## ASSIGNMENT OF INTELLECTUAL PROPERTY

This Assignment of Intellectual Property (this "*Assignment*") is entered into as of December 31, 2015 at 6:56 p.m. EST. by and among A.P. Green Industries Inc., a Delaware corporation ("*Assignor*"), and A.P. Green Refractories, Inc., a Delaware corporation ("*Assignee*").

WHEREAS, the parties have entered into that certain Contribution Agreement by and between Assignor and Assignee, dated as of December 31, 2015 (the "*Contribution Agreement*"), pursuant to which Assignor will contribute certain assets (including the intellectual property assigned hereunder (the "*Contributed Intellectual Property*")) to Assignee in connection with the Legal Entity Rationalization Plan adopted by the Board of Directors of HarbisonWalker International, Inc. ("*Parent*") on December 15, 2015 (the "*Plan*"), pursuant to which, through a series of intercompany transactions among Parent and its affiliates (Parent and its affiliates are collectively referred to herein as the "*Affiliate Group*"), the Affiliate Group's active business operations will be consolidated in one member of such group, Assignee;

WHEREAS, to facilitate the consolidation of the Affiliate Group's active business operations in Assignee pursuant to the Plan, and on the terms and subject to the conditions set forth in that certain Contribution Agreement by and between Parent and Global Industrial Technologies Services Company ("*GIT Services*") dated as of December 31, 2015 with an effective time of 6:54 p.m. (the "*Parent Contribution Agreement*"), Parent has assigned to GIT Services all of Parent's right, title and interest in and too any and all intellectual property held by Parent immediately prior to the start of implementation of the Plan (5:00 p.m., December 31, 2015), such that all assets (including intellectual property) acquired by Parent as a result of the transactions contemplated under the Plan prior to the transactions executed under the Contribution Agreement (the "*Excluded Intellectual Property*") have remained with Parent, and therefore necessarily, shall not be assigned by Assignor to Assignee under this Assignment; and

WHEREAS, to facilitate the consolidation of the Affiliate Group's active business operations in Assignee pursuant to the Plan, and pursuant to that certain Contribution Agreement by and between Assignor and GIT Services dated as of December 31, 2015, with an effective time of 6:55 p.m. (the "*GIT Services Contribution Agreement*"), GIT Services has transferred to Assignor all of GIT Services' right, title and interest in and to certain assets, necessarily excluding the Excluded Intellectual Property, which remained with Parent;

WHEREAS, prior to 6:54 p.m. EST on December 31, 2015 Assignor had owned certain intellectual property assets independent of the transactions executed pursuant to the Plan, which Assignor desires to assign to Assignee in order to facilitate the consolidation of the Affiliate Group's active business operations in Assignee;

WHEREAS, Assignor desires to assign the Contributed Intellectual Property (but excluding the Excluded Intellectual Property) to Assignee, including, but not limited to, (i) the inventions, patent applications and patents described in Schedule A attached hereto, and all patents issuing thereon (the "*Patent Properties*"), all of which were owned by Assignor prior to the Plan, and (ii) the trademarks and trademark registrations described in Schedule B attached hereto, along with any and all goodwill associated with such trademarks (the "*Trademark*

GIT Services or Assignor including all common law rights (collectively, the "*Inventions*") the same to be held by Assignee for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, designees, nominees and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with (i) all causes of action (in law or equity), claims, demands and any other rights for, or arising from, any past, present or future infringement, of the Inventions, and (ii) the right to sue for and collect any damages for the use and benefit of Assignee and Assignee's successors, assigns, designees, nominees and other legal representatives.

4. Assignor does hereby transfer, convey, assign, grant, set over and deliver to Assignee, and Assignee hereby accepts, (i) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, (ii) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; (iii) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

5. Further Assurances. As may be requested by Assignee or its designee or other legal representatives from time to time after the date hereof, Assignor agrees to assist Assignee, or Assignee's successors, assigns, designees, nominees or other legal representatives, in a commercially reasonable manner, without further consideration, to (i) confirm, translate, record and perfect the assignment of the Marks, Copyrights and/or Inventions and (ii) secure Assignee's rights in the Marks, Copyrights and/or Inventions, including, the execution and delivery of all applications, oaths, declarations, assignments, powers-of-attorney, and similar instruments that Assignee deems necessary with respect thereto.
