## INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment ("Intellectual Property Assignment") is made effective this 7th of March, 2023, by and between Fourfoot, LLC, a limited liability company organized and existing under the laws of Texas, and having a usual place of business at 6301 Imperial Drive, Waco, Texas 76712 ("Assignor") and Waco Shoe Company, LLC, a Texas limited liability company ("Assignee"). Capitalized terms used but not otherwise defined herein shall have the meaning set forth in the Redemption Agreement, defined below.

WHEREAS, Assignor desires to assign, transfer, and convey all of the Assignor's rights to the Intellectual Property to Assignee, and Assignee is desirous of acquiring the Intellectual Property from Assignor, together with the goodwill of the business symbolized thereby; and

NOW, THEREFORE, in consideration of the premises set forth above and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor hereby sells, assigns, conveys and transfers to Assignee, and Assignee hereby purchases, acquires, accepts and assumes from Assignor, all of Assignor's worldwide right, title and interest in, to and under the Trademarks related to or used in connection with the associated business symbolized thereby and appurtenant thereto together with any and all goodwill associated with such marks and the goodwill of the business connected with the use thereof and symbolized thereby (the "Assigned Trademarks") including, without limitation, the Trademarks identified on Exhibit A and any and all derivations thereof and logos related thereto and all applications, certificates, files, recordings, licenses, approvals and registrations and other agreements relating to any of the Assigned Trademarks, together with Assignor's worldwide right to police, monitor and enforce the Assigned Trademarks against any and all past and current infringements (including, without limitation, the right to sue for and collect damages caused by any such infringement) which may have occurred at any time in the unlimited past, up to the date of this Agreement, together with income, royalties, damages or payments due on or after the date hereof, including, without limitation, all claims for damages or payments by reason of infringement or unauthorized use of the Intellectual Property, along with the right to sue for past infringements and collect same for Assignee's sole use and enjoyment and together with any and all further privileges in the United States and throughout the world to establish use, ownership and/or registration of the Assigned Trademarks.

2. Assignee is the successor to the entire business to which the trademarks under the trademark applications listed in Exhibit A pertain.

3. Assignor does hereby authorize the Director of the United States Patent and Trademark Office, and the empowered official of any U.S. State, or any country or countries foreign to the United States whose duty it is to record trademark registrations, applications and title thereto, to record the Intellectual Property and title thereto as the property of Assignee, its successors, assigns or legal representatives in accordance with the terms of this instrument.

4 Assignor hereby warrants that it is the sole owner of the Intellectual Property. To the extent Assignor retains any right, title or interest in or to the Intellectual Property or the Customer Rights that cannot be assigned to Assignee pursuant to this Intellectual Property Assignment, then Assignor hereby agrees to waive for all time any claims that Assignor may have concerning the Intellectual Property and Customer Rights.

5 Assignee and Assignor also agree that multiple copies of this Intellectual Property Assignment may be executed, each of which shall be deemed an original, and each of which shall be valid and binding upon Assignee and Assignor.
