INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“IP Assignment”), entered into as of September 13, 2023, is made by and among Golden Entertainment, Inc., a Minnesota corporation; Golden Gaming, LLC, a Nevada limited liability company (together with Golden Entertainment, Inc., “Assignors”, and each, an “Assignor”); and J&J Ventures Gaming of Montana, LLC, an Illinois limited liability company (“Assignee”).

WHEREAS, in accordance with the terms of that certain Membership Interest Purchase Agreement among, and for the mutual benefit of, the parties thereto, entered into as of March 3, 2023, (the “MIPA”), Golden Entertainment, Inc. has agreed, and has caused Golden Gaming, LLC to agree, to sell, convey, assign, transfer, and deliver to Assignee all of the respective Assignor’s rights in the Transferred Intellectual Property (as defined in the MIPA); and

WHEREAS, each of the Assignors desires to execute and deliver this IP Assignment to effectuate such assignment of the Transferred Intellectual Property, and to memorialize such assignment for recording with governmental authorities, including, but not limited to, the U.S. Patent and Trademark Office, the U.S. Copyright Office, and corresponding entities or agencies in any applicable jurisdictions;

NOW THEREFORE, Assignors and Assignee agree as follows:

1. Assignment. For the mutual benefit of the parties, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of the Assignors hereby irrevocably sells, conveys, assigns, transfers, and delivers to Assignee, and Assignee hereby accepts, all of the Assignor’s right, title, and interest in and to the Transferred Intellectual Property (as defined in the MIPA), which Transferred Intellectual Property includes, without limitation, the following:

- (a) All of the Assignor’s right, title, and interest in and to all registered, unregistered, and common law trademarks, service marks, logos, trade dress, trade names, social media accounts, social media identifiers, company names, domain names, trademark registrations, and trademark applications included in the Transferred Intellectual Property, including without limitation those set forth in Schedule 1 to this IP Assignment, and all issuances, extensions, and renewals thereof, in each case, together with the goodwill of the business, connected with the use of, and symbolized by, such Intellectual Property; provided that, with respect to any United States intent-to-use trademark applications included in the Transferred Intellectual Property, it is recognized and confirmed that the transfer of such applications accompanies, pursuant to the MIPA, the transfer of Assignor’s business, or that portion of the business to which the trademark or service mark pertains, and that the business is ongoing and existing;
- (b) All of the Assignor’s right, title, and interest in and to all registered, unregistered, and common law copyrights in any works of authorship included in the Transferred Intellectual Property, including without limitation those works of authorship, copyright registrations, and copyright applications set forth on Schedule 1 to this IP Assignment;

- (c) All of the Assignor's right, title, and interest in and to all inventions (whether patentable or unpatentable), trade secrets, and confidential and proprietary information (including ideas, research and development, know how, formulas, processes, methods, techniques, software, programs, technical data, designs, drawings, specifications, customer and supplier information, business information, pricing and cost information, and business and marketing plans and proposals) that are included in the Transferred Intellectual Property, including without limitation such Intellectual Property that is incorporated in, used in, or embodied in or by any of the items set forth in **Schedule 1** to this IP Assignment;
- (d) All rights of the Assignor, of any kind whatsoever, accruing under any of the foregoing and provided by the applicable law of any jurisdiction, international treaty or convention, or otherwise throughout the world;
- (e) Any and all royalties, fees, income, payments, and other proceeds, now or hereafter due or payable, with respect to any and all of the foregoing; and
- (f) Any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on, and/or after the date hereof; including all rights to and claims for damages, restitution, and injunctive relief, and any other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but not the obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Each of the Assignors authorizes the Commissioner for Patents, the Commissioner for Trademarks, the Register of Copyrights, and any other governmental official in any jurisdiction, both domestic and foreign, to record and register this IP Assignment upon request by Assignee. Each of the Assignors shall take such steps and actions and render all necessary cooperation to Assignee and its successors, assigns, and legal representatives following the date hereof, to ensure that the Transferred Intellectual Property is properly assigned to Assignee, or any assignee or successor thereto, including without limitation all action necessary to secure the execution, completion, or filing of any requested documents, powers of attorney, files, registrations, or other similar items.

3. Power of Attorney. Each of the Assignors expressly grants Assignee the right and power of attorney necessary to file, on behalf of the Assignor, such documents as are necessary to update with any government agency or entity, the ownership change from the Assignor to that of Assignee, and thereby ensure the recordation of proper chain of title for the Transferred Intellectual Property. Further, each of the Assignors hereby agrees to provide any documents and cooperation necessary in furtherance of such action, as may be reasonably requested by Assignee from time to time.

4. Definitions; Terms of the Membership Interest Purchase Agreement. Capitalized terms used in this IP Assignment, but not otherwise defined, shall have the meanings assigned to them in the MIPA. The representations, warranties, covenants, agreements, and indemnities contained in the MIPA shall not be superseded hereby,

but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the MIPA and the terms of this IP Assignment, the terms of the MIPA shall govern.
