2. Grant of Security Interest in Intellectual Property. In order to secure the complete, due and punctual payment and performance of all of the Obligations of Grantor to Grantee, Grantor hereby grants and conveys to Grantee as collateral security, a continuing security interest in all of Grantor’s entire right, title and interest in and to intellectual property rights now owned or existing and hereafter acquired or arising in the following assets (all of which being hereinafter referred to as the “Intellectual Property Collateral”):

(d) the entire goodwill of Grantor’s business connected with the use of and symbolized by the Trademarks;

(e) all Patents of the Grantor including, without limitation, the patents listed on Schedule D hereto; and

(f) all Trade Secrets & Proprietary Information of the Grantor;

provided, however, that nothing hereunder constitutes or shall be deemed to constitute the grant of a security interest in favor of the Grantee with respect to any Intellectual Property Collateral to the extent prohibited by applicable law.

3. Representations and Warranties: New Intellectual Property.

(a) Grantor represents and warrants that it has the full right and power to grant the security interests provided for in this Agreement (subject to the exceptions contained herein) in the Trademarks, Patents, Copyrights, Trade Secrets & Proprietary Information, and Licenses made hereby; that it has made no previous assignment, transfer or agreements in conflict herewith or constituting an assignment of, a transfer of or an encumbrance on any of the Trademarks, Copyrights, Patents, Trade Secrets & Proprietary Information and Licenses. Grantor further represents and warrants that (i) Schedules A, B, C and D, respectively, list all Trademarks, Copyrights, Licenses, and Patents owned or used by Grantor and /or which are material to any portion of its business or any of Grantor's subsidiaries or affiliates, (ii) the Intellectual Property Collateral does not infringe upon any rights owned or possessed by any entity not a party to this Agreement and, (iii) that it has delivered copies of all Licenses owned or used by Grantor or any of Grantor's subsidiaries or affiliates.

(b) In the event, prior to the time the Obligations of Grantor to the Grantee have been indefeasibly paid in full, Grantor shall (i) obtain any rights to or interests in any new inventions, whether or not patentable, or trademarks, trade names, domain names, service marks, and applications therefor, or licenses, or (ii) become entitled to the benefit of any trademark application, trademark, trademark registration or license renewal, the provisions of this Agreement shall automatically apply thereto and anything enumerated in clauses (i) or (ii) shall constitute Intellectual Property Collateral. Grantor shall give to the Grantee prompt written notice thereof. Grantor agrees, promptly following the written request by the Grantee, to amend this Agreement by amending any or all of Schedules A, B, C and D, as applicable, to include any such future trademarks, trademark registrations, trademark applications, trade names, domain names, service marks, trade secrets, patents, syndication rights, franchises and licenses which would be Intellectual Property Collateral.

4. Rights and Remedies: Application of Monies.

(a) Upon the occurrence and during the continuation of an event of default of any or all of Grantor's Obligations to the Grantee (an "Event of Default"), the Grantee may, to the fullest extent permitted by applicable law and without advertisement, hearing or process of law of any kind, (i) exercise any and all rights as beneficial and legal owner of the Intellectual Property Collateral, including, without limitation, any and all consensual rights and powers with respect to the Intellectual Property Collateral and (ii) sell or assign or grant a license or franchise to use, or cause to be sold or assigned or grant a license or franchise to use any or all of the Intellectual Property Collateral, in each case, free of all rights and claims of Grantor therein and thereto. Upon the occurrence and during the continuation of an Event of Default of any or all of Grantor's Obligations to the Grantee, the Grantee may (i) sell or assign the Intellectual Property Collateral, or any part thereof, for cash or upon credit as the Grantee may deem appropriate or (ii) grant licenses or franchises or both to use the Intellectual Property Collateral on such terms and conditions that the Grantee shall determine. In connection

therewith, the Grantee shall have the right to impose such limitations and restrictions on the sale or assignment of the Intellectual Property Collateral as the Grantee may deem to be necessary or appropriate to comply with any law, rule or regulation (federal, state or local) having applicability to any such sale and requirements for any necessary governmental approvals.

(b) Except as provided in this Section 4, Grantor hereby expressly waives, to the fullest extent permitted by applicable law, any and all notices, advertisements, hearings or process of law in connection with the exercise by the Grantee of any of its rights and remedies hereunder. The Grantee shall not be liable to any person for any incorrect or improper payment made pursuant to this Section 4, in the absence of willful misconduct.

(c) Notwithstanding any provisions of this Agreement to the contrary, if, after giving effect to any sale, transfer, assignment or other disposition of any or all of the Intellectual Property Collateral pursuant hereto and after the application of the proceeds hereunder to the Obligations of Grantor to the Grantee, any said Obligations remain unpaid or unsatisfied, Grantor shall remain liable for the unpaid and unsatisfied amount of such remaining Obligations.

(d) This Agreement is made to provide for and secure repayment of the Obligations of Grantor to the Grantee.

