WHEREAS, pursuant to the Security Agreement, Grantor granted and pledged to Investment Manager a security interest in all of Grantor’s right, title and interest in, to and under all of the following (collectively, the “Released Collateral”): Grantor’s intellectual property, including, without limitation, the following:

- 1) Any and all copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, now or hereafter existing, created, acquired or held (collectively, the “Copyrights”);
- 2) Any and all trade secrets, and any and all intellectual property rights in computer software and computer software products now or hereafter existing, created, acquired or held;
- 3) Any and all design rights that may be available to Grantor now or hereafter existing, created, acquired or held;
- 4) All patents, patent applications and like protections including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same (collectively, the “Patents”);
- 5) Any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Schedule 1 attached hereto (collectively, the “Trademarks”);
- 6) All mask works or similar rights available for the protection of semiconductor chips, now owned or hereafter acquired (collectively, the “Mask Works”);
- 7) Any and all claims for damages by way of past, present and future infringements of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;
- 8) All licenses or other rights to use any of the Copyrights, Patents, Trademarks, or Mask Works and all license fees and royalties arising from such use to the extent permitted by such license or rights;

9) All amendments, extensions, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

10) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing; and

WHEREAS, Grantor has requested that Investment Manager discharge, cancel, terminate, and release, and Investment Manager now desires to discharge, cancel, terminate and release, the entirety of its security interest in all of Grantor's right, title and interest in, to and under the Released Collateral.

NOW THEREFORE, for good and valuable consideration, receipt and sufficiency of which are hereby acknowledged:
