INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (“Assignment”) is entered into effective as of August 1, 2023 (“Effective Date”), by and between VLE Properties, Inc. (“Assignor”) and Artemis Marking Corp. (“Assignee”).

WHEREAS, affiliates of Assignor are entering into an Asset Purchase Agreement, dated as of the date hereof (the “Purchase Agreement”), by and among Great American MS, LLC, a Delaware limited liability company, Great American TN, LLC, a Delaware limited liability company, The Great American Home Store, Inc., a Mississippi corporation, The Great American Home Store II, Inc., a Mississippi corporation, and the other parties thereto;

WHEREAS, in connection with the transactions contemplated by the Purchase Agreement, Assignor desires to grant, sell, transfer, assign, convey and deliver to Assignee and Assignee desires to obtain from Assignor, all of Assignor’s right title and interest in and to those Materials (as defined below) owned by Assignor and used in connection with the Business (as defined in the Purchase Agreement) and all Intellectual Property Rights (as defined below) therein, including, but not limited to, those trademarks set forth on Schedule 1 hereto.

NOW THEREFORE, in order to perfect the ownership of the Intellectual Property Rights by Assignee, Assignor agrees as follows:

1. The following terms, in addition to the terms defined on first use herein, shall have the meanings set forth below:

a. “**Intellectual Property Rights**” means any and all intellectual and industrial property rights and other similar proprietary rights, in any jurisdiction, whether registered or unregistered, including all rights pertaining to or deriving from (a) patents, patent applications, and inventions, including all divisionals, continuations, continuation-in-parts, reissues, reexaminations, inter partes reviews and post grant reviews; (b) trademarks, service marks, trade dress, brands, logos, slogans and trade names (in each case, together with all goodwill associated therewith and all registrations and applications therefor); (c) copyrights, works of authorship, moral rights (and all registrations and applications therefor); (d) Internet domain names and social media identifiers; (e) software; (f) trade secrets and other confidential information; (g) all extensions and renewals of any of the foregoing; and (h) all other intellectual property rights and causes and claims of action, either in law or in equity for past, present or future infringement, misappropriation of any of the foregoing, and in and to all rights corresponding to the foregoing throughout the world, including but not limited to, the right to duplicate, reproduce, copy, distribute, display, license, adapt, and prepare derivative works from the foregoing.

b. “**Materials**” shall mean and refer to such trademarks, service marks, brands, trade dress, trade names, logos, corporate names, domain names and social media accounts or user names (including “handles”), and other similar designations of source or origin, together with the goodwill symbolized by any of the foregoing, writings, technology, inventions, discoveries, processes, techniques, methods, ideas, concepts, research, proposals, components, materials, plans, strategies, techniques, agreements, contracts, databases, communications, studies, analyses, negotiations, specifications, customer information, client information, customer lists, marketing information, advertising information, training, and sales information, and all other works of authorship and work product of any nature whatsoever (whether or not copyrightable), including any copyrights in and to the same, that were created, prepared, produced, authored, edited, modified, conceived, or reduced to practice, in whole or in part, by or for Assignor and which are owned and used by Assignor in connection with the Business (as defined in the Purchase Agreement).

2. Assignor hereby sells, assigns, transfers, quitclaims and relinquishes to Assignee, its successors and assigns, all right, title and interest in and to the Materials, including all Intellectual Property Rights therein, and including Assignor's rights to use and modify the Materials. Assignee shall have the right to utilize (or not utilize) the Materials and the Intellectual Property Rights therein in such manner as Assignee, in its sole discretion, shall determine, with the right to make such changes in and uses of the Materials as it may choose and the right to exploit the Materials by any and all means, in any and all media, whether now known or hereafter devised, throughout the universe in perpetuity. The Intellectual Property Rights include all rights, whether existing now or in the future, whether statutory or common law, in any jurisdiction in the world, related to the Materials, including the rights to apply for and maintain all such registrations, renewals and extensions; to sue for all past, present and future infringements or other violations of any rights relating thereto; and to settle and retain proceeds from any such actions.

3. Assignor hereby agrees to execute, upon the reasonable request of Assignee and at Assignee's sole cost and expense, such additional documents as may be necessary to give full force and effect to the rights of Assignee under this Assignment in and to the Materials.

4. Assignor agrees that, in the event of any dispute between Assignee and Assignor regarding the Materials and/or this Assignment, Assignor's remedies against Assignee will be limited to the right to recover actual damages suffered, if any, in an action at law. Assignor agrees that this Assignment and the agreements, assignments and licenses made herein cannot be terminated and Assignor agrees to waive and hereby does waive any right or remedy in equity, including any right to rescind Assignee's rights in the Materials, or to enjoin the use thereof or works based upon, derived from, or incorporating the Materials whatsoever.

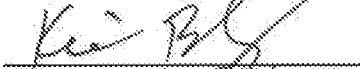

5. This Agreement encompasses the entire agreement of the parties and supersedes all previous understandings and agreements between the parties relating to the Materials, whether oral or written. The parties acknowledge and agree that they have not relied on any representation, assertion, guarantee, or other assurance, except as set forth in this Agreement, made by or on behalf of either party hereto prior to the execution of this Agreement. This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by all parties hereto. This Assignment shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors. This Assignment and the performance hereunder shall be governed by and construed in accordance with the laws of the State of Delaware. This Assignment may be executed in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed will be deemed to be an original but all of which taken together will constitute one and the same agreement. Signature pages transmitted by facsimile, e-mail or other electronic means shall be deemed to be originals.
