All capitalized terms used herein without definition shall have the meanings give to such terms in the Loan Agreement defined below.

RECITALS:

WHEREAS, pursuant to a Construction Loan Agreement, dated April 20, 2018, between the parties, which agreement was amended and restated by that certain Amended and Restated Loan Agreement dated as of even date herewith (collectively, and as the same may be further amended or modified, the “*Loan Agreement*”), Secured Party agreed to make loans to Borrower, which loans benefitted Debtor; and

WHEREAS, in connection with the amendment and restatement of the Loan Agreement, Debtor has agreed to enter into this Agreement.

AGREEMENT:

The parties agree as follows:

1. SECURITY INTEREST

1.1 GRANT AND COLLATERAL. To secure Debtor’s performance of its present and future obligations under the Loan Documents (the “*Secured Obligations*”), Debtor grants Secured Party a security interest (the “*Security Interest*”) in all Debtor’s present and future rights and interest in any:

Copyrights, meaning any United States or foreign (a) copyrights, whether registered or unregistered, whether in published or unpublished works of authorship, (b) copyright registrations or applications in any IP Filing Office, (c) copyright renewals or extensions, and (d) rights throughout the world analogous to the foregoing;

Patents, meaning any United States or foreign (a) issued patents (whether utility, design, or plant), patent applications, or certificates of invention in any IP Filing Office, (b) continuations, continuations-in-part, divisions, extensions, reissuances, or reexaminations of a patent or patent application in any IP Filing Office, (c) inventions described and claimed in any patent or patent application, and (d) rights throughout the world analogous to the foregoing;

Trademarks, meaning any United States or foreign (a) trademarks, service marks, certification marks, trade names, or other types of source identifier, whether arising under a statute or under common law, and whether registered or unregistered, (b) corporate and company names, business names, trade styles, designs, logos, or trade dress, (c) the goodwill of the business connected with the use of or symbolized by the trademark or service mark, (d) any registrations, renewals, applications, and other filings for any trademarks in any IP Filing Office, and (e) rights throughout the world analogous to the foregoing;

Domain Names, meaning any Internet domain names;

Other Intellectual Property, meaning any intellectual property recognized under or established by the laws of any Jurisdiction other than a Copyright, Patent, Trademark, or Domain Name, whether statutory or common law, registered or unregistered, published or unpublished, including (a) a mask work (i.e., a layered blueprint of the circuitry in a computer chip as protected under Chapter 9 of Title 17 of the United States Code), (b) a trade secret or other proprietary or confidential information or data, (c) rights with respect to software, programming codes, inventions, technical information, procedures, designs, design registrations, know-how, data and databases, processes, models, drawings, plans, specifications, and records, (d) rights of publicity and privacy with respect to natural persons, and (e) any social media sites;

IP Licenses, meaning any agreements, whether or not styled as a “license,” that (a) grant a Person an exclusive or nonexclusive license or other right to use or exercise rights in Intellectual Property other than software to the extent the software constitutes “goods” under Section 9-102(a) of the U.C.C. or (b) obligate a Person to refrain from using or enforcing any Intellectual Property, including settlements, consents-to-use, non-assertion agreements, and covenants-not-to-sue;

IP-Related Rights, meaning, for any Copyright, Patent, Trademark, Domain Name, Other Intellectual Property, or IP License, any (a) rights to royalties, revenues, income, or other payments arising therefrom, (b) rights with respect to claims described at any time on Schedule K, and (c) all other accrued and unaccrued causes of action (whether in contract, tort, or otherwise) or rights to claim, sue or collect damages for, or enjoin or obtain other legal or equitable relief for, an infringement, misuse, misappropriation, dilution, violation, unfair competition, or other impairment (whether past, present, or future) thereof, including expired items;

Associated Property, meaning any (a) accounts, deposit accounts, general intangibles, instruments, investment property, or other personal property at any time constituting, evidencing, or arising under or with respect to Intellectual Property (as defined below) or IP Licenses, (b) commercial tort claims related to Intellectual Property or IP Licenses and described in this Agreement or another record authenticated by Debtor as required by U.C.C. Article 9, (c) books, records, information, and data with respect to Intellectual Property or IP Licenses, and (d) substitutions and replacements for any such property; and

Proceeds of any of the foregoing, meaning (a) “proceeds,” as defined in Article 9 of the U.C.C. and (b) additional or replacement collateral provided during, or payment or property received in, an Insolvency Proceeding on account of any “secured claim” (within the meaning of Section 506(a) of the Bankruptcy Code or similar Bankruptcy Law).

