TRADEMARK SECURITY AGREEMENT

TRADEMARK SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “*IP Security Agreement*”), dated as of December 22, 2023, is made by the Persons listed on the signature pages hereof (collectively, the “*Grantors*”) in favor of Monroe Capital Management Advisors, LLC (“*Monroe*”), as collateral agent (in such capacity, together with any successor collateral agent appointed pursuant to Article IX of the Credit Agreement, the “*Collateral Agent*”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, BLP Buyer, Inc., a Delaware corporation (the “*Borrower*”), BLP Intermediate, Inc., a Delaware corporation (“*Holdings*”), each lender from time to time party thereto (collectively, the “*Lenders*” and individually, a “*Lender*”), and Monroe, as administrative agent for the Lenders and Collateral Agent, entered into that certain Senior Secured Credit Agreement, dated as of December 22, 2023 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “*Credit Agreement*”). Terms defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement or, if not defined therein, as defined in the Security Agreement referred to below.

WHEREAS, as a condition precedent to the making of Loans by the Lenders and the issuance of Letters of Credit by the L/C Issuers under the Credit Agreement, the entry into Bank Product Agreements by the Bank Product Providers from time to time and the entry into Secured Hedge Agreements by the Hedge Banks from time to time, each Grantor has executed and delivered that certain Security Agreement, dated as of December 22, 2023, made by the Loan Parties party thereto from time to time, as grantors, to the Collateral Agent for the ratable benefit of the Secured Parties (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “*Security Agreement*”).

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain Intellectual Property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. Each Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in such Grantor’s right, title and interest in and to the following, in each case, as to each type of property described below, whether now owned or hereafter acquired by such Grantor, wherever located, and whether now or hereafter existing or arising, except for any Excluded Property (the “*Trademark Collateral*”):

- (i) the Trademark registrations and applications set forth in Schedule A hereto, together with the goodwill symbolized thereby (but, for the avoidance of doubt, excluding any intent-to-use Trademark application prior to the U.S. Patent and Trademark Office’s acceptance of a “Statement of Use” or “Amendment to Allege Use” with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability, or resulting in the voiding, of such intent-to-use Trademark application or any registration issuing therefrom under applicable federal law);

(ii) all reissues, extensions, and renewals of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto; and

(iii) any and all claims for damages and injunctive relief, rights to sue at law or equity, for any past, present and future infringement, dilution, misappropriation, violation, misuse, breach or other impairment with respect to any of the foregoing, with the right, but not the obligation, to settle, sue for and collect, or otherwise recover, such damages and injunctive relief.

SECTION 2. Security for Obligations. The grant of a security interest in the Trademark Collateral by each Grantor under this IP Security Agreement secures the payment of all Obligations of such Grantor.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict or inconsistency between this IP Security Agreement and the Security Agreement, the Security Agreement shall control.

SECTION 6. Governing Law, Jurisdiction, Etc.; Waiver of Jury Trial. Sections 10.16 (*Governing Law; Jurisdiction; Etc.*) and 10.17 (*Waiver of Jury Trial*) of the Credit Agreement are incorporated herein by reference, *mutatis mutandis*.

SECTION 7. Termination. This IP Security Agreement shall terminate and the lien on and security interest in the Trademark Collateral shall be released upon the indefeasible payment in full in cash of all the Obligations and the expiration of the Commitments. Upon the termination of this IP Security Agreement, the Collateral Agent shall, at the sole expense of the Grantors, execute all documents, make all filings and take all other actions reasonably requested by the Grantors to evidence and record the release of the lien on and security interests in the Trademark Collateral granted herein.

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
