GRANT OF SECURITY INTEREST IN TRADEMARK AND PATENT RIGHTS

This GRANT OF SECURITY INTEREST IN TRADEMARK AND PATENT RIGHTS (“**Agreement**”), effective as of October 3, 2023 is made by REVANT, LLC, an Oregon limited liability company (“**Grantor**”), and EXPORT DEVELOPMENT CANADA (“**Secured Party**”).

Grantor has executed and delivered a Security Agreement, dated as of October 3, 2023 in favor of Secured Party (as amended, supplemented or otherwise modified from time to time, the “**Security Agreement**”). Grantor has pledged and granted to Secured Party a continuing security interest in all Intellectual Property, including the Trademarks and Patents.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Grantor agrees, for the benefit of Secured Party, as follows:

1. **Definitions.** Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement have the meanings provided or provided by reference in the Security Agreement or Loan Agreement referred to therein.

2. **Grant of Security Interest.** Grantor hereby pledges and grants a continuing security interest in, all of Grantor’s right, title and interest in, to and under the Patents and Trademarks described on Schedule A hereto (collectively, the “**Collateral**”), to Secured Party to secure payment, performance and observance of the Secured Obligations.

3. **Purpose.** This Agreement has been executed and delivered by Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office, the Canadian Intellectual Property Office, and other relevant registers anywhere in the world. The security interest granted hereby has been granted to Secured Party in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of Secured Party thereunder) shall remain in full force and effect in accordance with its terms.

4. **Acknowledgment.** Grantor does hereby further acknowledge and affirm that the rights and remedies of Secured Party with respect to the security interest in the Collateral granted hereby are more fully set forth in the Loan Agreement, Guarantee and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

5. **Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together constitute one and the same original.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the day and year first above written.
