SHORT FORM
INTELLECTUAL PROPERTY SECURITY AGREEMENT

This SHORT FORM INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”) dated July 19, 2023, is made by the Persons listed on the signature pages hereof (collectively, the “Grantors”) in favor of WELLS FARGO BANK, NATIONAL ASSOCIATION (“Wells Fargo”), as Collateral Agent (the “Collateral Agent”) for the Secured Parties. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement and the Security Agreement referred to herein.

WHEREAS, NEW HWL HOLDINGS, LLC, a Delaware limited liability company (“Holdings”), QUOIZEL, LLC, a New York limited liability company (“Borrower”), the other Guarantors party thereto, Wells Fargo, as administrative agent (in such capacity, and together with its successors and permitted assigns, the “Administrative Agent”) and the Collateral Agent, and each lender from time to time party thereto (collectively, the “Lenders” and, each individually, a “Lender”) have entered into that certain First Lien Term Loan Credit Agreement dated as of the date hereof (the “Closing Date”) (as amended, restated, amended and restated, extended, supplemented or otherwise modified from time to time, the “Credit Agreement”), pursuant to which the Lenders have severally agreed to make Loans to the Borrower upon the terms and subject to the conditions therein.

WHEREAS, in connection with the Credit Agreement, the Grantors have entered into the First Lien Security Agreement dated as of the Closing Date (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”) in order to induce the Lenders to make Loans.

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the United States Patent and Trademark Office and United States Copyright Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor hereby mortgages and pledges to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, and hereby grants to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in all of such Grantor’s right, title and interest in and to the following (the “Senior Collateral”):

(a) the issued Patents and pending applications for Patents (as defined in the Security Agreement) in the United States Patent and Trademark Office set forth in Schedule A hereto, together with (i) all reissues, continuations, divisionals, continuations-in-part, renewals,

reexaminations, and extensions thereof, and the inventions claimed therein, (ii) all rights to sue or otherwise recover for past, present and future infringements or other violations thereof, (iii) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages, proceeds of suit and other payments now or hereafter due and/or payable with respect thereto, and (iv) all other rights accruing thereunder or pertaining thereto throughout the world;

(b) the registered Trademarks (as defined in the Security Agreement) and Trademarks for which applications are pending in the United States Patent and Trademark Office set forth in Schedule A hereto, together with (i) all renewals thereof, (ii) all goodwill associated therewith or symbolized thereby, (iii) all rights to sue or otherwise recover for past, present and future infringements, dilutions or other violations thereof, (iv) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages, proceeds of suit and other payments now or hereafter due and/or payable with respect thereto, and (v) all other rights accruing thereunder or pertaining thereto throughout the world (but excluding any intent-to-use trademark application in the United States prior to the filing of a "Statement of Use" or "Amendment to Allege Use" with respect thereto with the United States Patent and Trademark Office); and

(c) the registered Copyrights (as defined in the Security Agreement) in the United States Copyright Office set forth in Schedule A hereto, together with (i) all extensions, renewals, and restorations thereof, (ii) all rights to sue or otherwise recover for past, present and future infringements and other violations thereof, (iii) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages, proceeds of suit and other payments now or hereafter due and/or payable with respect thereto, and (iv) all other rights accruing thereunder or pertaining thereto throughout the world.

SECTION 2. Security for Obligations. The grant of a security interest in the Senior Collateral by each Grantor under this IP Security Agreement secures the payment of all Obligations of such Grantor now or hereafter existing under or in respect of the Loan Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations and that would be owed by such Grantor to any Secured Party under the Loan Documents but for the fact that such Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

SECTION 3. Recordation. This IP Security Agreement has been executed and delivered by the Grantors for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and United States Copyright Office. Each Grantor authorizes and requests that the Register of Copyrights and Commissioner for Patents and the Commissioner for Trademarks record this IP Security Agreement. The Grantor shall take all steps necessary to ensure that the author and claimant of the application listed on Schedule A hereto are completely correct in the records of the United States Patent and Trademark Office and United States Copyright Office.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This IP Security Agreement shall become effective when the Collateral Agent shall have received a counterpart of this IP Security Agreement that bears the signature of the Grantors, and the Collateral Agent has executed a counterpart hereof. Delivery of an executed signature page to this IP Security Agreement by facsimile or other electronic imaging (including in .pdf format) shall be as effective as delivery of a manually signed counterpart of this IP Security Agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Senior Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 6. Governing Law. THIS IP SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF ANY LAW OTHER THAN THE LAW OF THE STATE OF NEW YORK.

SECTION 7. Severability. If any provision of this IP Security Agreement is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this IP Security Agreement shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 8. Intercreditor Agreement. Notwithstanding any provision to the contrary contained herein, the terms of this IP Security Agreement, the Liens created under the Security Agreement, and the rights and remedies of the Collateral Agent hereunder are subject to the terms of each applicable Intercreditor Agreement. In the event of any conflict or inconsistency between the terms of this IP Security Agreement and an Intercreditor Agreement, the terms of that Intercreditor Agreement shall govern.

[Signature Pages Follow]

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officers thereunto duly authorized as of the date first above written.
