INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Assignment") is made and effective as of March 21, 2023 by and between COHERENT Switzerland AG (f/k/a Rofin-Lasag AG), a Switzerland corporation ("Assignor"), and II-VI Delaware Inc., a Delaware corporation ("Assignee"). Assignor and Assignee are sometimes individually referred to as a "Party" and, collectively, as the "Parties."

- A. Assignor has adopted and used the trademarks identified in the schedules attached hereto, for which Assignor owns federal applications and registrations in the United States Patent and Trademark office and other trademark offices around the world (the "Intellectual Property");
- B. Assignee desires to acquire Assignor's entire right, title, and interest in and to the Intellectual Property, together with the associated goodwill;
- C. The parties wish to execute this Assignment for purposes of evidencing the transfer of the Intellectual Property and to allow Assignee to file this Assignment with the United States Patent and Trademark Office and other foreign trademark and patent offices; and
- D. Assignor hereby acknowledges and agrees that from and after the date hereof, Assignee shall be the exclusive owner of all of Assignor's right, title, and interest in and to the Intellectual Property.

In consideration of the mutual covenants and agreements set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows.

1. Assignment. Assignor hereby irrevocably and unconditionally conveys, transfers, and assigns to Assignee all of Assignor's right, title, and interest in and to the Intellectual Property, and the goodwill and all rights associated therewith, and all other corresponding rights that are or may be secured under the laws of the United States and any other jurisdiction. Assignor and Assignee shall execute and deliver such instruments and take such other actions as may reasonably be required to carry out the intent of this Assignment and to evidence and effectuate the transactions contemplated herein.
2. Recordation. Assignor authorizes the United States Patent and Trademark Office, and any official of any country or countries foreign to the United States whose duty it is to receive or register Intellectual Property or applications therefor, to record Assignee as the owner of the Intellectual Property and to issue all registrations for the Intellectual Property in the name of Assignee. Assignor shall, at Assignee's reasonable expense, execute and deliver such instruments and take such other actions as may reasonably be required in order to carry out the intent of this Assignment and to evidence and effectuate the transactions contemplated herein.
3. General. This Assignment may not be amended except by execution and delivery of an instrument in writing signed by officers of Assignor and Assignee on behalf of Assignor and Assignee. This Assignment and the obligations hereunder are not intended to confer any rights or remedies to any third party and are not intended to operate, in anyway, as an agreement for the benefit of any third party. This Assignment shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. This Assignment may be executed in facsimile or other electronic means and in any number of counterparts, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.

[Signature Page Follows]

IN WITNESS WHEREOF, the undersigned have caused this Assignment to be executed, as of the date first written above.
