TRADEMARK ASSIGNMENT AGREEMENT

THIS TRADEMARK ASSIGNMENT AGREEMENT (this “*Agreement*”) is made and entered into as of October 17, 2022 (the “*Effective Date*”), by and between (i) NewAge, Inc., a Delaware corporation (the “*Company*”), ARIIX LLC, a Utah limited liability company (“*ARIIX*”), and Morinda, Inc., a Utah corporation (“*Morinda*” and together with the Company and ARIIX, the “*Assignors*”); and (ii) EYWA LLC, a Puerto Rico limited liability company (the “*Assignee*” and together with Assignors, the “*Parties*” and each a “*Party*”).

WHEREAS, DIP Financing, LLC, a Wyoming limited liability company (“*Buyer*”), and Assignors are parties to that certain Asset Purchase Agreement, dated as of August 30, 2022 (as amended from time to time, the “*Purchase Agreement*”), whereby Assignors have agreed to sell, assign, transfer, convey and deliver to Buyer, the Acquired Assets, all on the terms and conditions set forth in the Purchase Agreement;

WHEREAS, pursuant to that certain First Amendment to Asset Purchase Agreement dated October 12, 2022 (the “*First Amendment*”), by and among Buyer, Assignors and Assignee, Buyer has designated Assignee to take title to the Acquired Assets and Assumed Liabilities on behalf of Buyer at the Closing;

WHEREAS, Assignors own all right, title and interest in and to certain trademarks and trademark applications and registrations, including, but not limited to, those identified and set forth on Schedule A attached hereto, and all goodwill associated therewith; provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule A hereto, the transfer of such applications accompanies, pursuant to the Purchase Agreement (hereinafter defined), the transfer of Assignors’ businesses, or that portion of the businesses to which the trademarks pertain, and those businesses are ongoing and existing (hereinafter referred to collectively as the “*Marks*”);

WHEREAS, pursuant the Purchase Agreement, Assignors shall sell, transfer, assign and set over unto Assignee, and Assignee shall accept, all right, title and interest in and to the Marks; and

WHEREAS, Assignors desire to assign and transfer to Assignee, and Assignee desires to accept such assignment and acquire from Assignors, all of Assignors’ worldwide right, title and interest in and to the Marks, subject to the terms and conditions set forth herein and in the Purchase Agreement.

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants and agreements contained herein and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, mutually agree as follows:

AGREEMENT

1. Defined Terms. Capitalized terms used herein, but not otherwise defined herein, shall have the respective meanings ascribed thereto in the Purchase Agreement.

2. Assignment.

a) Assignors hereby irrevocably sell, transfer, grant, assign, set over and convey to Assignee, free and clear of any and all liens and encumbrances, Assignors’ entire right, title and interest in, to and under the Marks, for the United States and for all foreign countries and multi-national registration bodies, including, without limitation, all registrations and applications therefor, all renewals and extensions of the registrations and all corresponding rights that are or may be secured under the laws of the United

States or any foreign country, now or hereafter arising or in effect, and every priority right that is or may be predicated upon or arise from the Marks, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors if this Agreement had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation, unfair competition, dilution or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto throughout the world.

b) Assignors hereby authorize and request the Commissioner for Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee and owner of the Marks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Agreement.

c) Following the date hereof, upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignors shall provide Assignee, its successors and assigns, and their legal representatives such information, documents and assistance as Assignee or any such other person or entity may reasonably request (including, without limitation, execution and delivery of any affidavits, declarations, oaths or other documents as may reasonably be required) in connection with effectuating and implementing this Agreement. Assignors will, upon Assignee's request, provide or instruct their attorneys and other representatives to provide to Assignee all files and complete docket reports and data relating to the Marks and contact information for foreign or other counsel representing Assignors in connection with the Marks.

3. Conflict. The assignment of the Marks made hereunder is made in accordance with and subject to the Purchase Agreement, which is incorporated herein by reference. In the event of any conflict between the terms and conditions of this Agreement and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall govern, supersede and prevail.

4. Notices. Any notice, request or other document to be given hereunder to any party shall be given in the manner specified in Section 10.3 of the Purchase Agreement.

5. Severability. Any provision hereof that is held to be invalid, illegal or unenforceable in any respect by a court of competent jurisdiction shall be ineffective only to the extent of such invalidity, illegality or unenforceability, without affecting in any way the remaining provisions hereof; provided, however, that the Parties will attempt in good faith to reform this Agreement in a manner consistent with the intent of any such ineffective provision for the purpose of carrying out such intent.

6. Amendments. This Agreement may not be amended or modified except by an instrument in writing signed by or on behalf of Assignors and Assignee.

7. Further Assurances. Each Party shall cooperate with the other, and execute and deliver, or use its commercially-reasonable best efforts to cause to be executed and delivered, all such other instruments, including instruments of conveyance, assignment and transfer, and take all such other actions as such Party may reasonably be requested to take by the other Party from time to time, consistent with the terms of this Agreement, in order to effectuate the provisions and purposes of this Agreement and the transactions contemplated hereby.

8. Counterparts. This Agreement may be executed in any number of counterparts, and by any Party on separate counterparts, each of which as so executed and delivered shall be deemed an original, but

all of which together shall constitute one and the same instrument, and it shall not be necessary in making proof of this Agreement as to any Party to produce or account for more than one such counterpart executed and delivered by such Party. Counterparts may be executed either in original or by electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, e.g., www.docusign.com), and the Parties adopt any signatures received by electronic mail as original signatures of the Parties.

9. Governing Law. This Agreement, and any disputes arising hereunder or controversies related hereto, shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its principles of choice of law.

10. Binding Effect. This Agreement will be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

11. No Third Party Beneficiary. This Agreement is intended solely for the benefit of the Parties and their successors and assigns, and it is not the intention of the Parties to confer third party beneficiary rights upon any other person or entity not a party to this Agreement.

12. Entire Agreement. This Agreement and the Purchase Agreement embody the entire agreement and understanding of the Parties in respect of the transactions contemplated hereby and supersede all prior agreements and understandings between the Parties with respect thereto.
