INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION

This INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION (this “Assignment”) is made and entered into as of December 16, 2022, by and among Fast Radius, Inc., a Delaware corporation with an address at 113 N. May Street, Chicago, Illinois (the “Assignor”) and SyBridge Digital Solutions LLC, a Delaware limited liability company with an address at 20700 Civic Center Drive, Suite 430, Southfield, Michigan (the “Assignee”). Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Purchase Agreement (as defined below). Assignor and Assignee are individually referred to herein as a “Party,” and collectively as the “Parties.”

WHEREAS, Assignor, Fast Radius Operations, Inc., Fast Radius PTE. LTD and Assignee have entered into that certain Asset Purchase Agreement (the “Purchase Agreement”), dated as of the date hereof; and

WHEREAS, in connection with the transactions contemplated by the Purchase Agreement, the parties to the Purchase Agreement desire that Assignor transfer to Assignee all of the right, title and interest of Assignor in and to the patents, trademarks and trademark applications (together with all goodwill associated therewith and symbolized thereby in each case) and domain names set forth on Attachment A attached hereto (the “Assigned IP”); and

WHEREAS, Assignee wishes to acquire Assignor’s right, title and interest in and to the Assigned IP, and Assignor wishes to assign such right, title and interest in and to such Assigned IP to Assignee.

NOW, THEREFORE, in consideration of the mutual representations, warranties and covenants set forth in the Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. Transfer of Assigned IP. Assignor hereby irrevocably sells, transfers, conveys, assigns and delivers to Assignee and its successors and assigns, and Assignee hereby unconditionally accepts: (a) all of Assignor’s right, title and interest in and to the Assigned IP (in each case, together with all goodwill associated therewith and symbolized thereby), (b) all licenses and similar contractual rights or permissions, whether exclusive or nonexclusive, to the extent such licenses, rights or permissions are (i) granted in respect of any of the Assigned IP and (ii) sublicensable or assignable; (c) all royalties, fees, income, payments, and other proceeds now or hereafter due or payable to Assignor with respect to any of the foregoing; (d) all claims, causes of action and enforcement rights, whether currently pending, filed, or otherwise, with respect to the Assigned IP, including all rights to damages, injunctive relief and other remedies for past, current and future infringement of the Assigned IP; and (e) all other rights, privileges, protections or obligations, liabilities and responsibilities of any kind whatsoever of Assignor accruing under any of the foregoing.
2. Proxy Service and Electronic Transfer for Domain Names. Assignor hereby authorizes and requests, or will cause any proxy service that registered any of the assigned domain names on Assignor’s behalf to authorize or request, the applicable registration authority to transfer the assigned domain names from Assignor or such proxy service, as the case may be, to Assignee. Assignor agrees to cooperate with Assignee to initiate and complete the transfer process in relation to the assigned domain names electronically from Assignor’s account to Assignee’s account and servers.
3. Further Assurances. Assignor covenants and agrees that, at any time and from time to time upon the request of Assignee, Assignor shall provide any further necessary documentation and do all

further acts reasonably requested by Assignee to confirm and perfect title in and to the Assigned IP in Assignee, its successors and assigns. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks of the United States Patent and Trademark Office and any other government authority to record and register this Assignment upon request by Assignee.

4. Conflicts. In the event of a conflict between the terms and conditions of this Assignment and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall govern, supersede and prevail. Notwithstanding anything to the contrary in this Assignment, nothing herein is intended to, nor shall it, extend, amplify, or otherwise alter the obligations of the Parties contained in the Purchase Agreement or the survival thereof.
5. Counterparts. This Assignment may be executed in one or more counterparts, each of which shall be considered an original instrument, but all of which shall be considered one and the same agreement, and shall become binding when one or more counterparts have been signed by each of the Parties and delivered to each of the Parties. A signature sent by facsimile transmission or e-mail shall be as binding as delivery of a manually executed copy of this Assignment.
6. Choice of Law. Except to the extent the mandatory provisions of the Bankruptcy Code apply, this Assignment and any Claim or Proceeding that may be based upon, arise out of or relate or be incidental to this Assignment shall be construed and interpreted, and the rights of the Parties shall be determined, in accordance with the Laws of the State of Delaware, without giving effect to any provision thereof that would require or permit the application of the substantive laws of any other jurisdiction.
7. WAIVER OF JURY TRIAL. THE PARTIES HEREBY WAIVE TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT THEY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR IN CONNECTION WITH THIS ASSIGNMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY).
8. Entire Agreement. This Assignment, the Purchase Agreement, and each additional agreement and document referred to herein and therein constitute the entire agreement among the Parties pertaining to the subject matter hereof and supersede all prior agreements, understandings, negotiations, and discussions, whether oral or written, of the Parties.
9. Successors. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective heirs, legal representatives, successors and assigns.
10. Severability. The invalidity or unenforceability of any provision of this Assignment shall not affect the validity or enforceability of any other provisions of this Assignment. In the event that any of the provisions of this Assignment shall be held by a court or other tribunal of competent jurisdiction to be illegal, invalid or unenforceable, such provisions shall be limited or eliminated only to the minimum extent necessary so that this Assignment shall otherwise remain in full force and effect.

The remainder of this page is intentionally left blank.

IN WITNESS WHEREOF, this Assignment has been duly executed and delivered by the duly authorized officers of the Parties as of the date first above written.
