INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT ("**IP Assignment**"), dated as of June 12, 2023, is made by Rebecca R. DeMarb, as Wis. Stats. Chapter 128 Receiver of Hufcor, Inc. ("**Receiver**"), a Wisconsin corporation ("**Seller**"), in favor of GIBCA Furniture Industry Co. Ltd. (LLC), of Ajman, United Arab Emirates ("**Purchaser**"), the purchaser of certain assets of Seller pursuant to the Asset Purchase Agreement between Purchaser and Seller, by the Receiver, dated May 5, 2023 (the "**APA**").

WHEREAS, under the terms of the APA, Seller has conveyed, transferred, and assigned to Purchaser, among other assets, certain intellectual property of Seller, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office, the United States Copyright Office, and corresponding entities or agencies in any applicable jurisdictions;

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby irrevocably conveys, transfers, and assigns to Purchaser, and Purchaser hereby accepts, all of Seller's right, title, and interest in and to the following, including all (the "**Assigned IP**"):

(a) the patent applications and patents set forth on Schedule 1 hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the "**Patents**");

(b) the trademark registrations set forth on Schedule 2 hereto and all renewals thereof (the "**Trademarks**"), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(c) the copyright registrations set forth on Schedule 3 hereto and all issuances, extensions, and renewals thereof (the "**Copyrights**");

(d) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing;

(e) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages;

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Purchaser. Following the date hereof, upon Purchaser's reasonable

request, and at Purchaser's sole cost and expense, Seller shall take such steps and actions, and provide such reasonable cooperation and assistance to Purchaser and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as are reasonably necessary or desirable in Purchaser's sole discretion to effect, evidence, perfect or record the assignment of the Assigned IP to Purchaser, or any assignee or successor thereto in the respective country identified in Schedules 1-3.

3. Terms of the APA. The parties hereto acknowledge and agree that this IP Assignment is entered into pursuant to the APA, to which reference is made for a further statement of the rights and obligations of Seller and Purchaser with respect to the Assigned IP. The representations, warranties, covenants, agreements, and indemnities contained in the APA shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the APA and the terms hereof, the terms of the APA shall govern.

4. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

5. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6. Amendment and Modification. This IP Assignment may only be amended, modified, or supplemented by an agreement in writing signed by each party hereto.

7. Governing Law. This IP Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this IP Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Wisconsin, without giving effect to any choice or conflict of law provision or rule (whether of the State of Wisconsin or any other jurisdiction).

8. Forum Selection. The exclusive venue for any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this IP Assignment and the transactions contemplated hereby shall be the State of Wisconsin Rock County Circuit Court Case No. 22CV477, Honorable Frank Remington presiding (the "Court") (and the appropriate appellate courts). The Parties irrevocably consent to the exercise of personal jurisdiction over them by the Court and waive any claims of forum non conveniens or similar argument or defense which would prevent the exercise of jurisdiction over the parties or require transfer of the action from the Court.

9. Waiver. No waiver by any party of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving. Except as otherwise set forth in this IP Assignment, no failure to exercise, or delay in exercising, any right, remedy, power, or

privilege arising from this IP Assignment shall operate or be construed as a waiver thereof; and any single or partial exercise of any right, remedy, power, or privilege hereunder shall not preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

10. Entire Agreement. This IP Assignment constitutes the sole and entire agreement of the parties with respect to the subject matter contained herein, and supersedes all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter.
