- (f) semi-conductor topography rights
- (g) copyright (including future copyright)
- (h) database rights
- (i) rights in and to confidential information (including know how and trade secrets) and
- (j) all other intellectual property rights,

as may be owned by the Assignor and used exclusively in connection with the Business as at the Transfer Date and, in each case, wherever existing in the world, whether registered or unregistered and including applications for the grant of any of the foregoing and all rights to apply for the registration or protection of any of the foregoing including all renewals, extensions, rights to claim priority from and revivals, whether contingent or future

Materials means all prototypes, artwork, drawings, designs, computer programs, source codes, specifications, diagrams, materials, databases, documents, data sheets, branding and other works of whatever nature (whether literary, artistic or otherwise) relating to the Business and that are created, developed, originated or made by the Assignor at any time (including after the date of this Assignment)

Moral Rights means the rights conferred by Part I Chapter IV of the Copyright Designs and Patents Act 1988 (or any modification or re-enactment thereof) and any and all similar rights conferred by the laws in force in any part of the world

Purchase Agreement means an asset purchase agreement dated on or around the date of this Assignment between the Assignor, the Administrators and the Assignee

Social Media Handles means those social media handles identified and / or described in the Schedule to the Assignment

Subsequent Appointee has the meaning given to it in clause 4.2 and

Transfer Date means the date of Completion as defined in the Purchase Agreement

1.2 Interpretation:

- (a) references to a person include any individual, firm, body corporate (wherever incorporated), government, state or agency of a state or any joint venture, association, partnership, works council or employee representative body (in any case, whether or not it has separate legal personality);
- (b) references to a paragraph, clause or Schedule are to those of this Assignment;
- (c) clause, Schedule and paragraph headings do not affect the interpretation of this Assignment;

- (d) the Schedule forms part of this Assignment and shall have effect as if set out in full in the body of this Assignment. Any reference to this Assignment includes the Schedule;
- (e) unless the context otherwise requires, a reference to the singular shall include the plural and vice versa, and references to one gender include all genders;
- (f) a reference to a statute or statutory provision shall include all subordinate legislation made as at the date of this Assignment under that statute or statutory provision; and
- (g) any words following the terms including, include, in particular, for example or any similar expression shall be construed as illustrative and shall not limit the sense of the words, description, definition, phrase or term preceding those terms.

2 Assignment

Pursuant to the Purchase Agreement, the Assignor hereby assigns to the Assignee absolutely, subject to terms and conditions of any licences granted to third parties, all its right title and interest in and to:

- (a) all the Intellectual Property in existence at the date of this Assignment;
- (b) all of the Materials in existence at the date of this Assignment;
- (c) in relation to the Intellectual Property listed in the Schedule as being owned by Levolux A.T. Limited, the Assignor assigns to the Assignee such right, title and interest (if any) as the Assignor may have in such Intellectual Property;
- (d) all goodwill attaching to any and all rights assigned by this clause 2;
- (e) any pending applications or rights to apply for registrations of any of the rights set out in this clause 2 that are capable of registration in any country or jurisdiction;
- (f) any similar or analogous rights to any of these rights, whether arising or granted under the laws of England & Wales or in any other jurisdiction;
- (g) the right to institute and maintain proceedings for any infringement of all rights assigned by this clause 2 which occur now or hereafter or which may have occurred before the date hereof, including the right to claim and retain damages and other relief obtained as a result of such proceedings,

(each an **Assigned Right**, and together the **Assigned Rights**).

3 Transfer

3.1 The Assignor and the Administrators shall, at the Assignee's expense, promptly, following execution of this Assignment (and, in any event, in accordance with any time limits imposed by relevant domain name registries and registrars), complete all such formalities, including:

- (a) the provision of necessary domain name account details and passwords;
- (b) the selection and completion of relevant change of registrant and administrative contact functions within such domain name accounts;
- (c) the provision of email or other online notice or confirmation notifying the registrar of the domain name transfer;

- (d) the changing of webhosts; and
- (e) the execution of all documents, papers, forms and authorisations,

as are necessary to perfect the transfer of the Domain Name by registering it in the Assignee's name.

