Intellectual Property Assignment Agreement

This Intellectual Property Assignment Agreement (this “**Agreement**”), dated as of 2/2/2024 is made by TD Ameritrade IP Company, Inc. (“**Assignor**”), a Delaware corporation, located at 200 South 108th Avenue, Omaha, Nebraska 68154, United States of America, and Charles Schwab & Co., Inc. (“**Schwab**”) a California corporation, located at 3000 Schwab Way, Westlake, Texas 76262, United States of America (each a “**Party**” and collectively the “**Parties**”).

WHEREAS, Assignor wishes to assign to Assignee and Assignee wishes to acquire from Assignor all right, title, and interest in and to the Assigned IP (as defined below), subject to the terms and conditions set forth herein; and

WHEREAS, with respect to certain Marks that are the subject of pending intent-to-use applications filed with the United States Patent and Trademark Office (“USPTO”), Assignee is the successor to the ongoing and existing business of Assignor to which such Marks relate.

NOW THEREFORE, in consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Assignment. Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, its successors and assigns, all of Assignor’s worldwide right, title, and interest in and to the following (collectively, the “Assigned IP”):
 - a. The trademarks, service marks, brands, logos, trade dress, trade names, and other similar indicia of source or origin listed on Schedule 1 or, to the extent owned by Assignor, used with or otherwise related to the TD Ameritrade business (other than those comprised of the specific term “TD AMERITRADE”) and all registrations, applications for registration, issuances, extensions, and renewals thereof, together with the goodwill of the business connected with the use of, and symbolized by, any and all of the foregoing; provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule 1 hereto, the transfer of such applications accompanies the transfer of Assignor’s business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing;
 - b. The works of authorship and copyrights to the extent owned by Assignor used with or otherwise related to the TD Ameritrade business and all registrations, applications for registration, issuances, extensions, and renewals thereof, including without limitation the copyright registrations listed on Schedule 1;
 - c. The domain name registrations listed on Schedule 1;
 - d. Any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing;
 - e. All other rights, privileges, and protections of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world; and

- f. Any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover any such damages.
2. **Recordation and Further Actions.** Assignor hereby authorizes the Commissioner for Trademarks in the USPTO, the Register of Copyrights in the U.S. Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Agreement upon request by Assignee. Following the date hereof, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Assigned IP to Assignee, or any assignee or successor thereto.
3. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and will become effective and binding upon the Parties as of the Effective Date at such time as all the signatories hereto have signed a counterpart of this Agreement.
4. **Successors and Assigns.** This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
5. **Governing Law.** This Agreement and any and all disputes, claims or litigation arising from or related in any way to this Agreement shall be resolved exclusively by the courts in the State of California. This Agreement will be governed by and construed in accordance with the laws of the State of California, without regard to California conflict of law provisions.
6. **Electronic Signatures and Facsimiles – Binding.** This Agreement may be accepted and signed in electronic form (e.g., by an electronic or digital signature or other means of demonstrating assent) and the Parties' acceptance and signature will be deemed binding between the Parties. The Parties acknowledge and agree neither will contest the validity or enforceability of this Agreement, including under any applicable statute of frauds, because they were accepted or signed in electronic form. The Parties further acknowledge and agree that neither will contest the validity or enforceability of a signed facsimile copy of this Agreement on the basis that it lacks an original handwritten signature. Facsimile signatures shall be considered valid signatures as of the date hereof.
