## TRADEMARK SECURITY AGREEMENT

**THIS TRADEMARK SECURITY AGREEMENT** (this “**Trademark Security Agreement**”), is dated as of **April 18, 2023**, and is between **ADVANCE CONVERGENCE GROUP, INC., a Delaware corporation**, having an office at **1490 North Clinton Avenue, Bay Shore, New York 11706** (“**Grantor**”) in favor of **FLAGSTAR BANK, N.A.**, having a principal office located at **565 Fifth Avenue, 8<sup>th</sup> Floor, New York, New York 10017** (together with its successors and/or assigns “**Secured Party**”).

### **Background**

1. Grantor desires to establish financing arrangements with Secured Party.
2. As a condition precedent to the making of the financing arrangements Grantor has executed and delivered to the Secured Party one or more **Loan and Security Agreements**, each dated **April 18, 2023** (as amended, restated, supplemented or modified, from time to time, collectively, the “**Security Agreement**”).
3. Pursuant to the terms of the Security Agreement, Grantor has granted to the Secured Party a security interest in, among other property, certain intellectual property of the Grantor and has agreed to execute and deliver this Trademark Security Agreement for recording with the United States Patent and Trademark Office and other governmental authorities.

Grantor and Secured Party therefore agree as follows:

1. Definitions. Capitalized terms not defined in this Trademark Security Agreement will have the meaning ascribed to them in the Security Agreement.

2. Grant of Security. Grantor hereby pledges and grants to the Secured Party a security interest in and to all of the right, title, and interest of Grantor in, to, and under the following (the “**Trademark Collateral**”):

(a) the trademark registrations and applications set forth in Schedule 1 hereto, together with the goodwill connected with the use of and symbolized thereby, and all extensions and renewals thereof (the “**Trademarks**”);

(b) all rights of any kind whatsoever of Grantor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(c) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action, with respect to any of the foregoing, whether occurring before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right, but no obligation, to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

3. Recordation. Grantor authorizes the Commissioner for Trademarks and any other government officials to record and register this Trademark Security Agreement upon request by the Secured Party.

4. Loan Documents. This Trademark Security Agreement has been entered into pursuant to and in conjunction with the Security Agreement, which is hereby incorporated by reference. The provisions of the Security Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of the Grantor are as provided by the Security Agreement, and related documents, and nothing in this Trademark Security Agreement shall be deemed to limit such rights and remedies.

5. Execution in Counterparts. This Trademark Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by facsimile or in electronic (i.e., "pdf" or "tif" format) shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

6. Successors and Assigns. This Trademark Security Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns.

7. Governing Law. This Trademark Security Agreement and any claim, controversy, dispute, or cause of action (whether in contract or tort or otherwise) based upon, arising out of, or relating to this Trademark Security Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York, without giving effect to any choice or conflict of law provision or rule that would apply the law of any other jurisdiction.
