(d) all goodwill of the business connected with the use of, and symbolized by, each Trademark;

(e) all income, royalties, payments and proceeds of the foregoing now and hereafter due or payable, including payments under all licenses entered into in connection with the Trademarks; and

(f) the right to sue and recover damages and payments for past, present or future infringement or dilution of any Trademark or any Trademark licensed under any license agreement.

3. **LOAN AGREEMENT.** The security interests granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interests granted to the Agent, on behalf of the

Secured Parties, pursuant to the Loan Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. **GRANTORS REMAIN LIABLE.** Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with any Trademark Collateral subject to a security interest hereunder.

5. **AUTHORIZATION TO SUPPLEMENT.** If any Grantor shall obtain rights to any new Trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Each Grantor hereby authorizes the Agent unilaterally to modify this Agreement by amending Schedule I to include any such new Trademark rights of such Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from the Secured Parties' continuing security interest in all Collateral, whether or not listed on Schedule I.

6. **TERMINATION.** Upon the Full Payment of the Obligations, the Agent shall, upon the written request of the Grantors and at the sole cost and expense of the Grantors, execute, acknowledge, and deliver to the Grantors an instrument in writing in recordable form releasing the collateral pledge, grant, assignment, lien and security interest under this Trademark Security Agreement.

7. **COUNTERPARTS.** This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart. The provisions of Section 14.8 (Electronic Execution; Electronic Records; Counterparts) of the Loan Agreement apply to this Trademark Security Agreement, and such provisions are hereby incorporated as if set forth herein, mutatis mutandis.

8. **GOVERNING LAW.** This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York, without giving effect to any conflict of law principles (but giving effect to Federal laws relating to national banks).

9. **INTERCREDITOR AGREEMENTS GOVERN.** Notwithstanding anything herein to the contrary, the Lien and security interest granted to the Agent pursuant to this Trademark Security Agreement and the exercise of any right or remedy in respect of the Trademark Collateral by the Agent (or any Secured Party) hereunder are subject to the provisions of the Intercreditor Agreement and any other applicable intercreditor agreement. In the event of any conflict between the terms of Intercreditor Agreement or any other applicable intercreditor agreement and this Trademark Security Agreement, the terms of the Intercreditor Agreement or such other applicable intercreditor agreement, as applicable, shall govern and control.