Copyrights, Patents, Trademarks, Domain Names, and Other Intellectual Property are, collectively, “**Intellectual Property**”. All Intellectual Property, IP Licenses, IP-Related Rights, Associated Property, and Proceeds subject to the Security Interest and not excluded under the following Section 1.2 are the “**Collateral**”.

1.2 EXCLUDED PROPERTY. Notwithstanding anything to the contrary in this Agreement, the following rights and property (“**Excluded Property**”) are excluded from the Collateral to the extent set forth in this Section 1.2:

1.2.1 Scheduled Excluded Property. Any right or property identified on Schedule A, “Scheduled Excluded Property.”

1.2.2 Trademark Intent-to-Use Applications. A Trademark application filed in the PTO on the basis of Debtor’s intent to use the Trademark before evidence of use of the Trademark has been

filed with and accepted by the PTO pursuant to the Lanham Act (15 U.S.C. § 1051, *et seq.*), but only for so long as granting a security interest in the Trademark application before the filing of evidence of use of the Trademark would adversely affect the enforceability or validity of the Trademark application or the resulting Trademark registration.

1.2.3 Restricted IP Licenses. Debtor's rights under an IP License that is subject to or contains a Restrictive Provision that is effective against Debtor despite Sections 9-406 through 9-409 of the U.C.C. or other applicable law, but only for so long as the Restrictive Provision is effective and enforceable. Debtor's rights under any IP License treated as Excluded Property under this Section 1.2.3 will constitute Collateral if the Restrictive Provision is not effective and enforceable.

1.2.4 Absence of Conditions. The Security Interest will immediately attach to any item of property treated as Excluded Property under Sections 1.2.2 or 1.2.3 to the extent that the conditions in that Section cease to exist or cease to apply to that item.

1.3 PERFECTION AND PRIORITY

1.3.1 U.C.C. Filing Offices. Debtor authorizes Secured Party to file U.C.C. financing statements for any Collateral in such filing offices as Secured Party reasonably deems advisable to perfect or protect the Security Interest. Debtor ratifies and confirms Secured Party's authorization to file any such U.C.C. financing statements before the Effective Date.

1.3.2 IP Filing Offices. For any IP Collateral that is the subject of a registration or application in an IP Filing Office, Debtor will, at Secured Party's request, execute and deliver to Secured Party an IP Security Document, which Secured Party may file in the IP Filing Office.

1.3.3 Perfection and Priority. Debtor represents and warrants to Secured Party that (a) the Security Interest in each Copyright that is the subject of a registration or application in the Copyright Office will be perfected upon the filing of an IP Security Document in the Copyright Office; (b) the Security Interest in all other Collateral will be perfected upon (i) the filing of a U.C.C. financing statement with the information required by U.C.C. § 9-502(a) in the applicable U.C.C. filing offices listed on Schedule I, (ii) for each Patent issued by or pending in the PTO, the filing of an IP Security Document in the PTO, and (iii) for each Trademark registered or pending in the PTO, the filing of an IP Security Document in the PTO; (b) for each item of Collateral, the Security Interest thus perfected will have priority over a competing security interest in the item if (i) when such U.C.C. financing statement is filed, there is no effective filed financing statement for the competing security interest, (ii) for such Copyrights, the IP Security Document is recorded in the Copyright Office within one month after the Security Interest attaches and the competing security interest is not recorded in the Copyright Office before the end of that one-month period, and (iii) for such Patents and Trademarks, the IP Security Document is recorded in the PTO within three months after the Security Interest attaches and the competing security interest is not recorded in the PTO before the end of that three-month period. Notwithstanding anything to the contrary herein, for all Intellectual Property and other Collateral subject to any foreign Jurisdiction, Debtor represents and warrants to Secured Party that Secured Party's security interest in such Intellectual Property and other Collateral shall be perfected upon completion of such Jurisdiction's requirements for perfection.

