INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (this "Agreement") is entered into as of September 22, 2023 by and between Fisher & Company, Incorporated, a Michigan corporation (the "Grantor"), and GREAT ROCK CAPITAL PARTNERS MANAGEMENT, LLC, as administrative agent for the lenders (in such capacity, the "Administrative Agent").

RECITALS

A. The Grantor, the Administrative Agent, the other loan parties party thereto and the lenders party thereto have entered into that certain Credit Agreement dated as of the date hereof (as it may be further amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement").

B. In connection with the Credit Agreement, the Grantor entered into that certain Pledge and Security Agreement dated as of the date hereof (as it may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") with the Administrative Agent. All capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Credit Agreement and the Security Agreement.

C. Pursuant to the terms of the Security Agreement, the Grantor pledged, assigned, and granted to the Administrative Agent, a first-priority security interest in the Collateral of Grantor as set forth and defined in the Security Agreement to secure the prompt and complete payment and performance of the Secured Obligations (as defined in the Credit Agreement).

D. Pursuant to the terms of the Security Agreement, the Grantor is required to execute and deliver to the Administrative Agent, this Agreement.

AGREEMENT

In consideration of the recitals set forth above and the mutual agreements contained herein and in the Credit Agreement and other Loan Documents, the Grantor hereby grants to the Administrative Agent, to secure the Secured Obligations, a continuing security interest in all of such Grantor's right, title, and interest in, to, and under the following, whether now owned by or owing to, or hereafter acquired by or arising in favor of such Grantor (including any trade name or derivations thereof):

- (1) each patent and patent application (collectively, "Patents"), and all of the goodwill of the business connected with the use of, and symbolized by, each Patent, including without limitation, those referred to in Schedule 1 attached hereto;
- (2) each trademark, trademark application, service mark, service mark application, trade name, mask work (collectively, "Trademarks"), and all of the goodwill of the business connected with the use of, and symbolized by, each Trademark, including without limitation those referred to in Schedule 2 hereto;
- (3) all reissues, renewals, continuations, or extensions of the foregoing; and
- (4) all products and proceeds of the foregoing, including without limitation, any claim by the Grantor against third parties for past, present, or future infringement or dilution of any Patent or any Trademark, and any patent issued pursuant to a patent application or

trademark issued pursuant to a trademark application (items 1 through 4 being herein collectively referred to as the "IP Collateral").

The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement; provided, however, that nothing in this Agreement shall expand, limit, or otherwise modify the security interests granted in the Security Agreement. Each Grantor acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the IP Collateral made and granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract.

This Agreement shall be governed by, and construed in accordance with, the internal laws (and not the law of conflicts) of the State of New York, but giving effect to federal laws applicable to national banks.
