INTELLECTUAL PROPERTY AGREEMENT

THIS INTELLECTUAL PROPERTY AGREEMENT is made this 1<sup>st</sup> day of March 2023 (this “IPA”), by and among VALVOLINE LLC, a Delaware Limited Liability Company (“VLLC”), VALVOLINE LICENSING AND INTELLECTUAL PROPERTY LLC, a Delaware Limited Liability Company (together with VLLC, “VLIP”), and VGP IPCO LLC, a Delaware Limited Liability Company (“VGIP”). This IPA is entered into pursuant to the transactions contemplated by the Equity Purchase Agreement (defined below). Unless otherwise indicated, capitalized terms used herein without definitions shall have the meanings specified therefor in the Equity Purchase Agreement.

W I T N E S S E T H:

WHEREAS, VLIP has agreed to sell, convey, assign, contribute, distribute or otherwise transfer to VGIP all of VLIP’s right, title and interest in, to and under the VGP IP (defined below); and

WHEREAS, VGIP has agreed to purchase, acquire and accept all of VLIP’s right, title and interest in, to and under the VGP IP, and to assume all Assumed Liabilities arising out of or relating to the VGP IP, as defined and more fully set forth in the Equity Purchase Agreement;

NOW, THEREFORE in consideration of the transactions contemplated by the Equity Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

SECTION 1. Definitions. For purposes of this IPA, the following terms shall have the following meanings:

- (a) “Scheduled Copyrights” means the Copyrights set forth on Schedule 1.
- (b) “Scheduled Domain Names” means the Domain Names set forth on Schedule 2.
- (c) “Scheduled IP Contracts” means the Contracts set forth on Schedule 3.
- (d) “Scheduled Patents” means the Patents set forth on Schedule 4.
- (e) “Scheduled Representative Categories” means all other Intellectual Property primarily related to, primarily used in, or primarily held for use for, the VGP Business, including the representative categories set forth in Schedule 5.
- (f) “Scheduled Trademarks” means the Trademarks set forth on Schedule 6.
- (g) “Scheduled Social Media Handles/Accounts” means the Social Media Handles/Accounts set forth in Schedule 7.

(h) “VGP Business” means, collectively, (i) the business and operations of manufacturing, distributing, marketing and selling engine and automotive preventive maintenance products to mass market and automotive parts retailers, installers, and commercial customers (including distributors and licensees and original equipment manufacturers) to service light- and heavy-duty vehicles and equipment as conducted by Valvoline Inc., a Kentucky corporation, and its Subsidiaries and (ii) the retail services business conducted in the People’s Republic of China and its possessions and territories, including Macau and Hong Kong (but excluding Taiwan), as conducted by Valvoline Inc., a Kentucky corporation, and its Subsidiaries.

(i) “VGP IP” means, collectively, the Scheduled Copyrights, the Scheduled Domain Names, the Scheduled IP Contracts, the Scheduled Patents, the Scheduled Representative Categories, the Scheduled Trademarks, and the Scheduled Social Media Handles/Accounts.

## SECTION 2. Assignment and Assumption.

(a) VLIP hereby sells, conveys, assigns, contributes, distributes or otherwise transfers to VGIP, and VGIP hereby purchases, acquires and accepts, all of VLIP’s entire and undivided right, title and interest in, to and under the VGP IP, together with all the associated goodwill of its business symbolized by the Scheduled Trademarks, all of VLIP’s tangible and intangible rights in the VGP IP, the right to make future conveyances of the VGP IP, and to any and all causes of action heretofore accrued or accruing for infringement or threatened infringement or alleged infringement of the VGP IP, including the right to sue for all claims, benefits and damages based upon past, current, or future infringement, and to retain all gross proceeds therefrom, and all other rights, including common law rights, relating to the VGP IP, to the extent such rights exist now or may exist in the future. VGIP hereby assumes all Assumed Liabilities arising out of or relating to the VGP IP.

(b) Without limitation to the generality of the foregoing, with respect to United States intent-to-use trademark applications included in the VGP IP (“ITU Applications”), the assignment granted under this Section 2 accompanies, pursuant to the transactions contemplated by the Equity Purchase Agreement, the transfer of the business or portion of the business of VGIP and its affiliates to which such ITU Applications pertain, and that business is ongoing and existing, or the transfer of such ITU Applications shall not be effective until the expiration of any period during which the assignment thereof would impair, under applicable federal law, the registrability of such ITU Applications or the validity or enforceability of registrations issuing from such ITU Applications.

SECTION 3. Recordation. VLIP hereby authorizes VGIP to record this IPA, including any short-form instruments of assignment reasonably acceptable to VLIP and consistent with the terms of this IPA, with any relevant Governmental Entity so as to perfect its ownership of the VGP IP. VLIP hereby authorizes and requests the Commissioners of Patents and Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office and other empowered officials of the United States Copyright Office, officials of corresponding entities or agencies in any applicable jurisdictions, and any other relevant authority, including the registrars where the Domain Names included in the VGP IP are registered, to transfer all registrations and registration applications for the VGP IP to VGIP as assignee of VLIP’s entire right, title and

interest therein, including the associated goodwill in the Scheduled Trademarks, or otherwise as VGIP may direct, in accordance with this instrument of assignment, and to issue to VGIP all registrations which may issue with respect to any applications for an intellectual property right included in such VGP IP.

