GRANT OF A SECURITY INTEREST --TRADEMARKS

This Trademark Security Agreement (this “**Trademark Security Agreement**”) is made as of August 28, 2023, by USMPC BUYER, INC. (“**Grantor**”), in favor of BANK OF AMERICA, N.A., in its capacity as administrative agent for itself and the other Secured Parties (together with its successors and assigns in such capacity, “**Grantee**”).

WHEREAS, the Grantor has adopted, used and is using, and holds all right, title and interest in and to, the trademarks and service marks listed on the attached Schedule A, which trademarks and service marks are registered or applied for in the United States Patent and Trademark Office (the “**Trademarks**”);

WHEREAS, the Grantor has entered into a Pledge and Security Agreement, dated August 28, 2023 (as amended, restated, supplemented, modified or otherwise changed from time to time, the “**Security Agreement**”), in favor of Grantee; and

WHEREAS, pursuant to the Security Agreement, the Grantor has granted to the Grantee for the benefit of the Secured Parties (as defined in the Security Agreement), a continuing security interest in all right, title and interest of the Grantor in, to and under the Trademarks, together with, among other things, the goodwill of the business symbolized by the Trademarks and the applications and registrations thereof, and all proceeds thereof, including, without limitation, any and all causes of action which may exist by reason of infringement thereof and any and all damages arising from past, present and future violations thereof (the “**Collateral**”), to secure the payment, performance and observance of the Secured Obligations (as defined in the Security Agreement).

NOW, THEREFORE, as collateral security for the payment, performance and observance of all of the Secured Obligations, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor does hereby grant to the Grantee and grant to the Grantee for the benefit of the Secured Parties, a continuing security interest in the Collateral to secure the prompt payment, performance and observance of the Secured Obligations. Notwithstanding the foregoing, no grant of any Lien or security interest shall be deemed granted hereunder on or in any “intent to use” Trademark application for which a Statement of Use or Amendment to Allege Use, as applicable, has not been filed and accepted with the U.S. Patent and Trademark Office.

All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement.

The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Grantee with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein.

This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart by facsimile or electronic mail shall be equally effective as delivery of an original executed counterpart.

IN WITNESS WHEREOF, the Grantor has caused this Trademark Security Agreement to be duly executed by its officer thereunto duly authorized as of the date first set forth above.
