TRADEMARK SECURITY AGREEMENT, dated as of January 31, 2023 (as amended, restated, supplemented or otherwise modified from time to time, this “Agreement”), among Magellan Diagnostics, Inc., a Delaware corporation (“Magellan”), Meridian Bioscience, Inc., an Ohio corporation (“Meridian”), Bioline Reagents Limited, a private limited company incorporated in England and Wales with registered number 04838884 (“Bioline Reagents”), and Meridian Life Science, Inc., a Maine corporation (“MLS” and together with Magellan, Meridian, and Bioline Reagents, collectively, the “Grantors”) and Standard Chartered Bank, as administrative agent and as collateral agent (in such capacities, the “Administrative Agent”).

Reference is made to (a) that certain Term Loan Credit Agreement (as it may hereafter from time to time be amended, restated, amended and restated, supplemented or otherwise modified, the “Credit Agreement”) dated as of January 31, 2023, by and among Madeira Acquisition Corp., an Ohio corporation (and, upon and after the consummation of the Merger, Meridian Bioscience, Inc., an Ohio corporation) (the “Borrower”), Columbus Holding Company, a Delaware corporation (“Holdings”) the Administrative Agent, the lenders from time to time party thereto (the “Lenders”), and the other parties from time to time party thereto and (b) that certain Security Agreement, dated as of January 31, 2023, by and among the Debtors party thereto (including the Grantors) and the Administrative Agent (as the same may be amended, restated, supplemented or otherwise modified from time to time, the “Security Agreement”).

The Lenders have agreed to extend credit to the Borrower subject to the terms and conditions set forth in the Credit Agreement, the Guarantor Parties have guaranteed the Obligations pursuant to the Guarantee Agreement or Sponsor Guarantee, as the case may be, and the Debtors have secured the Obligations pursuant to the Security Agreement. The obligations of the Lenders to extend such credit are conditioned upon, among other things, the execution and delivery of this Agreement.

Accordingly, the parties hereto agree as follows:

1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or the Credit Agreement, as applicable.

2. Grant of Security Interest. As security for the payment or performance, as applicable, in full when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations, each Grantor, pursuant to the Security Agreement, did and hereby does grant to the Administrative Agent (and its successors and permitted assigns), for the ratable benefit of the Secured Parties, a security interest in, all such Grantor’s right, title and interest in, to or under any and all of the following assets now owned or at any time hereafter acquired (collectively, the “Trademark Collateral”; provided, that, Trademark Collateral shall not include any Excluded Property):

(a) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, prints and labels on which any of the foregoing have appeared or appear, uniform resource locations (URL’s), domain names, designs and general intangibles of like nature, now existing or hereafter adopted or acquired and all registrations and recordings thereof and all registration and recording applications filed in connection therewith, registrations and registration applications in the United States Patent and Trademark Office (described on Schedule I) and all reissues, renewals, continuations and extensions thereof and amendments thereto (the “Trademarks”):

- (b) all reissues, continuations, extensions and renewals thereof and amendments thereto;
- (c) all rights and privileges arising under applicable Law with respect thereto;
- (d) the right to sue or otherwise recover with respect thereto for any past, present and future infringement, misappropriation or other violation;
- (e) all goodwill associated therewith or symbolized by any of the foregoing;
- (f) all income, fees, royalties, damages, claims and payments now or hereafter due and/or payable with respect thereto, including damages and payments for past, present or future infringement, misappropriation or other violation thereof; and
- (g) all other assets, rights and interests that uniquely reflect or embody such goodwill.

3. Recordation. Each Grantor hereby authorizes and requests that the Commissioner for Trademarks record this Agreement.

4. Security Agreement. The security interests in the Trademark Collateral granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern. The consent to jurisdiction provisions set forth in Section 20 of the Security Agreement shall be incorporated herein, *mutatis mutandis*.

5. Counterparts. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart to this Agreement by facsimile transmission (or other electronic transmission pursuant to procedures approved by the Administrative Agent) shall be as effective as delivery of a manually signed original. The words "delivery," "execute," "execution" "signed," "signature," and words of like import in any Loan Document or any other document executed in connection herewith shall be deemed to include electronic signatures, the electronic matching of assignment terms and contract formations on electronic platforms approved in writing (which may be by electronic mail) by Administrative Agent, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper based recordkeeping system, as the case may be, to the extent and as provided for in any applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act; provided, that, notwithstanding anything contained herein to the contrary Administrative Agent is under no obligation to agree to accept electronic signatures in any form or in any format unless expressly agreed to by Administrative Agent pursuant to procedures approved by it; provided, further, without limiting the foregoing, upon the request of Administrative Agent, any electronic signature shall be promptly followed by such manually executed counterparty.

6. Governing Law. This Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York.

7. Termination; Release. This Agreement shall continue in effect until (i) each of the Credit Agreement and the Security Agreement has terminated pursuant to its express terms and (ii) all of the Obligations have been paid in full (other than in respect of contingent indemnification and expense reimbursement claims not then due). If any of the Trademark Collateral shall be sold, transferred or otherwise disposed of by a Grantor in a transaction permitted by the Credit Agreement, then the Administrative Agent, at the request and sole expense of the Grantors, shall execute and deliver to such Grantor all releases or other documents reasonably necessary or desirable for the release of the Liens created hereby on such Trademark Collateral. A Grantor shall be automatically released from its obligations hereunder in the event that all the equity interests of such Grantor shall be sold, transferred or otherwise disposed of in a transaction permitted by the Credit Agreement.

8. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the priority of the Lien and security interest granted to the Administrative Agent pursuant to this Agreement and the exercise of any right or remedy by the Administrative Agent hereunder are subject to the provisions of the Initial Closing Date Pari Passu Intercreditor Agreement. In the event of any conflict between the terms of the Initial Closing Date Pari Passu Intercreditor Agreement and this Agreement governing the priority of the security interests granted to the Administrative Agent or the exercise of any right or remedy, the terms of the Initial Closing Date Pari Passu Intercreditor Agreement shall govern and control.
