Trademark and Domain Name Assignment

This Trademark and Domain Name Assignment is effective as of October 31, 2023 at 12:00 Central European Time ("Effective Time"), between PSS Polymer Standards Service GmbH, a company organized and existing under the laws of Germany and registered with the German commercial register of the local court of Mainz under HRB 3232 ("Assignor"), and Agilent Technologies, Inc., a Delaware corporation ("Assignee").

WHEREAS, pursuant to an Intangible Asset Transfer and License Agreement effective as of the Effective Time by and between Assignor and Assignee, Assignor has agreed to assign or cause to be assigned to Assignee all of Assignor's rights, title and interest in and to certain trademarks and domain names, along with the goodwill associated therewith, with effect as of the Effective Time; and

WHEREAS, the Assignor and Assignee desire to enter into this Trademark and Domain Name Assignment to effect such assignment.

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, it is hereby agreed by and between the parties as follows:

1. Assignor hereby grants, conveys and assigns to Assignee, on a worldwide basis, all rights, title and interest in and to the trademarks (including trademarks that are registered, those that are pending registration, those that are unregistered, and all common law rights appurtenant thereto and the goodwill of the business associated therewith) and the Internet domain names listed in **Schedule A** hereto and in and to all other trademarks, service marks, common law marks, trade names, business names, designs, logos, trade dress, designations of origin or quality used by Assignor, and all other trademark-related rights, including all applications and registrations for each of the foregoing items and including all goodwill associated with and symbolized by each of the foregoing items that are owned by Assignor, and all renewal rights and priority rights derived from any of the foregoing (the "Assigned Trademark Rights").

2. Assignor further grants, conveys and assigns to Assignee, on a worldwide basis, all of its rights, title and interest in and to the Assigned Trademark Rights, together with the associated goodwill in the Assigned Trademark Rights and in the business, products, and services associated with and symbolized by the Assigned Trademark Rights, including any and all rights, priorities, and privileges of Assignor under the laws of the United States and any of its states, the laws of any other jurisdiction, multinational law, and any compact, treaty, protocol, convention, or organization.

3. Assignor further grants, conveys and assigns to Assignee, on a worldwide basis, all of its rights, title, and interest in and to any and all proceeds, causes of action, rights to sue and bring claims, and all other rights of action and recovery for past, present, and future infringement or other violation of any of the Assigned Trademark Rights, including rights to injunctive relief, damages, enhanced and exemplary damages, attorneys' fees, costs and expenses and all other legal and equitable remedies.

4. The parties understand and intend that this Trademark and Domain Name Assignment is to be recorded in the United States Patent and Trademark Office and elsewhere around the world as appropriate.

5. This Trademark and Domain Name Assignment may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original. Assignor will sign such additional documents as may be necessary to perfect or record this assignment and to carry out the intent of the parties as reflected in this assignment.
