INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "IP Security Agreement") dated August 31, 2022, is made by Sygnia Consulting Ltd. (the "Grantor" or the "Company") in favor of Bank Leumi le-Israel B.M. (the "Secured Party" and together with the Grantor, the "Parties")

WHEREAS, the Parties have entered into a Loan and Security Agreement on or about August 31, 2022 as may be amended, modified, extended or renewed from time to time (the "Loan Agreement"). Terms defined in the Loan Agreement and not otherwise defined herein are used herein as defined in the Loan Agreement.

WHEREAS, as a condition precedent to the making of loan and credits under the Loan Agreement, the Grantor hereby grant to the Secured Party, a security interest in, among other property, certain intellectual property of the Grantor, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the relevant patent and/or trademark office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. **Grant of Security.** Grantor hereby grants to the Secured Party a security interest in all of such Grantor's (including, without limitations, Grantor's subsidiaries, related or affiliated companies') rights, title and interest in and to the following (the "Collateral"):
 - 1.1. the trademark set forth in Schedule A hereto (the "Trademark") and any right derived therefrom;
 - 1.2. the patent(s) and patent application(s) set forth in Schedule B hereto (the "Patents");
 - 1.3. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;
 - 1.4. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
 - 1.5. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.
2. **Security for Obligations.** The grant of a security interest in the Collateral by Grantor under this IP Security Agreement secures the payment of all obligations of the Grantor now or hereafter existing under or in respect of the Loan Agreement, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the secured obligations and that would be owed by the Grantor to the Secured Party under the Loan Agreement. All security interests that have been or may be created in favor of the Secured Party for payment and performance of the secured liabilities under Section 3 of the Loan Agreement shall be independent of one another.
3. **Recordation.** The Grantor authorizes and requests that the Commissioner or Registrar for Patents and any other applicable government officer record this IP Security Agreement, if relevant.
4. **Representations and Warranties.** The Company hereby represents and warrants as follows:
 - 4.1. The Company is, and will remain during the term of the Loan Agreement, duly incorporated and validly registered under the laws of the State of Israel, with power and authority to own assets and to carry on its business as now being conducted, and is, and will remain, duly existing, qualified and licensed in every jurisdiction wherever necessary to carry on its business and operations.

 - 4.3. All corporate action on the part of the Company, its directors, and its shareholders (if applicable) necessary for the authorization, execution and delivery of the IP Security Agreement and the performance of all of its obligations hereunder have been duly taken.
 - 4.4. Except as may be limited by applicable bankruptcy, insolvency, reorganization or similar laws relating to or affecting the enforcement of creditors' rights, this IP Security Agreement constitutes its legal, valid and binding obligation enforceable in accordance with its terms.
 - 4.5. All authorisations, consents and approvals, including any government approvals to the extent required, in connection with the entry into, performance, validity and enforceability of this IP Security Agreement and the transactions contemplated hereby have been obtained or effected and are in full force and effect and no steps have been taken to revoke or cancel any authorisation obtained or effected.
 - 4.6. The security interest created hereby constitutes a legal valid and binding, first ranking security and lien over the presently existing Collateral and will constitute a legal valid and binding, first ranking security and lien over the Collateral acquired after the date hereof, enforceable in accordance with the terms hereof. This IP Security Agreement confers the security interest it purports to confer over all of the Collateral and the security interest is not subject to any senior or *pari passu* security interests.
 - 4.7. As at the date of execution of this IP Security Agreement, the Company is not subject to any bankruptcy, winding-up, creditors' arrangement or any other similar insolvency proceedings for the reorganization of the affairs of the Company and no such arrangement or proceedings have been threatened against the Company.
 - 4.8. The Company is, and will remain, the sole and lawful owner, and in possession of, the Collateral, and has the sole right and lawful authority to grant the security interest described in this IP Security Agreement. The Collateral is, and will remain, free and clear of all liens, claims and encumbrances of any kind whatsoever. The Collateral is not affected by any restriction or condition relating to the transfer of ownership therein or to the mortgage, pledge or charge thereof, either at law or under any agreement whatsoever.
5. **Undertakings.** The Company hereby undertakes as follows:
- 5.1. The Company shall not sell, convey, transfer, license, grant or lease or otherwise dispose of (or agree to do any of the foregoing at any future time) any Collateral other than non-exclusive licenses provided by the Company in the ordinary course of business.
 - 5.2. The Company shall not create, or permit to exist, any liens, restrictions, claims and encumbrances of any kind whatsoever on any of the Collateral (whether ranking in priority to or after the security interests created hereby), nor shall it enter into any other agreement or financing arrangement in which a negative pledge in any of its Collateral, is granted to any other party.
 - 5.3. The Company shall defend the Collateral or cause the Collateral to be defended against, and shall take, at its expense, any action necessary to remove any security interest over the Collateral, and shall defend the right, title and interest of the Secured Party in and to any Collateral against the claims and demands of all other persons.
 - 5.4. The Company will not take any action which could expected to prejudice or damage the enforceability of the security interest created hereunder.
 - 5.5. The Company will allow the Secured Party or the Secured Party's representatives during normal business hours to inspect the Company's documentation with respect to the Collateral wherever the same may be.
 - 5.6. Without derogating from the rights of the Secured Party, Company shall notify the Secured Party of any default under this IP Security Agreement (and the steps, if any, being taken to remedy it) promptly (but in any event within 7 days) upon it becoming aware of the occurrence thereof. The rights of the Secured Party hereunder may be exercised as often as necessary and are cumulative and not exclusive of its rights under the general law.

- 6.4. Amendments. Any term of this IP Security Agreement may be amended or modified only by a written document signed by the Company and the Secured Party.

- 6.6. Severability. If a provision of this IP Security Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision hereof or the validity or enforceability in other jurisdictions of that or any other provision hereof. Where provisions of any applicable law resulting in such illegality, invalidity or unenforceability may be waived, they are hereby waived by each party to the full extent permitted so that this IP Security Agreement shall be deemed valid and binding agreements, in each case enforceable in accordance with its terms.
- 6.7. Counterparts, Facsimile Signatures. This IP Security Agreement may be executed in any number of counterparts, and this has the same effect as if the signatures on the counterparts were on a single copy of the IP Security Agreement.
