TRADEMARK ASSIGNMENT AGREEMENT

This Trademark Assignment Agreement (the “**Assignment**”) is hereby entered into on December 22, 2023 (the “**Effective Date**”), by and between Veev (assignment for the benefit of creditors), LLC, a California limited liability company (the “**Seller**”), in its sole and limited capacity as assignee for the benefit of creditors of Veev Group, Inc. (the “**Assignor**”), and Wall to Wall, LLC, a Delaware limited liability company (the “**Buyer**”). Seller and Buyer are parties to a certain Asset Purchase Agreement, dated as of December 22, 2023, by and among Seller, Buyer, and Wall to Floor, LLC, a Delaware limited liability company (the “**Asset Purchase Agreement**”). Capitalized terms used without definitions herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement.

1. Pursuant to and upon the terms of the Asset Purchase Agreement, Seller has agreed to irrevocably sell, assign, transfer and convey to Buyer, and Buyer has agreed to accept, all right, title and interest of Seller in and to the Purchased Assets, including, without limitation, all right, title and interest of Seller in and to any and all trademark rights throughout the world, including, without limitation, any and all trademark applications, trademark registrations, and common law marks, together with the goodwill of the business associated with and symbolized by same, including, without limitation, those set forth in **Schedule A** hereto (hereafter collectively referred to as “**Marks**”), together with (i) all rights of any kind whatsoever of Seller accruing under any of the Marks provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world; (ii) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any or all of the Marks; (iii) the right but no obligation of Seller to sue for past, present, or future infringement, dilution, misappropriation, violation, misuse, breach or default of any or all of said Marks and to collect, or otherwise recover, any damages; in each case of the foregoing ((i), (ii), and (iii), collectively, “**Trademark Rights**”), as fully and entirely as the same would have been held and enjoyed by Seller had this Assignment not been made.

2. Seller desires to irrevocably sell, assign, transfer and convey to Buyer, and Buyer desires to accept the sale, assignment, transfer and conveyance of, all of Seller’s right, title and interest in, to and under all such Marks and all associated Trademark Rights.

3. Seller, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby irrevocably sell, assign, transfer and convey to Buyer, and Buyer hereby accepts the sale, assignment, transfer and conveyance of, all right, title and interest of Seller in, to and under all Marks and all associated Trademark Rights. Seller hereby authorizes and requests the United States Patent and Trademark Office to record and register this Assignment upon request by Buyer. Following the Effective Date, upon Buyer’s request, Seller shall take such steps and actions, and provide such cooperation and assistance to Buyer and its successors, assigns and legal representatives, including without limitation, the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documents, as may be necessary to effect, evidence or perfect the assignment of the assigned Marks and associated Trademark Rights to Buyer, or any assignee or successor thereto, except that such Seller shall be reimbursed by Buyer for Seller’s reasonable costs and expenses incurred in providing such documents, instruments, endorsements or related information, which additional documents, instruments, endorsements or related information shall be prepared solely by Buyer.

4. Seller and Buyer acknowledge and agree that they are executing and delivering this Assignment in accordance with the Asset Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Seller and Buyer with respect to the Marks and associated Trademark Rights assigned pursuant to this Assignment. This Assignment is subject to all of the terms and conditions of the

Asset Purchase Agreement, and does not increase any liabilities or obligations nor decrease any rights or interests of either Seller or Buyer thereunder. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern.

5. This Assignment may be executed in multiple counterparts, each of which shall be deemed an original hereof, and all of which shall constitute a single agreement effective as of the date hereof. Any delivery of an executed counterpart of this Assignment by facsimile or electronic mail shall be as effective as delivery of a manually executed counterpart of this Assignment.

6. This Assignment shall be binding upon and shall inure to the benefit of the parties and their respective successors and assigns.

7. This Assignment shall be governed by and construed in accordance with federal bankruptcy law, to the extent applicable, and, where state law is implicated, the internal laws of the State of California, without giving effect to any principles of conflicts of law.
