Trademark Assignment

This TRADEMARK ASSIGNMENT (this "Assignment") dated as of May 31, 2022 (the "Effective Date"), is entered into by and between DuPont Industrial Biosciences USA, LLC, a Delaware limited liability company ("Assignor"), and Covation Inc., a Delaware corporation ("Assignee").

WITNESSETH:

WHEREAS, Assignor owns the trademarks and trademark applications set forth on Schedule A attached hereto (collectively, the "Transferred Marks") and all goodwill associated therewith; and

WHEREAS, Assignor desires to transfer, assign and convey to Assignee all of Assignor's right, title and interest in and to the Transferred Marks, and all goodwill associated therewith or symbolized thereby, and that Assignee accept such transfer, assignment and conveyance.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and agreements contained in this Assignment, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment. Pursuant to and subject to the terms and conditions of this Assignment, Assignor hereby assigns, transfers, sells and conveys to Assignee, and its successors and assigns, and Assignee hereby accepts, Assignor's entire right, title and interest in and to the Transferred Marks, and any renewals thereof, all registrations that have been or may be granted thereon, all common law rights thereto and all goodwill associated therewith or symbolized thereby as of the Effective Date, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with (A) the right to prosecute, register, maintain and defend the Transferred Marks before any public or private agency, office or registrar; (B) the right, if any, to claim priority based on the filing dates of any Transferred Marks under the laws of any jurisdiction and/or under international conventions or treaties; (C) the rights to all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of the Transferred Marks, including the right to sue and recover damages and obtain equitable relief for past, present and future infringement, misappropriation, dilution or other violation; (D) all rights to collect income, royalties, damages and other payments now or hereafter due or payable under or on account of the Transferred Marks; (E) the right to fully and entirely stand in place of Assignor in all matters related thereto and (F) all other rights corresponding thereto throughout the respective countries where Assignor holds rights in any of the Transferred Marks.

2. Cooperation. Assignor will, at its own expense, take all actions and execute and deliver all documents that are reasonably necessary or otherwise reasonably requested by Assignee to effect the terms of this Assignment and to perfect Assignee's title in and to the Transferred Marks, including without limitation to supplement or correct any incomplete or inaccurate information contained in the current recordation of any Transferred Mark.

3. Recordation. Subject to Section 2 hereof, Assignee will be solely responsible for all actions whatsoever and associated fees, including but not limited to taxes, attorneys' fees and trademark office fees in any jurisdiction, associated with the perfection of Assignee's right, title, and interest in and to the Transferred Marks and recordation and/or registration of this Assignment or any other document evidencing the assignment to Assignee of the Transferred Marks contemplated by this Assignment. Assignor authorizes the Commissioner for Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee and owner of the Transferred Marks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment.

4. Governing Law. This Assignment will be governed by the laws of the State of Delaware.

5. General Provisions. This Assignment may be executed in any number of counterparts, each of which will be deemed to be an original, and all of which together will constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Assignment by facsimile or electronic mail will be as effective as delivery of a manually executed counterpart of this Assignment. This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment will not waive any of its rights under such terms or provisions. This Assignment is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

[Remainder of this page intentionally left blank]

IN WITNESS WHEREOF, Assignor and Assignee have caused this instrument to be executed by their respective duly authorized representatives as of the Effective Date.

ASSIGNOR:

DUPONT INDUSTRIAL BIOSCIENCES
USA, LLC

By:
