AMENDED BILL OF SALE AND ASSIGNMENT AGREEMENT

This Amended Bill of Sale and Assignment Agreement is made by Karen Sue Naylor, solely in her capacity as Chapter 7 Trustee (“Trustee”) of Yonder Global, PBC (“Debtor”), and Yonder Technology, Ltd, a company incorporated and registered in England and Wales with company number 12739942 (“Buyer”), and is effective on the 25th day of October, 2023 for the sale of certain assets of Debtor to Buyer.

RECITALS

A. Trustee is the duly appointed and acting Chapter 7 Trustee of the bankruptcy estate (the “Estate”) of Debtor, in the bankruptcy proceedings pending in the United States Bankruptcy Court, Central District of California (the “Court”), under Case No. 8:22-bk-11652-SC (the “Bankruptcy Case”)

A. The Debtor has made the following representations to the Trustee:

i. The Debtor was originally incorporated in the state of Delaware as Twenty Three Horizon Way, Inc. and changed its name to Yonder Global, Inc. on or about April 3, 2019. Yonder Global, Inc. changed its name to Yonder Global, PBC on or about May 26, 2020.

ii. Prior to the Petition Date, Debtor operated an international travel information service and booking platform for agro-tourism and eco-tourism and nature rich temporary accommodations and outdoor activities and adventures.

iii. In connection with operation of its business, Debtor owned and maintained certain intellectual property and assets, including but not limited to use of the trademark YONDER since at least as early as January 2020 in connection with the services provided by the Debtor. The Debtor owns a United States trademark registration for YONDER in Class 09 and 43 (Reg. No. 6228584) for the aforementioned goods and services.

iv. On or around January 2020, the Debtor acquired the United States Trademark registration for YONDER in Class 29 (Reg. No. 3652538) claiming “Travel information services” (the “538 YONDER Registration”), and the United States trademark registration for YONDER in Class 09 and 43 claiming, in part, “computer application software...for providing information in the fields of travel...” and “providing on-line social networking services in the fields of travel...” (the “YONDER ‘620 Registration”). According to the Debtor, the ‘538 YONDER Registration was filed on September 2, 2008, and registered on July 7, 2009, and that the ‘620 YONDER Registration was filed on April 3, 2013, and registered on December 9, 2014.

v. The Debtor’s intellectual property assets (the “IP Assets”) as represented by the Debtor may be summarized as follows:

Yonder.com Domain Portfolio

Includes the yonder.com domain and a large collection of non dot-com yonder domains as well as common misspellings of the word “yonder.”

Trademark Portfolio

US & International

Federal Trademark Office

A more detailed description of the IP Assets is set forth in Exhibit "1" attached hereto.

B. Buyer entered into an Overbid Purchase Agreement with the Trustee for the purchase of the IP Assets. Following an auction between competing buyers, the Court approved a sale of the IP Assets to Buyer for the sum of \$65,000 (the "Sale Consideration"). The Court's Order approving the sale of the IP Assets to Buyer was entered on September 1, 2023 as Doc. 57.

C. Buyer has fully paid the Sale Consideration and Trustee hereby acknowledges receipt of same.

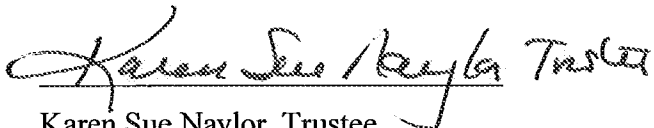

Now, therefore, the Trustee does hereby represent:

BILL OF SALE

1. Trustee hereby conveys and assigns to Buyer, free and clear of any liens, interests, and encumbrances, all right, title, goodwill, and interest of the Debtor and the Estate in and to the IP Assets.
2. Buyer shall be responsible for taking all actions, including preparation of any documents required, to effectuate the proper transfer of the IP assets to Buyer. These actions also include payment of any costs or fees that may be required to sell, transfer or register the Buyer's interests in the IP Assets and to preserve, reinstate, or obtain access to the IP Assets. Trustee will cooperate with the Purchaser in the effectuation of the transfer, including signing all documents required to effectuate the transfer of any of the IP Assets.

