INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (this “Agreement”) is entered into as of September 12, 2023 (the “Effective Date”) by and between TEXAS CAPITAL BANK (“Lender”) and NEW LIFE SOLUTION, INC. (“Grantor”).

RECITALS

A. Lender has agreed to make certain advances of money and to extend certain financial accommodations to Grantor in the amounts and manner set forth in that certain Loan and Security Agreement by and between Lender and Grantor dated as of the date hereof (as the same may be amended, modified or supplemented from time to time, the “Loan Agreement”; capitalized terms used herein are used as defined in the Loan Agreement). Lender is willing to make the Advances to Grantor, but only upon the condition, among others, that Grantor shall grant to Lender a security interest in all of Grantor’s Intellectual Property to secure the obligations of Grantor under the Loan Agreement.

B. Pursuant to the terms of the Loan Agreement, Grantor has granted to Lender a security interest in all of Grantor’s right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral. The Collateral includes without limitation all Intellectual Property (including without limitation the Intellectual Property described herein).

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Loan Agreement, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

1. To further evidence the security interest granted under the Loan Agreement, Grantor grants and pledges to Lender a security interest in all of Grantor’s right, title and interest in, to and under its Intellectual Property (including without limitation those copyrights, patents, trademarks and mask works listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof. Notwithstanding the foregoing, the Collateral shall not include “intent-to-use” trademarks at all times prior to the first use thereof, whether by the actual use thereof in commerce, the recording of a statement of use with the United States Patent and Trademark Office or otherwise, but only to the extent the granting of a security interest in such “intent-to-use” trademarks would be contrary to applicable law.
2. Grantor represents and warrants that as of the Effective Date (i) listed on Schedule A are all copyrights, software, computer programs, mask works, and other works of authorship owned or controlled by Grantor which are registered with the United States Copyright Office, (ii) listed on Schedule B hereto are all trademark registrations and pending registrations owned or controlled by Grantor which are registered or pending registration with the United States Patent and Trademark Office, and (iii) listed on Schedule C are all patents and patent applications owned or controlled by Grantor which are registered or pending registration with the United States Patent and Trademark Office.
3. Grantor shall not, hereafter, register any mask works, software, computer programs or other

works of authorship subject to United States copyright protection with the United States Copyright Office without complying with the following: (i) providing the Lender with written notice of such registration within five (5) days thereof, (ii) providing Lender with a copy of the application for any such registration and (iii) executing and filing such other instruments, and taking such further actions, as the Lender may reasonably request from time to time to perfect or continue the perfection of Lender's interest in the Collateral, including without limitation the filing with the United States Copyright Office, simultaneously with the filing by Grantor of the application for any such registration, of a copy of this Agreement or a Supplement hereto in form acceptable to the Lender identifying the mask works, software, computer programs or other works of authorship being registered and confirming the grant of a security interest therein in favor of Lender.

4. The security interest granted herein is granted in conjunction with the security interest granted to the Lender under the Loan Agreement. The rights and remedies of the Lender with respect to the security interest granted hereby are in addition to those set forth in the Loan Agreement and the other Loan Documents, and those which are now or hereafter available to the Lender as a matter of law or equity. Each right, power and remedy of the Lender provided for herein or in the Loan Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity, shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein, and the exercise by Lender of any one or more of the rights, powers or remedies provided for in this Agreement, the Loan Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any Person, including Lender, of any or all other rights, powers or remedies.
5. This Agreement may not be modified or amended, nor may any rights hereunder be waived, except in a writing signed by the parties hereto. This Agreement and all acts, transactions, disputes and controversies arising hereunder or relating hereto, and all rights and obligations of the Lender and the Grantor, shall be governed by, and construed in accordance with, the internal laws of the State of New York without regard to conflict of laws principles, provided that the Lender shall retain all rights arising under Federal law.
