WITNESSETH:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make Loans and other extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, in connection with the Credit Agreement, the Grantor, together with certain other Loan Parties, is party to a New York law Security Agreement, dated as of August 13, 2018, in favor of the Collateral Agent (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”);

WHEREAS, pursuant to the Security Agreement, the Grantor has granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in all of the Grantor’s right, title and interest in or to any and all Intellectual Property, subject to Section 3.01(a) of the Security Agreement, and the Grantor is required to execute and deliver this Agreement; and

WHEREAS, the Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make Loans and other financial accommodations to the Borrower pursuant to the Credit Agreement, the Grantor agrees, for the benefit of the Collateral Agent and the Secured Parties, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Security Agreement.

For purposes of this Agreement:

“Trademarks” means (a) all trademarks, service marks, trade names, domain names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, slogans, other source or business identifiers, designs and general intangibles of like nature, now owned or hereafter used, adopted or acquired, and all registrations and applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States or any other country or any political subdivision thereof, and all extensions or renewals thereof, (b) all goodwill associated therewith or symbolized thereby, (c) the right to sue for past, present, and future infringements, dilutions and other violations of any of the foregoing, (d) all income, royalties, damages, and payments now or hereafter due and/or payable under any of the foregoing, including, without limitation, damages or payments for past, present, or future infringements, dilutions or other violations of any of the foregoing; and (e) all other rights, priorities and privileges accruing thereunder or pertaining thereto throughout the world.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, including the Guaranty, the Grantor hereby grants to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest (the “Security Interest”) in all right, title and interest in, to and under any and all of the following assets and properties now owned or at any time hereafter acquired by the Grantor or in which the Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “Intellectual Property Collateral”):

(a) all Trademarks of the Grantor, including, without limitation, those listed on Schedule A hereto.

(b) to the extent not covered by clause (a), all Proceeds and products of any and all of the foregoing and all Supporting Obligations, all accessions to, substitutions and replacement for, and rents, profits and products of, each of the foregoing, all Proceeds of any insurance, indemnity, warranty or guaranty payable to the Grantor from time to time with respect to any of the foregoing and all collateral security and guarantees given by any Person with respect to any of the foregoing.

Notwithstanding anything to the contrary contained in clauses (a) and (b) above, the Security Interest shall not extend to any Excluded Assets including any intent-to-use trademark or service mark application prior to the filing of a “Statement of Use” or “Amendment to Allege Use” with respect thereto, to the extent, if any, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration issuing from such intent-to-use application under applicable federal law.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Grantor for the purpose of recording the grant of Security Interest herein with the United States Patent and Trademark Office. The Security Interest granted hereby has been granted to the Collateral Agent, for the benefit of the Secured Parties, in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Collateral Agent thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the Security Interest in the Intellectual Property Collateral granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 5. Term. This Agreement shall be coterminous with the Security Agreement.

SECTION 6. Governing Law; Jurisdiction. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

SECTION 7. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