Executed on December 6, 2023, at Newport Beach, California.

IC043 -- Booking agri-eco-accommodations namely, making reservations and booking temporary lodging for agricultural tourism and booking of eco-lodging via a website.	REGISTERED 1/20/2020 – Notification of Provisional Refusal issued. Provisional Refusal Response due: 3/22/2021 (Refusal says holder has until 4/20/2021 to overcome issues but responses should get to office no later than 20 business days prior to 4/20/2021). Examiner raised these issues in the Provisional Refusal: * a minor classification query on the basis that the class 43 claim is too vague for classification purposes. * raised citation objections on the basis of earlier marks 1601035 YONDER, 1651257 YONDER and 1789105 YONDER.

F/A recommends:

*Make minor amendment to class 43 services classification.

*If there is no evidence of use of the subject mark in Australia available, he recommends assigning the subject application to Yonder Global, Inc., and subsequently filing submissions arguing that the subject application has prior registered rights for similar goods, and that there is no overlap in the goods protected under earlier mark 1789105 and the claimed goods and services. The mark can then be assigned back.

9/25/2020 - D.M. authorized amendments of descriptions. Will forward assignments and respond to rest of F/A's email soon.

9/26/2020 – Notice from IP Australia: The trademark has not yet been protected in Australia. Grounds for refusal based on an opposition may be raised after the expiry of the 18 month time limit. You will be advised of the opposition period.

2/26/2021 – F/A filed Response to Provisional Refusal.

Received Adverse Examination Report dated 3/31/21 from Examiner.

Examiner maintained provisional refusal against class 43. Prospects of overcoming the objections are less than 30%.

Other options:

1. File evidence of use.
2. Seek consent of owner of cited mark. Conduct further searches.
3. File non-use cancellation against cited mark. Conduct searches first.
4. Take no action.
5. Request hearing from senior examiner.

Deadline is **4/20/21** – if need to apply for extension or deferment.

4/19/2021 - DM instructed F/A to apply for 3 month extension and conduct a search for use of cited YONDER mark.

4/19/2021 - Extension granted. Deadline to respond to office action is **July 20, 2021**.

F/A found no use of cited mark YONDER (Yonder Group USA) in AU and recommends filing non-use cancellation. (results of search and recommendations in letter dated 4/22/2021). Will need to file extension of July 20 deadline if owner of cited Yonder mark opposes cancellation of its mark.

7/11/2021 – Email received from D. Bogunovic asking if we want to ask for extension of July 20 deadline to respond to Adverse Examination Report. D.M. emailed D. Bogunovic asking whether non-use cancellation was filed as recommended. Extension to respond was to be filed if owner of cited Yonder mark responded to the non-use cancellation.

7/14/2021: DM instructed local counsel to proceed with filing of non-use removal application against Yonder Reg. No. 1651287. Also instructed to file request to defer acceptance of YONDER pending outcome of non-use application.

7/17/2021: Local counsel notified DM that IP Australia acknowledged receipt of non-use application. If Yonder Group USA does not file a Notice of Intention to Oppose the application, the mark will be removed from the register.

[Side issue in emails discussing Australia application: WANDER mark - F/A analysis re: Wander mark – recommends taking no action. Marks are not similar and F/A does not find that Yonder Global's YONDER mark is in use in AU.]

9/23/2021 – IP Australia will be removing the Yonder Group USA YONDER mark from the register for non-use. Examination of client's mark will recommence upon completion of the non-use removal. Client's mark will have 6 days to gain acceptance before a further request for extension of at least one month will be required.

Notice of Acceptance issued by the Australia IP Office on 9/29/2021. Opposition period is two months from 9/29/2021. If no party opposes, the mark will be protected.