1.4 AFTER-ACQUIRED COLLATERAL

1.4.1 Notice of After-Acquired Collateral; Addenda. Debtor will notify Secured Party of each acquisition after the Effective Date of an interest in (a) a registered or applied-for Copyright, Patent, Trademark, or Domain Name or (b) an IP License of a type required to be listed on a Schedule on the Effective Date. Debtor will provide the notice by the 10th Business Day following the end of the

calendar quarter in which the interest was acquired, along with addenda to Schedules B through G (each an *Addendum*), as appropriate, listing the acquired interests. Each Addendum will become part of the relevant Schedule effective upon Secured Party's receipt of the Addendum.

1.4.2 Secured Party's Right to Provide Addenda. Without limiting Debtor's obligations, Secured Party may at any time unilaterally provide an Addendum to any of Schedules B through G, as appropriate, to include any such after-acquired Collateral, whether or not Debtor has notified Secured Party of its acquisition. Each such Addendum will become a part of the relevant Schedule effective upon Secured Party's sending a copy of the Addendum to Debtor. Debtor's or Secured Party's failure to provide an Addendum will not limit or detract from the Security Interest in the after-acquired Collateral or other Collateral.

1.4.3 IP Security Documents. With each Addendum delivered to Secured Party, Debtor will also deliver (unless previously delivered under the following Section 1.4.4) executed IP Security Documents for the Intellectual Property listed on the Addendum, which Secured Party may file with the applicable IP Filing Office.

1.4.4 Notice of Copyright Applications. Debtor will notify Secured Party at least ten (10) Business Days before Debtor files an application to register Copyright Collateral with the Copyright Office. The notice will include the title of the copyrighted work as it will appear on the application and the date the application will be filed. Prior to filing, Debtor will execute and deliver to Secured Party any IP Security Documents that Secured Party reasonably requests to maintain the perfection and priority of the Security Interest in the Copyright. At Secured Party's request, Debtor will file such lien documents in the Copyright Office concurrently with filing the application and provide Secured Party with copies of the filed copyright application and lien documents.

1.4.5 Commercial Tort Claims. Debtor will promptly notify Secured Party of any commercial tort claim with respect to any Collateral in a signed writing that gives brief details of the claim and grants Secured Party a security interest in the claim and any proceeds, all upon the terms of this Agreement.

1.5 FURTHER ASSURANCES. Upon Secured Party's request, Debtor will promptly and duly execute and deliver such further instruments and documents, pay all amounts reasonably required, and take such further actions as Secured Party reasonably deems appropriate to obtain the full benefits of this Agreement, the Collateral, and the other Loan Documents, including (a) all documents and instruments required to create, perfect and maintain a first priority lien/collateral assignment on and Security Interest in and to the Collateral in the United States or any foreign country or jurisdiction, (b) using reasonable efforts to obtain third-party consents and approvals for Debtor to grant a security interest in any item of Collateral to Secured Party, or for Secured Party to enforce the Security Interest or exercise other rights and remedies under this Agreement, and (c) signing, providing information, providing documents, filing or cooperating with Secured Party in filing forms or other documents in any country in connection with the perfection, protection, priority, or enforcement of the Security Interest, the termination or release of ineffective filings, and the recording of documents to cover missing steps in the chain of title.

2. REPRESENTATIONS AND WARRANTIES. Except to the extent otherwise set forth on the relevant Schedule, Debtor represents and warrants to Secured Party that on the Effective Date, on the date each Loan is made to Debtor, and, for any Collateral added by an Addendum, the date the Addendum becomes part of the relevant Schedule.

2.1 THE COLLATERAL

2.1.1 Copyrights. Schedule B lists all of Debtor's subsisting(a) Copyrights that are registered, or are the subject of pending applications, in any IP Filing Office and (b) Copyright Licenses-In. Each Copyright listed on Schedule B is valid and enforceable.

2.1.2 Patents. Schedule C lists all of Debtor's subsisting(a) issued Patents, and Patent applications pending, in any IP Filing Office and (b) Patent Licenses-In. Each issued Patent listed on Schedule C is (a) valid and enforceable and (b) not subject to any overdue IP Filing Office fees. Each Patent application listed on Schedule C is subsisting, and Debtor has no knowledge of any circumstances that might prevent the issuance of a valid Patent in due course.

