INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This **Intellectual Property Assignment Agreement** (this “**IP Assignment**”), dated as of July 1, 2022, is made by and between Twisted Throttle LLC, a Rhode Island limited liability company, having a principal place of business at 570 Nooseneck Hill Road, Exeter, Rhode Island 02822, Denali Electronics LLC, a Rhode Island limited liability company, having a principal place of business at 246 Kenyon Avenue, East Greenwich, Rhode Island 02818, DrySpec LLC, a Rhode Island limited liability company, having a principal place of business at 246 Kenyon Avenue, East Greenwich, Rhode Island 02818 and Erik Stephens, a U.S. citizen on the one hand (“**Assignors**”) and Vision X Offroad, LLC, a Washington limited liability company, having a principal place of business at 1601 Boundary Boulevard, Auburn, Washington 98001 on the other hand (“**Assignee**”).

RECITALS

WHEREAS, Assignee and Assignors are parties to that certain Asset Purchase Agreement, dated as June 30, 2020 (as amended, restated, supplemented, or otherwise modified from time to time, the “**Asset Purchase Agreement**”). Capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Asset Purchase Agreement.

WHEREAS, under the terms of the Asset Purchase Agreement, Assignors have agreed to convey, transfer, and assign to Assignee, among other assets, certain intellectual property of Assignors, and have agreed to execute and deliver this IP Assignment for recording with Governmental Authorities, including, but not limited to, the US Patent and Trademark Office.

WHEREAS, in connection with the consummation of the transactions contemplated by the Asset Purchase Agreement, Assignors hereby desire to convey, transfer, and assign to Assignee all of Assignors’ right, title, and interest in, to, and under all of the Assigned IP (as hereinafter defined), and Assignee hereby desires accept from Assignors all of Assignors’ right, title, and interest in, to, and under all of the Assigned IP.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment. In consideration for the execution of the Asset Purchase Agreement, the consideration stipulated in the Asset Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby irrevocably convey, transfer, and assign to Assignee, and Assignee hereby accepts, all of Assignors’ right, title, and interest in, to, and under the following (collectively, the “**Assigned IP**”):

(a) all inventions, including without limitation, the patents and patent applications set forth on **Schedule A** hereto, and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof, including all priority rights, and the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other conventions, and the worldwide right to file applications for said inventions in Assignee’s own name;

(b) all trade secrets, non-public know-how, discoveries, improvements, concepts, ideas, methods, processes, procedures, designs, plans, schematics, invention disclosure statements, drawings, formulae, technical data, specifications, research and development

information, technology and product roadmaps and data bases and other proprietary or confidential information, including customer, supplier and mailing lists;

(c) all marks, names, trade dress, whether registered or unregistered, including without limitation, the trademark registrations and applications set forth on **Schedule B** hereto, together with the goodwill connected with the use thereof and symbolized thereby, and all issuances, extensions, and renewals thereof, provided, that with respect to the United States intent-to-use trademark applications, if any, set forth on **Schedule B** hereto, the transfer of such applications accompanies, pursuant to the Asset Purchase Agreement, the transfer of Assignors' business, or portion of the business to which the trademark pertains, and that business is ongoing and existing;

(d) all social media names and accounts;

(e) all copyrights, including, without limitation, the copyrights set forth on **Schedule C** hereto, including, without limitation, any unregistered copyrights, applications, any renewals and extensions thereof, and in and to all works based upon, derived from, or incorporating the copyrights, and in and to all rights corresponding to the foregoing throughout the world, and all the rights embraced therein, including but not limited to, the right to duplicate, reproduce, copy, distribute, display, license, adapt, and prepare derivative works from the copyrights, together with all physical or tangible embodiments of the copyrights, in Assignors' possession or under Assignors' control;

(f) the domain names set forth in **Schedule D** hereto;

(g) in the case of each of the foregoing:

- i. all rights of any kind whatsoever of Assignors accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;
- ii. any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
- iii. any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, and/or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but not the obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Assignors' Use and Enjoyment.** The rights, title and interest assigned under Section 1 above shall be for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors if this IP Assignment had not been made.

3. Remainder of Intellectual Property. Assignors hereby declare that, as to any of the assets, rights or interests intended to be included in the Assigned IP hereby conveyed, the title to which may not have passed to the Assignee by virtue of this Assignment or any transfer or assignment which may from time to time be executed and delivered pursuant to the provisions hereof, Assignors hold such assets, rights or interests in trust for the benefit of the Assignee to transfer and assign the same as the Assignee may from time to time direct. Assignors shall hold such asset or other right for the exclusive benefit of the Assignee and shall take any and all action with respect thereto as the Assignee may reasonably direct for the Assignee's account and benefit.

4. Recordation. Assignors authorize the Commissioner for Patents, the Commissioner for Trademarks, and any other governmental officials to record and register this IP Assignment upon request by Assignee.

5. Cooperation. Assignors agree to perform all commercially reasonable acts deemed necessary or desirable by the Assignee to permit and assist the Assignee, at the Assignee's expense, in obtaining and enforcing the full benefits, enjoyment, rights and title throughout the world in the Assigned IP, to be assigned, or licensed to the Assignee under this Agreement. Such acts may include, but are not limited to, execution of documents and assistance or cooperation (i) in the filing, prosecution, registration, and memorialization of assignment of any applicable patents, copyrights, trademark, mask work, or other applications, (ii) in the enforcement of any applicable patents, copyrights, trademark, mask work, moral rights, trade secrets, or other proprietary rights, and (iii) in other legal proceedings related to the Assigned IP. In the event that the Assignee is unable for any reason to secure Assignors' signature(s) to any document required to file, prosecute, register, or memorialize the assignment of any patent, copyright, trademark, mask work or other applications or to enforce any patent, copyright, mask work, moral right, trade secret or other proprietary right under any Assigned IP (including derivative works, improvements, renewals, extensions, continuations, divisionals, continuations in part, continuing patent applications, reissues, and reexaminations of such Assigned IP), Assignors hereby irrevocably designate and appoint the Assignee and the Assignee's duly authorized officers and agents as Assignors' agents and attorneys-in-fact to act for and on Assignors' behalf and instead of Assignors, (i) to execute, file, prosecute, register and memorialize the assignment of any such application, (ii) to execute and file any documentation required for such enforcement, and (iii) to do all other lawfully permitted acts to further the filing, prosecution, registration, memorialization of assignment, issuance, and enforcement of patents, copyrights, mask works, moral rights, trade secrets or other rights under the Assigned IP, all with the same legal force and effect as if executed by Assignors.

6. Terms of the Asset Purchase Agreement. The terms of the Asset Purchase Agreement relating to the Assigned IP are incorporated herein by this reference. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern.

7. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

8. Governing Law. This IP Assignment shall be governed by and construed in accordance with the internal laws of the State of Rhode Island without giving effect to any choice or conflict of law provision or rule (whether of the State of Rhode Island or any other jurisdiction). Any legal suit, action, proceeding, or dispute arising out of or related to this IP Assignment may be instituted in the federal courts of the United States of America or the courts of the State of Rhode Island, and each party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, proceeding, or dispute.

9. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

[Signature Page Follows]

IN WITNESS WHEREOF, the parties hereto have executed this IP Assignment as of the date set forth above.
