OF
GRANT OF SECURITY INTEREST
IN
TRADEMARKS

United States Patent and Trademark Office

Ladies and Gentlemen:

Please be advised that pursuant to the Security and Pledge Agreement dated as of December 29, 2023 (as amended, modified, extended, restated, renewed, replaced, or supplemented from time to time, the “Agreement”) by and among the Grantors party thereto (each an “Grantor” and collectively, the “Grantors”) and Infinity SA LLC, a Delaware limited liability company, as Purchaser Agent (the “Purchaser Agent”) for the Secured Parties referenced therein, the undersigned Grantors have granted, and hereby grant, a continuing security interest in, and a right to set off against, the trademarks and trademark applications shown on Schedule 1 attached hereto, together with any and all (a) counterparts, extensions and renewals of any of the foregoing, (b) income, royalties, damages and payments now or hereafter due and/or payable under any of the foregoing or with respect to any of the foregoing, including, without limitation, damages or payments for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing, (c) right to sue for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing, and (d) rights corresponding to any of the foregoing (including the goodwill) throughout the world(collectively, the “Trademark Collateral”), in each case, to the Purchaser Agent for the ratable benefit of the Secured Parties.

The security interest granted pursuant to this Notice is granted in conjunction with the security interest granted to the Secured Parties pursuant to the Agreement, and the undersigned Grantors hereby acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Notice is deemed to conflict with the Agreement, the provisions of the Agreement shall control.

The undersigned Grantors and the Purchaser Agent, on behalf of the Secured Parties, hereby acknowledge and agree that the security interest in the foregoing trademarks and trademark applications (a) may only be terminated in accordance with the terms of the Agreement and (b) is not to be construed as an assignment of any trademark or trademark application.

This Notice and the transactions contemplated hereby, and all disputes between the parties under or relating to this Notice or the facts or circumstances leading to its execution, whether in contract, tort or otherwise, shall be construed in accordance with and governed by the laws (including statutes of limitation) of the State of New York, without regard to conflicts of law principles that would require the application of the laws of another jurisdiction.