2.1.3 Trademarks. Schedule D lists all of Debtor's subsisting (a) registered Trademarks, and Trademark applications pending, in any IP Filing Office, (b) material unregistered Trademarks, and (c) Trademark Licenses-In. Each Trademark registration and material unregistered Trademark listed on Schedule D (a) is valid and enforceable, and does not relate to a mark that has been abandoned, and (b) is not subject to any overdue IP Filing Office fees. Debtor has no knowledge of any circumstances that might prevent the valid registration of any Trademark for which a Trademark application is listed on Schedule D. Debtor has notified Secured Party of all circumstances known to Debtor that could reasonably be expected to lead to the invalidity or unenforceability of a Trademark listed on Schedule D, including Debtor's failure to use the mark or to enforce it against material unauthorized uses by third parties.

2.1.4 Domain Names and IP Licenses. Schedule E lists each of Debtor's subsisting Domain Names, its registrant, and its next renewal date. Schedule F lists Debtor's subsisting Licenses-Out of Intellectual Property Collateral. Each IP License and Domain Name Contract listed on any Schedule to this Agreement is in full force and effect and constitutes a valid and enforceable obligation of Debtor and, to Debtor's knowledge, each other party thereto, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium, or similar laws affecting the enforcement of creditor's rights generally, and by general equitable principles (whether enforcement is sought by proceedings in equity or at law). No further consent of any party to any such IP License or Domain Name Contract is required in connection with the execution, delivery, and performance of this Agreement. No further consent or authorization of, filing with, or other act by or in respect of any Governmental Authority is required in connection with the execution, delivery, performance, validity, or enforceability of any such IP License or Domain Name Contract by or against any party thereto. Neither Debtor nor, to Debtor's knowledge, any other party to any such IP License or Domain Name Contract is in default in the performance or observance of any of its terms. Debtor's rights under each such IP License or Domain Name Contract are not subject to any defense, offset, counterclaim, or other claim.

2.1.5 Other Intellectual Property. Schedule G lists all of Debtor's material Other Intellectual Property that is not listed on any of Schedules B through F and is not confidential.

2.1.6 Ownership. Debtor is the sole legal and equitable owner of, and has good title to, the Collateral, free and clear of any Lien, other than (a) Liens permitted under the Loan Agreement, (b) Liens permitted by Secured Party's express prior written consent, or (c) Permitted Licenses (each, a "*Permitted Lien*"). Debtor is the record owner of all Collateral that is registered, or for which an application is pending, in any IP Filing Office, and there are no gaps in the chain of title to such Collateral. No IP License materially adversely affects Debtor's rights to conduct its business as currently conducted. No third party has a contractual right to require Debtor to Transfer any Collateral, except to renew Permitted Licenses. Debtor has not Transferred or agreed to Transfer any Collateral listed on Schedules B through G except in a Transfer that is (a) expressly permitted by the Loan Documents, (b) permitted by Secured Party's express prior written consent, or (c) a Permitted License (each a *Permitted Transfer*).

2.1.7 Restrictive Provisions. Schedule H lists all of Debtor's Intellectual Property and IP Licenses (including Excluded Property) that are both (a) listed on any of Schedules A through G and (b) subject to or contain a Restrictive Provision.

2.1.8 Existing or Threatened Claims; Infringement. Except as described on Schedule K, (a) no claim is pending or has been made or, to Debtor's knowledge, threatened, including via an invitation to license, by any Person (other than by an IP Filing Office examiner in the ordinary course of prosecution of applications) asserting that any Intellectual Property Collateral is wholly or partly invalid or unenforceable, or that any such Collateral or the conduct of Debtor's business infringes, dilutes, misappropriates, or otherwise violates the rights of any Person; (b) to Debtor's knowledge, neither the use of the Collateral by Debtor or its licensees, nor the conduct of Debtor's business, infringes, dilutes, misappropriates, or otherwise violates any Intellectual Property owned or controlled by any Person; or (c) to Debtor's knowledge, no Person is infringing, diluting, misappropriating, or otherwise violating any of Debtor's rights in the Collateral, and Debtor has not made any such claim that has not been resolved.

2.1.9 IP Notices. Debtor uses proper notices of Copyright proprietorship in connection with publication of its Copyrighted works and proper statutory notices in connection with its use of its issued Patents and registered Trademarks.

