IP Security Agreement by telecopy shall be effective as delivery of a manually executed counterpart of this IP Security Agreement.

5. GOVERNING LAW. This IP Security Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their officers thereunto duly authorized as of the day and year first above written.
