This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of February 20, 2024 (as amended, restated, amended and restated, supplemented, replaced, or otherwise modified from time to time, this “Intellectual Property Security Agreement”), is made by each of the signatories hereto (each, a “Grantor” and collectively, the “Grantors”) and Computershare Trust Company, National Association (“Computershare”), as collateral agent for the Secured Parties (in such capacity and together with its successors in such capacity, the “Notes Collateral Agent”).

WHEREAS, Post Holdings, Inc., a Missouri corporation (the “Company”), has entered into the Indenture, dated as of February 20, 2024 (as amended, restated, amended and restated, supplemented, replaced, or otherwise modified from time to time, the “Indenture”) with the Guarantors from time to time party thereto and Computershare, as Trustee and as Notes Collateral Agent;

WHEREAS, the Notes Collateral Agent, the Company and certain other grantors from time to time thereto are parties to that certain Notes Security Agreement, dated as of February 20, 2024 (as amended, restated, amended and restated, supplemented, replaced, or otherwise modified from time to time, the “Notes Security Agreement”) (capitalized terms used and not defined herein have the meanings given to such terms (including by reference) in the Notes Security Agreement); and

WHEREAS, under the terms of the Notes Security Agreement, each Grantor has granted to the Notes Collateral Agent for the benefit of the Secured Parties, a security interest in certain property, including, without limitation, the Intellectual Property Collateral (as defined below), and has agreed as a condition thereof to execute this Intellectual Property Security Agreement for recording with the United States Patent and Trademark Office, the United States Copyright Office, the Canadian Intellectual Property Office, and any other applicable Governmental Authority or any political subdivision thereof in the United States or Canada.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

I. GRANT OF SECURITY. Each Grantor hereby grants to the Notes Collateral Agent for the benefit of the Secured Parties a security interest in and to all of such Grantor’s right, title and interest in and to the following (the “Intellectual Property Collateral”), as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of such Grantor’s Notes Obligations:

A. (i) all trademarks, service marks, trade names, corporate names, company names, business names, trade dress, trade styles, logos or other indicia of origin or source identification, trademark and service mark registrations, and applications for trademark or service mark registrations and any renewals thereof, including, without limitation, each registration and application identified in Schedule 1 attached hereto, together in each case with the goodwill of the business connected with the use of, and symbolized by, each of the foregoing, (ii) the right to sue or otherwise recover for any and all past, present and future infringements, dilutions and other violations thereof, (iii) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including, without limitation, payments under all licenses entered into in connection therewith, payments arising out of any other sale, lease, license or other disposition thereof and damages and payments for past, present or future infringements, dilutions and other violations thereof), and (iv) all other rights of any kind whatsoever accruing thereunder or pertaining thereto; provided, however, that the term “Intellectual Property Collateral” shall not include any pending “intent-to-use” application for registration of a trademark or service mark filed

pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto, to the extent, if any, that, and solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal Law;

B. (i) all patents, patent applications and patentable inventions, including, without limitation, each issued patent and patent application identified in Schedule 1 attached hereto, (ii) all inventions and improvements described and claimed therein, (iii) all reissues, divisions, continuations, continuations-in-part, substitutes, renewals, reexaminations, and extensions thereof, and all improvements thereon, (iv) the right to sue or otherwise recover for any and all past, present and future infringements and other violations thereof, (v) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including, without limitation, payments under all licenses entered into in connection therewith, payments arising out of any other sale, lease, license or other disposition thereof and damages and payments for past, present or future infringements and other violations thereof), and (vi) all other rights of any kind whatsoever accruing thereunder or pertaining thereto;

C. (i) all copyrights, whether or not the underlying works of authorship have been published, including but not limited to copyrights in software and databases, all Mask Works (as defined in 17 U.S.C. 901 of the U.S. Copyright Act) and all works of authorship and other intellectual property rights therein, all copyrights of works based on, incorporated in, derived from or relating to works covered by such copyrights, all right, title and interest to make and exploit all derivative works based on or adopted from works covered by such copyrights, and all copyright registrations and copyright applications, and any renewals or extensions thereof, including, without limitation, each registration and application identified in Schedule 1 attached hereto, (ii) the rights to print, publish and distribute any of the foregoing, (iii) the right to sue or otherwise recover for any and all past, present and future infringements and other violations thereof, (iv) all income, royalties, damages and other payments now and hereafter due and/or payable with respect thereto (including, without limitation, payments under all licenses entered into in connection therewith, payments arising out of any other sale, lease, license or other disposition thereof and damages and payments for past, present or future infringements and other violations thereof), and (v) all other rights of any kind whatsoever accruing thereunder or pertaining thereto; and

D. any and all Proceeds of the foregoing.

This Intellectual Property Security Agreement may be executed in any number of counterparts (including by facsimile or other electronic imaging means), each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. This Intellectual Property Security Agreement shall be valid, binding, and enforceable against a party only when executed and delivered by an authorized individual on behalf of the party by means of (i) any electronic signature permitted by the federal Electronic Signatures in Global and National Commerce Act, state enactments of the Uniform Electronic Transactions Act, and/or any other relevant electronic signatures law, including relevant provisions of the Uniform Commercial Code (collectively, “Signature Law”); (ii) an original manual signature; or (iii) a faxed, scanned, or photocopied manual signature. Each electronic signature or faxed, scanned, or photocopied manual

This Intellectual Property Security Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but such counterparts shall, together, constitute one and the same instrument. For avoidance of doubt, original manual signatures shall be used for execution or indorsement of writings when required under the Uniform Commercial Code or other Signature Law due to the character or intended character of the writings.

IV. GOVERNING LAW. This Intellectual Property Security Agreement and all claims or causes of action (whether in contract, tort or otherwise) that may be based upon, arise out of or relate in any way hereto or the negotiation, execution or performance thereof or the transactions contemplated hereby, unless otherwise expressly set forth therein, shall be governed by, and construed in accordance with, the law of the state of New York. EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT AND THE OTHER NOTES DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

V. CONFLICT PROVISION. The rights and remedies of the Notes Collateral Agent with respect to the security interest granted herein are more fully set forth in the Notes Security Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Intellectual Property Security Agreement are in conflict with the Notes Security Agreement, the provisions of the Notes Security Agreement shall control. Each Grantor agrees that all of the rights, protections, privileges, limitations of liability, indemnities and immunities of the Notes Collateral Agent set forth in the Notes Security Agreement are hereby incorporated herein by reference, mutatis mutandis, and the Notes Collateral Agent shall be entitled to rely on such rights, protections, privileges, limitations of liability, indemnities and immunities as if they were fully set forth herein.