2.1.10 Standards of Quality. Debtor (a) uses consistent standards of quality in all products manufactured, distributed, and sold, and in the performance of services provided, in connection with the Trademark Collateral and (b) has taken all action necessary to ensure that all licensees of Debtor's Trademarks adhere to Debtor's established standards of quality for the goods and services provided by the licensee using the licensed Trademark.

2.1.11 Proprietary Software. For each of Debtor's proprietary software programs included in the Collateral, (a) each of Debtor's current and former employees, officers, contractors, and consultants who has developed, contributed to, modified, or improved such program either performed such work as a "work for hire" or has assigned to Debtor all of such Person's interest in such programs; (b) there are no material defects or malfunctions in the program that have not been corrected, and the program operates in accordance with its specifications in all material respects; (c) the program does not contain any device or feature designed to disrupt, disable, or otherwise impair the functioning of any software program; (d) to Debtor's knowledge, there has been no unauthorized access to the program or to any of Debtor's proprietary databases; (e) except as otherwise provided in this Agreement, Debtor has not delivered, licensed, or made available, and has no obligation (present, contingent, or otherwise) to deliver, license, or make available the program's source code to any escrow agent or other Person other than Debtor's current employees for the performance of their duties to Debtor; and (f) the program is not subject to any open source, free software, or other license terms and conditions that would require Debtor to disclose any source code or license the program, the code, or any modifications to a third party.

2.1.12 No Government Funding. Debtor has not received funding from any governmental entity or any academic funding that was used in the development of the Collateral.

2.2 DEBTOR

2.2.1 Existence; Power; Authority. Debtor is validly existing and has the corporate (or other organizational) power and capacity to enter into, and perform all of its obligations under, this Agreement. Debtor's execution and delivery of, and performance of its obligations under, this Agreement have been duly authorized by all necessary action by or on behalf of Debtor.

2.2.2 Debtor Information. Schedule J sets forth (a) if Debtor is a corporation, limited liability company, limited partnership, corporate trust, or other registered organization, (i) the Jurisdiction under whose law Debtor is organized and (ii) Debtor's name as shown in its public organic record in that Jurisdiction; (b) if Debtor is an individual, (i) the State and address of Debtor's primary residence and (ii) Debtor's name as shown on an unexpired driver's license issued by that State; (c) the address of Debtor's chief executive office and, if different, its principal place of business; (d) the addresses where Debtor's records concerning the Collateral are maintained; and (e) Debtor's taxpayer identification number, if any.

3. COVENANTS

3.1 NO TRANSFERS OF COLLATERAL. Debtor will not Transfer any Collateral except in a Permitted Transfer.

3.2 NO LIENS ON COLLATERAL. Debtor will not create and will take any action necessary to remove any Lien on the Collateral other than a Permitted Lien.

3.3 NO RESTRICTIVE PROVISIONS. Debtor will not enter into any IP License-In after the Effective Date that contains a Restrictive Provision.

3.4 REGISTRATION OF COPYRIGHTS AND TRADEMARKS; PURSUIT OF PATENTS. To the extent not already registered or the subject of a pending application, Debtor will promptly register all material Copyright and Trademark Collateral with the applicable IP Filing Office, and will pursue Patents on all material patentable inventions, in each case except to the extent that Debtor reasonably determines that the costs or risks of such action would materially outweigh the probable benefits.

3.5 RECORDING OF ASSIGNMENTS AND IP LICENSES. Within thirty (30) days after obtaining a written assignment of a registered or applied-for Copyright, Patent, or Trademark from any Person, Debtor will record the assignment in the applicable IP Filing Office. Within thirty (30) days after obtaining an IP License for which recordation will give third parties constructive notice of Debtor's interest, Debtor will record the IP License in the applicable IP Filing Office.

3.6 PROTECTION OF COLLATERAL

3.6.1 Compliance with Law. Debtor will comply in all material respects with all United States laws and regulations applicable to any Collateral.

3.6.2 General. With respect to Collateral that is necessary to the conduct of Debtor's business as currently conducted, Debtor will take all reasonable steps to (a) maintain the registrations of all such registered Collateral in full force and effect, (b) prosecute any pending applications for registration of such Collateral, and (c) prevent any such Collateral from being abandoned, forfeited, or dedicated to the public. Such steps may include: (a) taking actions in, or filing responses to office actions issued by, an IP Filing Office, court, or Governmental Authority, (b) paying when due all maintenance and other required fees, (c) filing timely applications for renewal or extension, (d) filing affidavits or declarations of use under Sections 8 and 15 of the Lanham Act, and (e) filing divisional, continuation, continuation-in-part, or reissue applications for Patents.