- 3.2 So far as is legally possible, the Assignor waives absolutely its Moral Rights and any broadly equivalent rights it may have in any territory of the world.
- 3.3 The Assignor and the Administrators shall (at the Assignee's expense) promptly, following execution of this Assignment, complete all such acts and formalities as necessary to provide the Assignee with the relevant details of the Social Media Handles so that the Assignee can use and operate them as it so wishes.

4 Exclusion of Personal Liability

- 4.1 The Administrators are party to this Assignment only for the purpose of receiving the benefit of this declaration and any other covenants, conditions or provisions in their favour contained in this Assignment and neither the Administrators nor their partners, firm, employees or agents shall incur any personal liability (nor any liability ranking as an expense of the Administration of the Assignor) howsoever arising under or in connection with this Assignment or the transaction hereby agreed or under any deed or other document or agreement entered into pursuant to or in connection with this Assignment.
- 4.2 Any right of the Administrators under this Assignment shall also be for the benefit of, and shall be exercisable by, any subsequent administrator, liquidator or other insolvency officeholder appointed from time to time in respect of the Assignor (each a **Subsequent Appointee**) and so that, as regards any Subsequent Appointee, the relevant clause shall apply mutatis mutandis so that references to the Administrators shall be treated as references to such Subsequent Appointee.
- 4.3 The provisions of this clause shall continue for the benefit of the Administrators or any Subsequent Appointee, notwithstanding the fact that the Administrators or any Subsequent Appointee may cease to act as officeholder in respect of the Assignor.

5 Agreement to Assign

If in any country the execution after the date of this Assignment of a confirmatory assignment or other document of the Assigned Rights (or any of them) in that country would be ineffective or invalid by reason of the transfer effected by this Assignment, then this Assignment shall be deemed to be an agreement to assign, and not an assignment of the Assigned Rights (or any of them) in that country.

6 Recordal

Except to the extent prohibited or required otherwise by applicable law, the Assignee shall be responsible for all recordals of the assignments made under this Assignment, including all filings and other actions required to make such recordals, and all costs and expenses incurred in connection therewith, including filing and counsel fees.

7 Costs

Except as otherwise provided in this Assignment, each party shall pay its own costs incurred in connection with negotiating, preparing and completing this Assignment.

8 Further Assurances

8.1 At the request and cost of the Assignee, and for a period of six months from the date of this Assignment, the Assignor shall execute (or procure the execution of) all documents and do all acts and things as may be required by law or be necessary to implement and give effect to this Assignment. The terms of all such documents shall exclude any personal liability of the Administrators in a manner satisfactory to the Administrators and shall be subject to the Administrators' approval.

8.2 In the event that a Subsequent Appointee is appointed, then the Administrators shall procure that such Subsequent Appointee is aware of this arrangement.

9 Conflict with Other Agreements

If there is any conflict between the terms of this Assignment and Purchase Agreement, the terms of the Purchase Agreement shall prevail.

10 Legal Relationship

Nothing in this Assignment shall constitute a partnership between the parties nor make either party the agent of the other party for any purpose.

11 General

11.1 The parties intend each provision of this Assignment to be severable and distinct from the others. If a provision of this Assignment is held to be illegal, invalid or unenforceable, in whole or in part, the parties intend that the legality, validity and enforceability of the remainder of this Assignment shall not be affected.

11.2 This Assignment may be executed in one or more counterparts each of which shall for all purposes be deemed to be an original and all of which shall constitute one and the same instrument.

11.3 This Assignment and any non-contractual obligations arising out of or in relation to this Assignment shall be governed by and interpreted in accordance with English Law. Each party irrevocably submits to the exclusive jurisdiction of the English courts in relation to all matters arising out of or in connection with this Assignment.

11.4 A person who is not a party to this Assignment has no right to enforce any of its terms under the Contracts (Rights of Third Parties) Act 1999

Executed as a deed by the parties or their duly authorised representatives on the date of this Assignment.