SECTION 4. Equity Purchase Agreement. Nothing in this IPA, express or implied, is intended to or shall be construed to supersede, modify, replace, amend, rescind, waive, expand or limit in any way the rights of the parties under, and the terms of, the Equity Purchase Agreement, dated as of July 31, 2022, between Valvoline Inc., Gateway Velocity Holding Corp. and, solely for the purposes set forth therein, Aramco Overseas Company B.V. (the "Equity Purchase Agreement"). To the extent that any provision of this IPA conflicts or is inconsistent with the terms of the Equity Purchase Agreement, the Equity Purchase Agreement shall govern, including with respect to the enforcement of the rights and obligations of the parties to this IPA. To the extent that any defined term is used but not independently defined in this IPA, such defined term shall have the meaning given to it in the Equity Purchase Agreement.

SECTION 5. Assignment and Assumption Agreement. This IPA is intended to be effective substantially concurrently with the Assignment and Assumption Agreement by and between VLLC and VGP Holdings LLC, which provides for the assignment of certain assets to VGP Holdings LLC and the assumption of certain liabilities by VGP Holdings LLC.

SECTION 6. Further Assistance. VLIP will provide to VGIP, its successors, assigns and other legal representatives, reasonable cooperation and assistance, and do all acts and take such further action, including the execution, acknowledgment and delivery of such additional documents, including instruments of transfer and recordable assignments, as VGIP may reasonably request and as may be required under the applicable trademark and other intellectual property laws and requirements of particular jurisdictions to carry out and fulfill the purposes and intent of this IPA to transfer the VGP IP.

SECTION 7. Transaction Agreements. The parties hereto acknowledge and agree that this IPA shall be deemed a Transaction Agreement for purposes of the Equity Purchase Agreement.

SECTION 8. Headings. The headings in this IPA are for reference only and shall not affect the interpretation of this IPA.

SECTION 9. Binding Effect. This IPA shall be binding upon the parties hereto and shall inure to the benefit of and be enforceable by each of them and their respective successors and permitted assigns.

SECTION 10. Amendments and Waivers. This IPA may be amended or waived if, and only if, such amendment or waiver is in writing and signed by the party against whom such amendment or waiver shall be enforced. The failure of any party to exercise any right, power or remedy provided under this IPA or otherwise available in respect hereof at Law or in equity, or to insist upon compliance by any other party with its obligations hereunder, shall not constitute a waiver by such party of its right to exercise any such or other right, power or remedy or to demand such compliance.

SECTION 11. No Third-Party Beneficiaries. This IPA is for the sole benefit of the parties hereto and their successors and permitted assigns and nothing herein expressed or implied shall give or be construed to give to any Person, other than the parties hereto and their successors and permitted assigns, any legal or equitable rights or remedies hereunder.

SECTION 12. Entire Agreement. This IPA, together with the Equity Purchase Agreement and the Brand Agreement, constitutes the sole and entire agreement of the parties to this IPA with respect to the subject matter contained herein, and supersedes all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter.

SECTION 13. Consent to Jurisdiction. Each party irrevocably and unconditionally submits to the exclusive jurisdiction of the Supreme Court of the State of New York, New York County, the United States District Court for the Southern District of New York and any appellate courts thereof with respect to any appeals for the purposes of any suit, action or other Proceeding related to or arising out of this IPA or the assignment and assumption under Section 2, and irrevocably and unconditionally waives any objection to the laying of venue of any such suit, action or Proceeding in any such court, and further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such suit, action or Proceeding has been brought in an inconvenient forum. Each party agrees that service of any process, summons, notice or document by registered mail to, in the case of VLIP, Seller's address set forth in Section 9.04 of the Equity Purchase Agreement, and, in the case of VGIP, Purchaser's address set forth in Section 9.04 of the Equity Purchase Agreement, shall be effective service of process for any such suit, action or Proceeding.

SECTION 14. WAIVER OF JURY TRIAL. EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO ANY SUIT, ACTION OR OTHER PROCEEDING RELATED TO OR ARISING OUT OF THIS IPA OR THE ASSIGNMENT AND ASSUMPTION UNDER SECTION 2.

SECTION 15. Governing Law. This IPA, and all matters, claims or causes of action (whether in contract or tort) based upon, arising out of or relating to this IPA or the negotiation, execution or performance of this IPA, shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to any choice or conflict of Laws provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of New York.

SECTION 16. Counterparts. This IPA may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each party and delivered to the other party. Delivery of an executed counterpart of a signature page of this IPA by electronic image scan transmission shall be effective as delivery of a manually executed counterpart of this IPA.