3.6.3 IP Notices. Debtor will use proper notices of copyright proprietorship in connection with publication of its Copyrighted works, and proper statutory notices in connection with its use of its registered Trademarks and issued Patents.

3.6.4 Trademark Quality Control. Debtor will (a) maintain the standards of quality of all products manufactured, distributed, and sold, and in the performance of services provided, in connection with Trademark Collateral at a level at least as high as on the Effective Date and (b) take all action necessary to ensure that all licensees of its Trademarks adhere to Debtor's then-established standards of quality for the goods and services provided by the licensee using the licensed Trademark.

3.6.5 Performance of IP Licenses. Debtor will perform all its material obligations under each IP License to which it is a party.

3.6.6 Protection of Trade Secrets. Debtor will take reasonable measures to protect its material trade secrets, including entering into confidentiality agreements with employees and labeling and restricting access to secret information and documents.

3.6.7 Infringements by Others. Debtor will (a) promptly notify Secured Party, providing reasonable details, of any Person's infringement, dilution, misappropriation, or other violation of any Collateral of which Debtor becomes aware and (b) take all reasonable actions to stop such infringement, dilution, misappropriation, or other violation, including seeking damages for or enjoining such conduct.

3.6.8 Challenges and Suits by Others. Debtor will (a) promptly notify Secured Party, providing reasonable details, of the institution of any proceeding before a Governmental Authority regarding the validity or enforceability of, or Debtor's right to register, own, or use, any Intellectual Property Collateral, and of any adverse determination on the merits in any such proceeding (in each case other than non-final "office actions" by IP Filing Office examiners in the ordinary course of prosecution of applications), and (b) take all reasonable steps to defend its rights in the Intellectual Property Collateral in such proceedings and other interference, reexamination, opposition, cancellation, infringement, dilution, misappropriation, and other proceedings.

3.7 ESCROW AGREEMENT. Debtor will enter into a source code escrow agreement with Secured Party by the Effective Date. Debtor will deposit with the escrow agent under the escrow agreement all materials required under the escrow agreement, including the source code for (a) current versions of Debtor's proprietary computer software, by the 10th Business Day following the Effective Date, and (b) each update to such software by the 10th Business Day following public release of the update. Debtor will not establish source code escrow arrangements with any third party without Secured Party's prior written consent.

3.8 CHANGE OF DEBTOR INFORMATION. Debtor will notify Secured Party ten (10) days before taking any action that will cause, and will promptly notify Secured Party of any other event that may cause or has caused, any information in Schedule J, "Debtor Information," to become inaccurate.

3.9 MAINTENANCE OF RECORDS; AUDIT AND INSPECTION. Debtor will deliver copies of reports and information as to Collateral in Debtor's possession or under its control as Secured Party reasonably requests.

4. EVENTS OF DEFAULT; REMEDIES

4.1 EVENTS OF DEFAULT. Each of the following events or conditions is an "*Event of Default*": (a) there is an "Event of Default" as defined in the Loan Agreement; (b) a representation or

warranty made by Debtor in this Agreement is incorrect in any material respect when made or deemed made; (c) the Security Interest in any item of Collateral that is described on any of Schedules B through G is not a perfected first-priority security interest (other than as a result of Permitted Liens); (d) Debtor or a third party challenges the attachment, perfection, or priority of the Security Interest in any Collateral as to which Debtor has represented that the Security Interest is perfected and will have priority over competing security interests, and Secured Party believes that the challenge has a material probability of success and, if successful, will have a Material Adverse Effect on the value of the Collateral taken as a whole; (e) Debtor Transfers any Collateral, except in a Permitted Transfer; (f) any Collateral is subject to a Lien other than a Permitted Lien; or (g) Debtor fails to observe or perform any of its other obligations under this Agreement and does not correct the failure within thirty (30) days after notice from Secured Party.

