**ACCEPTANCE OF INTELLECTUAL PROPERTY AS SATISFACTION OF
OBLIGATION**

This ACCEPTANCE OF INTELLECTUAL PROPERTY AS SATISFACTION OF OBLIGATION (the “**Acceptance**”) is made as of March 31, 2023 (“**Effective Date**”), by CLARET EUROPEAN SPECIALTY LENDING COMPANY III, S.A R.L., a Luxembourg private liability company (“**Secured Party**” and “**Assignee**”), from BRYDGE TECHNOLOGIES LLC, a Utah limited liability company (“**Assignor**”) (collectively, the “**Parties**”).

WHEREAS, Assignor is the owner of all right, title, and interest in and to all patents and patent applications listed in the attached Schedule A (the “**Patents**”), and all right, title, interest, and goodwill associated therewith in and to all trademarks and trademark applications listed in the attached Schedule B (the “**Trademarks**” and, together with the Patents, the “**Collateral**”), each of which are incorporated by reference into this Assignment;

WHEREAS, Assignor granted Assignee a security interest in the Collateral pursuant to that certain Financing and Security Agreement entered into between the Parties as of May 19, 2021 (the “**Financing Agreement**”) and Intellectual Property Security Agreement, as specified by the Financing Agreement, entered into between the Parties as of May 19, 2021, attached hereto as Schedule C (the “**IP Security Agreement**”); and

WHEREAS, Assignee accepted the Collateral from Assignor in full satisfaction of Assignor’s outstanding indebtedness and Assignor unconditionally and irrevocably consented to Assignee’s acceptance of the Collateral pursuant to that certain Consent to Strict Foreclosure between the Parties as of March 31, 2023, including the original endorsement by Assignee, and which makes reference to the Financing Agreement, attached hereto as Schedule D (the “**Consent to Strict Foreclosure**”).

NOW THEREFOR, the Parties wish to memorialize Assignee’s acceptance of the Collateral, including all right, title, interest and goodwill in, to, and under the Patents and Trademarks, including (i) all rights of any kind whatsoever accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world, and (ii) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past,

present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

Assignee hereby verifies that the Collateral has been legally foreclosed on based upon New York State law and hereby requests the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to record Assignee as the owner of all such Patents and Trademarks and issue all related documents to Assignee, as assignee of the Collateral, for the sole use of Assignee, its successors, legal representatives, and assigns, in accordance with the terms of this instrument.

Claret European Specialty Lending Company III, S.A R.L.

SCHEDULE C

IP Security Agreement

INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (“Agreement”) is entered into as of the Closing Date by and between CLARET EUROPEAN SPECIALTY LENDING COMPANY III, S.A R.L., its successors and assigns (“Lender”) and BRYDGE TECHNOLOGIES LLC, a Utah limited liability company (“Grantor”).

RECITALS

A. Lender has agreed to make certain advances of money and to extend certain financial accommodation to Grantor (the “Loans”) in the amounts and manner set forth in that certain Financing and Security Agreement by and between Lender and Grantor dated the Closing Date (as the same may be amended, modified or supplemented from time to time, the “Loan Agreement”; capitalized terms used herein are used as defined in the Loan Agreement). Lender is willing to make the Loans to Grantor, but only upon the condition, among others, that Grantor shall grant to Lender a security interest in certain Copyrights, Trademarks, Patents, and Mask Works (as each term is described below) to secure the obligations of Grantor under the Loan Agreement.

