## U.S. INTELLECTUAL PROPERTY UNLIMITED SECURITY AGREEMENT

This U.S. INTELLECTUAL PROPERTY SECURITY AGREEMENT (“IP Security Agreement”) dated February 7, 2023, is made by and between (i) Bionic 8 Analytics Ltd., an Israeli private company, registration number: 514800564, from HaPaseget 9 Petah (“Grantor”), and (ii) Israel Discount Bank, Ltd., a company incorporated in Israel under registered number 5000703 whose registered office is at Yehuda Halevi 23, Israel (“Lender”, which expression shall include their respective successors and assigns). Tel-Aviv

WHEREAS, the Grantor and the Lender have entered into that certain Agreement for the provision of a loan facility dated April 14, 2022 (the “Loan Agreement”); and

WHEREAS, under the terms of the Loan Agreement, Grantor has agreed, among other things, to grant a first priority lien on, and security interest in the intellectual property of the Grantor to the Lender (including, without limitation, under that certain Fixed Charge Debenture on the Grantor’s IP rights, dated as of the date hereof (the “Security Agreement”)), and the Grantor has agreed to execute this IP Security Agreement for recording such security interest with the U.S. Patent and Trademark Office on any intellectual property owned by it throughout the term of this IP Security Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties agree as follows:

Section 1. Grant of Security Interest. Grantor hereby grants to Lender an unlimited security interest in and to all right, title and interest to any and all intellectual property owned or that shall be owned by the Grantor, or to which it is or shall be entitled or that it possesses or shall possess any proprietary or other rights thereto, by virtue of any law, agreement or any other source whatsoever, including, without limitation, all intellectual property listed in Schedule A hereto, including but not limited to all information or materials in any shape or form, relating to research, development, specifications, formulas, algorithms, prototypes, computer programs, records, data, designs, concepts, ideas, methods, techniques, processes, samples, trade secrets, analyses, materials, patents, pending patent applications, registered trademarks, pending trademark applications, and applications for registration, other data and information, as well as any improvements and derivatives thereof; and any and all proceeds of the foregoing and all accessions to, substitutions, and replacements for, and rents, profits, and products of the foregoing (the “Collateral”). Schedule A shall be updated once a calendar quarter and upon the application for, or acquisition of, any new Patents or Trademarks in the United States by the Grantor, and/or the application for, or acquisition of, any new Copyrights (whether registered or not), and the Grantor shall promptly file amendments to Schedule A to that effect.

Section 2. Security for Obligations. The grant of an unlimited security interest in the Collateral by Grantor to Lender under this IP Security Agreement secures the performance of all obligations and the payment of all money and liabilities owed or incurred by Grantor to Lender, now or hereafter existing under or in respect of the Unlimited Security Agreement, the Loan Agreement, or under any other future financing arrangement between the Grantor and the Lender (the “Secured Obligations”).

Section 3. Recordation. Grantor authorizes and requests that the Commissioner of Patents and Trademarks and/or the Register of Copyrights, record this IP Security Agreement. Grantor hereby further undertakes to file the appropriate request to the Commissioner of Patents and Trademarks, in order to record this IP Security Agreement, within 21 days following the execution of this IP Security Agreement.

Section 4. Right to Request Information. Lender shall have the right to request, once every six (6) calendar months, and Grantor shall promptly provide upon such request, information reasonably required in order to confirm that Schedule A is updated.

Section 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement and the Loan Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, Lender with respect to the Collateral and the terms related to its grant are more fully set forth in the Security Agreement and the Loan Agreement and in the event of any contradiction between this IP Security Agreement and the Security Agreement and the Loan Agreement, the provisions of the Unlimited Security Agreement and the Loan Agreement will prevail.

Section 6. Governing Law; Forum for Dispute Resolution. This IP Security Agreement shall be governed by and construed according to the laws of the State of Delaware, without regard to the conflict of laws provisions thereof. Any dispute arising under or in relation to this IP Security Agreement shall be resolved in the competent court in Delaware, and each of the parties hereby submits exclusively and irrevocably to the jurisdiction of such court. This Section 6 is for the benefit of the Lender only. As a result, the Lender shall not be prevented from taking proceedings relating to the Collateral in any other courts with jurisdiction.

Section 7. Termination. This IP Security Agreement and the security interest granted hereunder to Lender shall terminate and be of no force with respect to the Lender upon satisfaction in full of all of the Secured Obligations of Grantor to the Lender. Upon termination of this IP Security Agreement and the security interest granted to the Lender hereunder, the Lender shall execute all documents necessary to remove the security interest granted to the Lender by Grantor hereunder and take any action necessary to remove the security interest granted by Grantor hereunder, including without limitation, the filing of a Termination Statement in the USPTO for the affected Patents and Trademarks.