Such actions may include: (a) taking possession of any tangible Collateral, and entering premises where such Collateral is located to effect such possession; (b) taking physical or electronic action to render any tangible Collateral unusable by Debtor, and entering premises where such Collateral is located to effect such action; (c) preparing and advertising Collateral for sale, lease, license, or other disposition; (d) disposing of any Collateral by public or private sale, lease, license, or other disposition, at Secured Party's offices or elsewhere, at such prices as Secured Party deems acceptable, for cash or on credit, without assumption of any credit risk; (e) to the extent possible without violating any then-existing Permitted Licenses, granting licenses and sublicenses in any Collateral to third parties, on an exclusive or nonexclusive basis, on such terms and conditions and in such manner as Secured Party may determine, with such licenses Or sublicenses as are lawfully granted by Secured Party (or by Debtor by means of Secured Party's power of attorney) surviving as direct licenses or sublicenses of Debtor when the Event of Default no longer exists; (f) notifying any account debtor or other Person liable for payment to Debtor with respect to any Collateral of Secured Party's interest in such Collateral, instructing the account debtor or other Person to make the payment directly to Secured Party or as Secured Party directs, and receiving and collecting such payments; (g) notifying parties to any IP License or Domain Name Contract included in the Collateral that Debtor's rights and interest in the IP License or Domain Name Contract have been assigned to Secured Party, and communicating with such parties to verify the existence, amount, terms, and status of the IP License or Domain Name Contract; (h) instituting, defending, or settling legal proceedings to collect on or enforce Debtor's rights and remedies against third parties, including account debtors, licensors, licensees, and other parties to IP Licenses or Domain Name Contracts, under or on account of any Collateral, without becoming a party to or incurring any liability under any IP License or Domain Name Contract; (i) paying, discharging, purchasing, contracting for, or compromising any actual or threatened Lien on Collateral that in Secured Party's opinion may be prior or superior to the Security Interest or may adversely affect Secured Party's rights; (j) taking any actions that Secured Party deems reasonably appropriate to maintain Debtor's standards of quality, as referenced in Section 3.6.4 ("Trademark Quality Control"), for products manufactured, distributed, or sold, or services performed, in connection with Trademark Collateral; and (k) exercising any of Debtor's rights in Collateral as fully and completely as though Secured Party were the absolute owner of such rights for all purposes.

4.3 LICENSE TO SECURED PARTY TO USE INTELLECTUAL PROPERTY. In particular, Debtor grants Secured Party a nonexclusive, irrevocable, worldwide license (or sublicense) to, during the existence of an Event of Default,

(i) use, fully exploit and exercise Debtor's rights in or to any of Debtor's Intellectual Property (whether or not included in the Collateral), without payment of royalty or other compensation to Debtor and/or (ii) to make, have made, use, sell, offer for sale, import, distribute, improve, dispose of, and otherwise fully commercially exploit Debtor's assets and practice or have practiced any method recited in the Debtor's Intellectual Property. During the existence of an Event of Default, Secured Party may fully transfer or sub-license the YL Licenses at Secured Party's sole discretion to any third party, including any purchaser or re-purchaser of any portion of the inventory or other assets of Debtor related to or covered by the Licensed IP. The purchaser of any portion of the inventory or assets of Debtor may also transfer or sub-license the License to any subsequent purchasers. This license is in addition to Secured Party's other rights with respect to the Collateral, and is subject to the following: (a) to the extent that this license is a sublicense of Debtor's rights as a licensee under any IP License (the *primary license*), this license is subject to any limitations in the primary license; (b) without limiting the foregoing, this license does not include Intellectual Property if the primary license for such Intellectual Property by its terms or as a matter of law prohibits sublicenses, requires the licensor's consent, or entails additional consideration unless a consent can and has been obtained (Debtor agrees to use reasonable efforts to obtain such consents at the request of Secured Party); (c) the term of this license is as set forth in the YL Licenses; (d) for licensed Trademarks, this license is subject to Debtor's standards of quality control and inspection as provided in Section 4.2(j), as necessary to avoid the risk of invalidation of the Trademarks; and (e) to the extent of any conflict between the provisions of this Agreement and the YL Licenses, the YL Licenses shall govern and control.

required by U.C.C. §§ 9-608(a)(1)(C) or 9-615(a)(3), Secured Party will return any remaining proceeds to Debtor. Only after so paying over such net proceeds and after the payment by Secured Party of any other amount required by any provision of law will Secured Party need to account to Debtor for any surplus proceeds. Debtor will remain liable for any deficiency if the proceeds of disposition of the Collateral are insufficient to fully pay the Secured Obligations.

