ASSIGNMENT FOR SECURITY – TRADEMARKS

August 21, 2023

WHEREAS, each of ASR ANALYTICS, LLC, a Maryland limited liability company, GANTECH INC., a Maryland corporation and GCOM SOFTWARE LLC, a New York limited liability company (each, an “Assignor” and collectively, the “Assignors”) has adopted, used and is using, and holds all right, title and interest in and to, the trademarks and service marks listed on the attached Schedule A, which trademarks and service marks are registered or applied for in the United States Patent and Trademark Office (the “Trademarks”);

WHEREAS, each Assignor has entered into that certain Pledge and Security Agreement, dated August 21, 2023 (as it may heretofore have been or hereafter may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”) by and among each of the Grantors from time to time party thereto and MGG Investment Group LP, a Delaware limited partnership, in its capacity as collateral agent for the Secured Parties (in such capacity, together with its successors and assigns in such capacity, the “Collateral Agent”); and

WHEREAS, pursuant to the Security Agreement, each Assignor has assigned to the Collateral Agent (the “Assignee”) and granted to the Assignee for the benefit of the Secured Parties a continuing security interest in all right, title and interest of such Assignor in, to and under the Trademarks, together with, among other things, the good-will of the business symbolized by the Trademarks and the applications and registrations thereof, and all proceeds thereof, including, without limitation, any and all causes of action which may exist by reason of infringement thereof and any and all damages arising from past, present and future violations thereof (the “Collateral”), to secure the payment, performance and observance of the Secured Obligations;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Assignor does hereby pledge and assign and set over unto the Assignee and grants to the Assignee and the Secured Parties a continuing security interest in the Collateral to secure the prompt payment, performance and observance of the Secured Obligations; provided that the foregoing grant of a security interest and pledge will not cover any “intent-to-use” United States Trademark applications for which an amendment to allege use or statement of use has not been filed under 15 U.S.C. §1051(c) or 15 U.S.C. §1051(d), respectively, or, if filed, has not been deemed in conformance with 15 U.S.C. §1051(a) or examined and accepted, respectively, by the United States Patent and Trademark Office; provided further that the foregoing grant of a security interest and pledge will cover any such “intent-to-use” United States Trademark applications upon such filing and acceptance.

Capitalized terms defined in the Security Agreement and not otherwise defined herein are used herein as defined in the Security Agreement. Each Assignor does hereby further acknowledge and affirm that the rights and remedies of the Assignee with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein.

[Signature Page Follows]

IN WITNESS WHEREOF, each Assignor has caused this Assignment to be duly executed by its officer thereunto duly authorized as of the date first written above.
