NUNC PRO TUNC ASSIGNMENT OF INTELLECTUAL PROPERTY

This NUNC PRO TUNC ASSIGNMENT OF INTELLECTUAL PROPERTY (this "Assignment") is made and entered into effective *nunc pro tunc* as of March 25, 2020, by and between **Amphenol Phitek Limited**, a New Zealand limited company having an address at Nigel Arkell, 9 Brilliant Street, St Heliers, Auckland, 1071 New Zealand (the "Assignor"), and **Amphenol PCD, Inc.**, a Delaware corporation having an address at 72 Cherry Hill Drive, Beverly, Massachusetts 01915, USA (the "Assignee").

WHEREAS, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of all of Assignor's right, title and interest in and to the patent applications and patents listed in Schedule A below, and the inventions therein and any Letters Patent or Patents, United States or foreign, to be obtained therefor and thereon (the "Assigned Patents");

AND WHEREAS, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of all of Assignor's right, title and interest in and to the trademarks and associated goodwill listed in Schedule B below, together with all worldwide applications and registrations therefor (the "Assigned Trademarks"; the Assigned Patents and the Assigned Trademarks collectively referred to as the "Assigned Intellectual Property");

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties agree as follows:

1. Assignor does hereby sell, transfer, convey, assign, grant, set over and deliver to Assignee all of Assignor's right, title and interest in and to the Assigned Patents, and in and to any and all reissues, reexaminations or extensions of the Assigned Patents, and all foreign countries which may be granted therefor and thereon, and in and to any and all divisions, continuations, and continuations-in-part, and all rights under the International Convention for the Protection of Industrial Property, and all rights of priority resulting from the filing of the application(s) and/or rights to claim priority from the application(s), including all rights to claim priority provided by the Paris Convention or the Patent Cooperation Treaty, free and clear of all liens, the same to be held by Assignee for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, designees, nominees and other legal representatives as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made, together with (i) all causes of action (in law or equity), claims, demands and any other rights for, or arising from, any past, present or future infringement, of the Assigned Patents, and (ii) the right to sue for and collect any past, present and future damages for the use and benefit of Assignee and Assignee's successors, assigns, designees, nominees and other legal representatives, of the Assigned Patents.

2. Assignor does hereby sell, transfer, convey, assign, grant, set over and deliver to Assignee, to the extent of its rights, all of Assignor's right, title and interest in and to the Assigned Trademarks, including any common law rights, together with the goodwill of the business symbolized by the Assigned Trademarks, and all other rights, if any, which Assignor has enjoyed thereunder, forever, free and clear of all liens, the same to be held by Assignee for

Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, designees, nominees and other legal representatives as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made, together with (i) all causes of action (in law or equity), claims, demands and any other rights for, or arising from, any past, present or future infringement, of the Assigned Trademarks, and (ii) the right to sue for and collect any past, present and future damages for the use and benefit of Assignee and Assignee's successors, assigns, designees, nominees and other legal representatives, of the Assigned Trademarks.

3. In addition to the rights conveyed in the Assigned Trademarks, Assignor also hereby assigns and transfers to Assignee, to the extent of its rights, all of Assignor's right, title and interest in and to the Unregistered Marks set forth on Schedule C to the extent that they are used on or in connection with the goods and services which are a part of or will in the future form part of, are connected to and are used in the business including but not limited to use as a trade name or as part of corporate indicia and any and all goodwill associated therewith.

4. Assignor hereby covenants and agrees to and with the said Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, the said Assignor is the sole and lawful owner of the entire right, title and interest in and to the Assigned Intellectual Property, and that the same are unencumbered and that the said Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

5. As may be requested by Assignee or its designee or other legal representatives from time to time after the date hereof, Assignor agrees to assist Assignee, or Assignee's successors, assigns, designees, nominees or other legal representatives, in a commercially reasonable manner, without further consideration, to (i) evidence, record, and perfect the assignment of the Assigned Intellectual Property and (ii) secure Assignee's rights in the Assigned Intellectual Property including, but not limited to, the execution, delivery and filing of all applications, specifications, oaths, assignments, powers of attorney, and similar instruments that Assignee deems necessary to assign and convey to Assignee, or Assignee's successors, assignees, designees, nominees or other legal representatives, all right, title and interest in and to the Assigned Intellectual Property.

6. Assignor hereby authorizes and request the Commissioner of the United States Patent and Trademark Office and all other applicable bureaus or offices whose duty it is to issue, certify, record and/or assign registrations or applications for service marks, trademarks, patents, copyrights, Internet domain names or other forms of intellectual property protection, to issue, certify, record and/or assign as appropriate, the Assigned Intellectual Property to Assignee and Assignee's successors, assigns, designees, nominees and other legal representatives in accordance with the terms of this Assignment.

IN WITNESS WHEREOF, this Assignment has been executed as of the day and year written below.