4.5.5 No Marshaling. Secured Party need not marshal the Collateral or any other present or future security for, or other assurances of payment of, the Secured Obligations or resort to such security or assurances in any particular order. To the extent permitted by applicable law, Debtor will not invoke, and irrevocably waives the benefits of, any law relating to the marshaling of collateral that might delay or impede the enforcement of Secured Party's rights and remedies under this Agreement or otherwise.

This power of attorney is a power coupled with an interest and will be irrevocable as long as this Agreement is in effect or is reinstated.

5.2 INDEMNITY. Debtor will defend and indemnify Secured Party and its officers, employees, and agents against (a) all losses, obligations, demands, claims, and liabilities (collectively, Claims) asserted by a third party in connection with the transactions contemplated by this Agreement, including acts or failures to act of Secured Party under Section 4 ("Events of Default; Remedies"), and (b) all costs and expenses (including reasonable attorney's fees and fees of professionals) paid or incurred by Secured Party in connection with a Claim, except to the extent the Claim is caused by the gross negligence or willful misconduct of Secured Party (or any of its officers, employees, or agents).

5.3 COSTS AND EXPENSES. Debtor will pay (a) all fees, costs, and expenses incurred by Debtor, Secured Party, or a third party in connection with actions required of Debtor under this Agreement; (b) all out-of-pocket fees, costs, and expenses (including reasonable attorney's fees and fees of advisors, experts, agents, and professionals) reasonably incurred in connection with Secured Party's exercise, enforcement, or protection of its rights and remedies under this Agreement or in respect of the Collateral, including claims against Debtor for breach of this Agreement and actions under Sections 1.3 ("Perfection and Priority"), 1.4 ("After-acquired Collateral"), 1.5 ("Further Assurances"), 3.9 ("Maintenance of Records; Audit and Inspection"), 4 ("Events of Default; Remedies"), 5.1 ("Power of Attorney"), 5.2 ("Indemnity"), or 6.2 ("Reinstatement"); and (c) any claims and charges that in Secured Party's reasonable opinion might, if not paid, prejudice, imperil, or otherwise adversely affect the Security Interest or its priority. Debtor's obligations to Secured Party under this Section 5.3 will be payable on demand. Until paid, such obligations will bear interest at the "Default Rate" defined in the Loan Agreement and (with such interest) will be part of the Secured Obligations.

5.4 NON-DISTURBANCE OF PERMITTED LICENSES. Secured Party will not disturb the rights of any third-party licensee of Collateral under a Permitted License, so long as the licensee is not in breach of its obligations to Debtor under the Permitted License. Upon Debtor's request with respect to a particular licensee, Secured Party will use reasonable efforts to negotiate, execute, and deliver a non-disturbance agreement with the licensee, in form reasonably acceptable to Secured Party, Debtor, and the licensee.

5.5 LIMITED OBLIGATIONS OF SECURED PARTY. Secured Party will not be liable for any failure to exercise, or delay in exercising, any of its rights or remedies under this Agreement, or for any diminution in the value of the Collateral, and will not be obligated to (a) collect any amounts due, redeem or realize on, or make any presentments, demands, or notices of protest in connection with, any Collateral; (b) take any steps necessary to preserve rights in any instrument, contract, license, or lease against third parties or to preserve rights against prior parties; (c) take any actions referenced in Section 3.6 ("Protection of Collateral") or any other action to maintain, preserve, protect, or enforce any rights in the Collateral; or (d) remove any Liens or take any actions for the perfection, enforcement, collection, or protection of Collateral, except to the extent that such obligations may not be waived or varied under U.C.C. Section 9-602.

6. GENERAL PROVISIONS

6.2 REINSTATEMENT. This Agreement will continue to be effective or be automatically reinstated, as the case may be, if at any time payment, in whole or in part, of any of the Secured Obligations is rescinded or must otherwise be restored or returned by Secured Party or any holder of the Secured Obligations as a preference, fraudulent conveyance, or otherwise under any Bankruptcy Law, all as though such payment had not been made.

6.3 ENTIRE AGREEMENT. This Agreement and the other Loan Documents constitute the entire agreement between the Parties and supersede all prior agreements, oral or written, relating to their subject matter.
