WHEREAS

- A. The Assignor has assigned and transferred the Intellectual Property Rights (as defined below) to the Assignee, and the Assignee has accepted such assignment and transfer as of the date of this Assignment.
- B. In this context, the Parties have agreed to enter into this Assignment.

NOW IT IS HEREBY AGREED as follows:

1. The definitions and rules of interpretation in this clause apply in this Assignment:

Intellectual Property Rights means the intellectual property rights set out in Schedule 1, Schedule 2 and Schedule 3.

2. In consideration of adequate arm's length consideration (the receipt and sufficiency of which the Assignor expressly acknowledges), the Assignor hereby confirms the assignment and transfer to the Assignee exclusively of all its rights, title and interest in and to all the Intellectual Property Rights, which assignment and transfer the Assignee has accepted.
3. The transfer and assignment confirmed at clause 2 shall include, without limitation: (a) all such rights, title and interest, rights of action, powers and benefits arising or accruing from ownership of the Intellectual Property Rights, including without limitation all rights to bring any proceedings and obtain any remedy in respect of any infringement of the Intellectual Property Rights, irrespective of when such infringement occurred or occurs; (b) the absolute and exclusive entitlement to any registrations granted pursuant to any of the applications comprised in the Intellectual Property Rights, which includes the right to sue and collect for past damages; (c) all rights to claim priority (where applicable); (d) all rights to any continuations, continuations in part, divisions, extensions, amendments, conversions, re-issues, re-examinations, renewals or restorations of and/or registrations granted in respect of the Intellectual Property Rights; (e) all statutory and common law rights attaching to the Intellectual Property Rights and the goodwill of the Assignor relating to the Intellectual Property Rights; and (f) all other such rights, title and interest as the Assignor has in the Intellectual Property Rights for the full term thereof.

4. Assignor hereby authorizes and requests all applicable authorities or registrars to record and register Assignee as the owner of the Intellectual Property Rights, and to issue any and all registrations, amended registrations and renewals that have been or may be granted upon any application or petition for the same, to Assignee. Assignee shall have the right to record this Assignment, if necessary, with all applicable authorities and registrars so as to perfect ownership of the Intellectual Property Rights.
5. If any provision or part-provision of this Assignment is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this clause shall not affect the validity and enforceability of the rest of this Assignment.
6. If any provision or part-provision of this Assignment is invalid, illegal or unenforceable, the parties shall negotiate in good faith to amend such provision so that, as amended, it is legal, valid and enforceable, and, to the greatest extent possible, achieves the intended commercial result of the original provision.
7. This Assignment and any non-contractual obligations arising out of or in connection with it shall be governed by and construed in accordance with the laws of Delaware, United States.
8. No variation of this Assignment shall be effective unless it is in writing and signed by the Parties (or their authorised representatives).
9. The Parties irrevocably agree that the courts of Delaware, United States are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Assignment and that, accordingly, any legal action or proceedings arising out of or in connection with this Assignment may be brought before the Delaware courts.
10. This Assignment may be executed in any number of counterparts and by the Parties to it on separate counterparts, each of which so executed and delivered will be an original, but all counterparts will together constitute one and the same instrument.
11. This Assignment shall be binding on, and inure to the benefit of, the Parties to this Assignment and their respective personal representatives, successors and permitted assigns, and references to any Party shall include that Party's personal representatives, successors and permitted assigns.
