NOW, THEREFORE, the Parties, in consideration of the covenants and agreements contained herein and in the Purchase Agreement, do hereby agree as follows:

1. Assignment of Intellectual Property. The Asset Seller Companies hereby assign to Buyer, and its successors, representatives, and assigns, any and all rights, title, and interests (including goodwill) in each of the Transferred Business Intellectual Property set forth on Schedule 1 hereto, free and clear of any Liens, other than Permitted Liens.

8. Severability. If any of the provisions of this Assignment are held by any court of competent jurisdiction to contravene, or to be invalid under, the laws of any political body having jurisdiction over the subject matter hereof, such contravention or invalidity shall not invalidate the entire Assignment. Instead, this Assignment shall be construed as if it did not contain the particular provision or provisions held to be invalid, and an equitable adjustment shall be made and necessary

provision added so as to give effect to the intention of the Parties as expressed in this Assignment at the time of execution of this Assignment.

9. Waivers and Amendments. Except as otherwise set forth herein, any waiver of any term or condition of this Assignment or any amendment hereto shall be effective only if in writing and signed by each of the Parties.
