INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment (this “**Assignment**”) dated as of this 31st day of March, 2023, is entered into by and among Nova Wildcat Shur-Line Holdings, Inc., a Delaware corporation (“**Seller**”), each of the subsidiaries of Seller set forth on the signature pages hereto (the “**Seller Subsidiaries**” and together with Seller, each, an “**Assignor**”, and collectively, the “**Assignors**”), and True Value Company, L.L.C., a Delaware limited liability company, (the “**Assignee**”). Assignors and Assignee are each sometimes referred to herein individually as a “**Party**” and collectively as the “**Parties.**”

RECITALS

WHEREAS, the Assignors and H2 Acquisition, LLC (as assignee of Gordon Brothers Commercial & Industrial, LLC, on behalf of its contractual joint venture with Nations Capital, Inc., the “**Buyer**”) are parties to that certain Asset Purchase Agreement, dated as of March 7, 2023 (as amended from time to time in accordance with its terms, the “**Purchase Agreement**”), pursuant to which, among other things, Assignors desire to sell, assign, transfer, convey and deliver to Buyer (as defined below), and Buyer (or its respective assignees) desires to purchase and assume from Assignor, the Acquired Assets and the Assumed Liabilities;

WHEREAS, pursuant to Section 13.2 of the Purchase Agreement, the Buyer and Assignee are parties to that certain Designated Buyer Agreement, dated as of March 7, 2023, wherein the Buyer assigned to Assignee the right to acquire the Designated Assets (as defined in that certain Assignment and Assumption Agreement, dated as of the date hereof, by and between the Assignors and Assignee (the “**Partner Assignment Agreement**”)) and the obligation to assume the Designated Liabilities (as defined in the Partner Assignment Agreement); and

WHEREAS, this Assignment is being executed and delivered by the Parties in connection with the consummation of the transactions contemplated by the Purchase Agreement.

NOW, THEREFORE, IT IS AGREED THAT:

1. Assignment. Each Assignor shall and hereby does irrevocably assign, convey and transfer to Assignee all of Assignor’s right, title and interest in all of the Intellectual Property that constitutes a Designated Asset (as defined in the Designated Buyer Agreement) including as set forth on Schedule 1 hereto (collectively, the “**Designated Intellectual Property**”).

2. Maintenance, Prosecution, and Enforcement. After the closing of the transactions contemplated under the Purchase Agreement and subject to Section 7.5 of the Purchase Agreement, Assignee shall be solely responsible for maintaining and prosecuting and enforcing any registrations of the Acquired Intellectual Property, including recordation, filing and prosecution of all necessary applications, and the payment of all necessary fees due as a result of events, occurrences or omissions arising on or after the Closing Date and relating to the Acquired Intellectual Property that constitutes registered Intellectual Property.

3. Successors and Assigns. This Assignment shall be binding on the Parties and their successors and assigns.

4. Terms of Purchase Agreement. Nothing contained in this Assignment shall be deemed to modify, limit, expand, supersede, or amend any rights or obligations of Assignors or Assignee under the Purchase Agreement. Assignee acknowledges that Assignors make no representation or warranty with respect to the assets being conveyed hereby except as specifically set forth in the Purchase Agreement. To the extent any conflict or inconsistency arises between any of the terms and provisions of this Assignment and the Purchase Agreement, the terms and provisions of the Purchase Agreement shall govern and control.

5. Further Assurances. The Assignee and Seller Parties shall execute and deliver such further instruments and take such other action as may be necessary or advisable or is reasonably requested by the other party to make effective the transactions contemplated hereby.

6. Severability. If any term or provision of this Assignment is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Assignment or invalidate or render unenforceable such term or provision in any other jurisdiction.

7. Entire Agreement; Amendment. The Purchase Agreement (including the schedules thereto), the Sale Order, and this Assignment constitute the Parties' entire agreement with respect to the subject matter hereof and supersede all prior or contemporaneous negotiations, communications, discussions and correspondence concerning such subject matter. This Assignment may be amended or modified only with the prior written consent of the Parties.

8. Headings. The section headings hereof have been inserted for convenience of reference only and shall not be construed to affect the meaning, construction or effect of this Assignment.

9. Counterparts. This Assignment may be executed in counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same agreement. If any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format date file, such signature shall create a valid and binding obligation of the executing Party (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

10. Governing Law; Dispute Resolution. Section 13.3 and Section 13.4 of the Purchase Agreement are incorporated herein.