B. Pursuant to the terms of the Loan Agreement, Grantor has granted to Lender a security interest in all of Grantor’s right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Loan Agreement, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

1. Grant of Security Interest. To secure its obligations under the Loan Agreement, Grantor grants and pledges to Lender a security interest in all of Grantor’s right, title and interest in, to and under its intellectual property (all of which shall collectively be called the “Intellectual Property Collateral”), including, without limitation, the following:

(a) Any and all copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, now or hereafter existing, created, acquired or held, including without limitation those set forth on Exhibit A attached hereto (collectively, the “Copyrights”);

(b) Any and all trade secrets, and any and all intellectual property rights in computer software and computer software products now or hereafter existing, created, acquired or held;

(c) Any and all design rights that may be available to Grantor now or hereafter existing, created, acquired or held;

(d) All patents, patent applications and like protections including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same, including without limitation the patents and patent applications set forth on Exhibit B attached hereto and any patents and patent applications claiming the priority benefit of the patents and patent applications set forth on Exhibit B attached hereto (collectively, the "Patents");

(e) Any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Exhibit C attached hereto (collectively, the "Trademarks");

(f) All mask works or similar rights available for the protection of semiconductor chips, now owned or hereafter acquired, including, without limitation those set forth on Exhibit D attached hereto (collectively, the "Mask Works");

(g) Any and all claims for damages by way of past, present and future infringements of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;

(h) All licenses or other rights to use any of the Copyrights, Patents, Trademarks, or Mask Works and all license fees and royalties arising from such use to the extent permitted by such license or rights;

(i) All amendments, extensions, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(j) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.

2. Recordation. Grantor authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other government officials to record and register this Agreement upon request by Lender.

3. Authorization. Grantor hereby authorizes Lender to (a) modify this Agreement unilaterally by amending the exhibits to this Agreement to include any Intellectual Property Collateral which Grantor obtains subsequent to the date of this Agreement, and (b) file a duplicate original of this Agreement containing amended exhibits reflecting such new Intellectual Property Collateral.

4. Loan Documents. This Agreement has been entered into pursuant to and in conjunction with the Loan Agreement, which is hereby incorporated by reference. The provisions of the Loan Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of Lender with respect to the Intellectual Property Collateral are as provided by the Loan Agreement and related documents, and nothing in this Agreement shall be deemed to limit such rights and remedies.

5. Execution in Counterparts. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or in electronic (i.e., “pdf” or “tif” format) shall be effective as delivery of a manually executed counterpart of this Agreement.

6. Successors and Assigns. This Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns.

7. Governing Law. This Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction).

[Signature page follows.]

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be duly executed by its officers thereunto duly authorized as of the first date written above.

SCHEDULE D

Consent to Strict Foreclosure

CONSENT TO STRICT FORECLOSURE

WHEREAS, the defined terms included in the Notice of Strict Foreclosure (the “Notice”), dated as of March 31, 2023, delivered by CLARET EUROPEAN SPECIALTY LENDING COMPANY III, S.A R.L., a Luxembourg private limited liability company (the “Lender”) to BRYDGE TECHNOLOGIES LLC, a Utah limited liability company (the “Debtor”) and all other lienholders of record in the Secretary of State for the State of Utah, are hereby incorporated into this Consent to Strict Foreclosure (the “Consent”) by reference;

WHEREAS, the undersigned Debtor is party to the Financing and Security Agreement, dated as of May 19, 2021, (as amended, supplemented, restated, or otherwise modified from time to time, the “Financing Agreement”), under which € 9,971,680.34 of Indebtedness is outstanding and immediately due and payable to the Lender by the Debtor;

WHEREAS, the Collateral secures the Indebtedness owed by the Debtor to the Lender; and

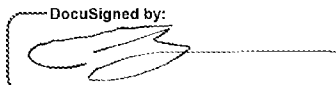

WHEREAS, pursuant to NY UCC §§ 9-620, *et seq.*, the Lender proposes to accept the Collateral from the Debtor in full satisfaction of the Indebtedness (the “Acceptance”);

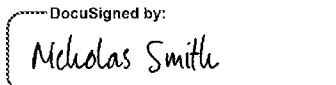

NOW, THEREFORE, the Debtor hereby unconditionally and irrevocably consents to the Acceptance.

IN WITNESS WHEREOF, the Debtor has caused this Consent to be duly executed and delivered as of the date indicated below.

DEBTOR:

BRYDGE TECHNOLOGIES LLC