5. Termination of Security Interest. This Agreement and the security interests created or granted hereby or thereby, shall terminate when the later of the following shall have occurred: (a) the date that all of the Obligations of Grantor to the Grantee shall have been fully and indefeasibly paid and satisfied and (b) the date as of which Grantee agrees in writing to the termination of this Agreement. After such termination, the Grantee (without recourse upon, or any warranty whatsoever by, the Grantee), shall execute and deliver to Grantor for filing in each office in which any security agreement, notice or other filing, or any part thereof, shall have been filed, an instrument releasing the Grantee's security interest in the Intellectual Property Collateral, and such other documents and instruments to terminate any security interest of the Grantee granted hereby as the Grantor may reasonably request, all without recourse upon, or warranty whatsoever by, the Grantee (except that the same shall be free and clear of any claims, liens or encumbrances created by or in respect of the Grantee) and all at the cost and expense of Grantor.

6. Use and Protection of Intellectual Property Collateral. Notwithstanding anything to the contrary contained herein, unless an Event of Default has occurred and is continuing, Grantor may continue to exploit, license, franchise, use, enjoy and protect (whether in the United States of America or any foreign jurisdiction) the Intellectual Property Collateral in the ordinary course of business and the Grantee shall from time to time execute and deliver, upon written request of Grantor and at Grantor's sole cost and expense, any and all instruments, certificates or other documents, in the form so requested, necessary or appropriate in the judgment of Grantor to enable Grantor to do so.

7. Duties of Grantor. Grantor shall have the duty to preserve and maintain all rights in the Intellectual Property Collateral in respect of which a failure to be able to continue to use the same would have a material adverse effect on the ownership, operation or maintenance

of its business and operations, in a manner substantially consistent with its present practices and shall take all action reasonably requested by the Grantee to register, record and/or perfect the Grantee's right hereunder.

8. The Grantee's Right to Sue. Whenever Grantor shall have defaulted in any or all of its Obligations to the Grantee, the Grantee shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce the Trademarks, Copyrights, Patents, Trade Secrets & Proprietary Information, and Licenses, and, if the Grantee shall commence any such suit, Grantor shall, at the request of the Grantee, do any and all lawful acts and execute any and all documents required by the Grantee in aid of such enforcement.

9. No Waiver; Cumulative Remedies. No failure on the part of the Grantee to exercise, and no delay on the part of the Grantee in exercising, any right, power or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or remedy by the Grantee preclude any other or further exercise thereof or the exercise of any other right, power or remedy. All remedies hereunder are cumulative and are not exclusive of any other remedies that may be available to the Grantee whether at law, in equity or otherwise.

10. Notices, etc. All notices or other communications hereunder shall be given to the Grantee as follows:

11. Expenses of Collection. Grantor hereby agrees to pay all expenses of the Grantee, including attorneys' fees, incurred with respect to the collection of any of the Intellectual Property Collateral and the enforcement of the rights of the Grantee hereunder which expenses together with interest thereon at the rate provided in the Note shall constitute Obligations of Grantor to the Grantee thereunder and, therefore, secured hereby.

12. Attorney-in-Fact. Grantor hereby irrevocably constitutes and appoints the Grantee and any officer or agent thereof, with full power of substitution, as Grantor's true and lawful attorney-in-fact, for the purpose of taking such action and executing agreements, instruments and other documents, in the name of Grantor or otherwise, not inconsistent with the express provisions of this Agreement, as the Grantee may deem necessary or advisable to accomplish the purposes hereof, which appointment is an agency coupled with an interest and is irrevocable until payment in full of all Obligations of Grantor to the Grantee.

The Grantee agrees that except upon the occurrence and during the continuation of an Event of Default, it will forbear from exercising the power of attorney or any rights granted to the Grantee pursuant to this Section 12.

13. Agreement Governing Law; Binding Character; Assignment. This Agreement shall be governed by and construed in accordance with the laws of the State of California, without regard to principles of conflicts of law. This Agreement shall be binding upon Grantor and the Grantee and their respective successors and assigns and shall inure to the benefit of Grantor and the Grantee, and their respective successors and assigns; provided, however, that Grantor may not assign its rights or obligations hereunder or in connection herewith or any interest herein (voluntarily, by operation of law or otherwise) without the prior written consent of the Grantee. No other person (including, without limitation, any other creditor of Grantor) shall have any interest herein or any right or benefit with respect hereto and this Agreement shall not be construed so as to confer any right or benefit upon any person other than the parties to this Agreement and each of their respective successors and assigns.

14. Further Indemnification. Grantor agrees to pay, and save the Grantee harmless from, any and all liabilities with respect to, or resulting from any delay in paying (other than a delay caused by the willful misconduct of the Grantee), any and all excise, sales or other similar taxes which may be payable with respect to the Intellectual Property Collateral or in connection with any of the transactions contemplated by this Agreement.

15. Severability of Provisions. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction.

16. Headings. Paragraph and section headings used in this Agreement are for convenience of reference only and shall not affect the construction of this Agreement.

17. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which counterparts, when so executed and delivered, shall be deemed to be an original and all of which counterparts, taken together, shall constitute one and the same Agreement.
