## **TRADEMARK ASSIGNMENT**

**THIS TRADEMARK ASSIGNMENT** (this “*Assignment*”) is made and entered into as of April 1, 2022 (the “*Effective Date*”), by Huntsman Advanced Materials (Switzerland) GmbH, a limited liability company registered in the Commercial Register of the Canton of Basel-Stadt (“*Assignor*”) in favor of Huntsman Textile Effects (Switzerland) GmbH, a limited liability company registered in the Commercial Register of the Canton of Basel-Stadt (“*Assignee*”).

**WHEREAS**, Assignor and Assignee are among the parties to that certain Asset Transfer Agreement, having an effective date of April 1, 2022 (as amended, supplemented or modified, the “*Transfer Agreement*”); and

**WHEREAS**, pursuant to the Transfer Agreement, Assignor has sold, conveyed, assigned, and transferred to Assignee, and Assignee has acquired from Assignor, all right, title and interest in, to and under the trademarks set forth on Schedule A, together with the goodwill associated therewith (collectively, the “*Trademarks*”), and the parties wish to record such acquisition in the applicable governmental authorities in any applicable jurisdiction;

**NOW, THEREFORE**, in consideration of the foregoing and in consideration of the mutual promises, covenants, representations, warranties and agreements contained herein and in the Transfer Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby agrees as follows:

1. Assignment of Trademarks. Effective as of the Effective Date, Assignor hereby sells, conveys, assigns, and transfers to Assignee, any and all of Assignor’s right, title and interest in, to and under the Trademarks (including, without limitation, the goodwill associated therewith) in the United States and throughout the world (provided that, with respect to any United States intent-to-use trademark applications set forth on Schedule A, the transfer of such applications accompanies, pursuant to the Transfer Agreement, the transfer of Assignor’s business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing), the same to be held and enjoyed by Assignee as fully and completely as by Assignor had this Assignment not been made, including, without limitation, (a) all registrations and applications therefor, the right to renew any registrations included in the Trademarks, the right to apply for trademark registrations within or outside of the United States based in whole or in part upon the Trademarks, and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter arising or in effect, and (b) all rights in the foregoing (including, without limitation, the right to collect royalties and proceeds in connection therewith), and all rights and remedies (including, without limitation, the right to sue for and recover damages, profits and any other remedy) for past, present or future infringement, misappropriation, or other violation relating to any of the foregoing, together with any priority right that may arise from any of the foregoing.

2. Recording. This Assignment has been executed and delivered by Assignor to Assignee for the purpose of recording this Assignment with any applicable governmental authorities, and the parties hereby authorize any such governmental authorities to record this Assignment.

3. Further Assurances. From time to time following the date hereof, at the sole expense of Assignee, Assignor shall execute and deliver such other instruments of conveyance, assignment, transfer and delivery or other documents and take or cause to be taken such other actions as Assignee reasonably may request in order to record, perfect or otherwise effectuate the assignment granted hereunder. In the event of any conflict between the terms of this Assignment and the terms of the Transfer Agreement, the terms of the Transfer Agreement shall govern.

4. Successors. This Assignment and all covenants and agreements contained herein and rights, interests or obligations hereunder, by or on behalf of any of the parties hereto, shall bind and inure to the benefit of the respective successors and assigns of the parties hereto whether so expressed or not.

5. Governing Law. All issues and questions concerning the construction, validity, enforcement and interpretation of this Assignment shall be governed by, and construed in accordance with, Swiss substantive law without giving effect to any choice of law or conflict of law rules or provisions (whether of Switzerland or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than Switzerland. In furtherance of the foregoing, the internal law of Switzerland shall control the interpretation and construction of this Assignment, even though under that jurisdiction's choice of law or conflict of law analysis, the substantive law of some other jurisdiction would ordinarily apply.
