TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of February 21, 2024, is made by each of the entities listed on the signature pages hereof (each a “Grantor” and, collectively, the “Grantors”), in favor of Capital One, National Association (“Capital One”), as administrative agent and collateral agent (in such capacity, together with its successors and permitted assigns, the “Agent”) for the Secured Parties (as defined in the Credit Agreement referred to below) and the other Secured Parties.

WITNESSETH:

WHEREAS, pursuant to the Credit Agreement, dated as of February 21, 2024 (as the same may be amended, restated, supplemented and/or modified from time to time, the “Credit Agreement”), by and among Elbit Systems of America, LLC, a Delaware limited liability company (the “Borrower”), the other Credit Parties, the Lenders and the L/C Issuers from time to time party thereto and Capital One, as Agent for the Lenders and the L/C Issuers, the Lenders and the L/C Issuers have severally agreed to make extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, each Grantor has agreed, pursuant to a Guaranty and Security Agreement dated as of February 21, 2024, in favor of Agent (and such agreement may be amended, restated, supplemented or otherwise modified from time to time, the “Guaranty and Security Agreement”), to guarantee the Obligations (as defined in the Credit Agreement) of the Borrower; and

WHEREAS, all of the Grantors are party to the Guaranty and Security Agreement pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lenders, the L/C Issuers and Agent to enter into the Credit Agreement and to induce the Lenders and the L/C Issuers to make their respective extensions of credit to the Borrower thereunder, each Grantor hereby agrees with Agent as follows:

Defined Terms. Capitalized terms used herein without definition are used as defined in the Guaranty and Security Agreement.

Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of such Grantor, hereby mortgages, pledges and hypothecates to Agent for the benefit of the Secured Parties, and grants to Agent for the benefit of the Secured Parties a Lien on and security interest in, all of its right, title and interest in, to and under the following property of such Grantor (the “Trademark Collateral”):

- (a) all of its Trademarks referred to on Schedule 1 hereto;
- (b) all renewals and extensions of the foregoing;
- (c) all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and
- (d) all income, royalties, proceeds and Liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Guaranty and Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Agent pursuant to the Guaranty and Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Trademarks and IP Licenses subject to a security interest hereunder.

Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

[SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, each Grantor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.

ELBIT SYSTEMS OF AMERICA, LLC
as Grantor

By: 
Name: Craig Collins
Title: Vice President and Chief
Financial Officer

LOGOS TECHNOLOGIES LLC
as Grantor

By: _____
Name: Tracy Howard
Title: Chief Executive Officer

M7 AEROSPACE LLC
as Grantor

By: 
Name: Craig Collins
Title: Vice President and Treasurer

SPARTON DELEON SPRINGS, LLC
as Grantor

By: _____
Name: Tracy Howard
Title: Chief Executive Officer

ADVANCED DEFENSE SYSTEMS, INC.
as Grantor

By: 
Name: Craig Collins
Title: Vice President and Treasurer

SPARTON CORPORATION
as Grantor

By: 
Name: Craig Collins
Title: Vice President and Treasurer

PTO Listed Owner Name	Loan Party Owner	Country	Mark	Application #	File Date	Registration #	Reg Date	Description Combined
Advanced Defense Systems, Inc.	Advanced Defense Systems, Inc.	UNITED STATES	ADS ADVANCED DEFENSE SYSTEMS, INC. & Design (Color)	77/767,979	6/25/2009	3,746,417	2/9/2010	042 - Design and development, and consulting services related thereto in the field of land, air, and sea defense and security electro-optical and electronic systems, namely, day/night range sights, night targeting optical surveillance sensors, ground launchers, navigation computers, pipeline perimeter alarms and smart fencing, simulator training modules, human detection radar, helmet mounted optical devices, vehicle-mounted vision equipment, namely, enhanced vision sensors for use in low visibility conditions, head and side-mounted video displays for providing user situational awareness
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	THE SPIRIT OF INNOVATION	77/772,689	7/1/2009	3,865,451	10/19/2010	035 - Providing government and commercial contract management and distributorship services in the field of electronic systems, computer hardware and software, complex ground systems, naval and avionics systems 042 - Design and development of electronic systems, computer hardware and software, complex ground systems, naval and avionics systems, display computers and store management systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBIT SYSTEMS OF AMERICA & Design (Color)	77/576,034	9/22/2008	3,650,048	7/7/2009	035 - Providing government and commercial contract management and distributorship services in the field of electronic systems, computer hardware and software, complex ground systems, naval and avionics systems 037 - Repair and maintenance in the nature of life cycle support for electronic systems, computer hardware, complex ground systems, naval and avionics systems 042 - Design and development of electronic systems, computer hardware and software, complex ground systems, naval and avionics systems, display computers and store management systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBIT SYSTEMS OF AMERICA	78/505,557	10/25/2004	3,551,803	12/23/2008	035 - Government procurement contracting and distributorship services featuring electronic systems, computer hardware and software, complex ground systems, avionics systems, display computers and store management systems, multifunction display units, display panels, display processors, digital map systems, trainer and simulator systems, position interface boxes, gunner's and commander's handles, integrated helmet and display sight systems, general-purpose processors, FLASH enabled, militarized computers and advanced computer systems for combat vehicles, fixed and rotary wing aircraft, ground vehicles, naval vessels, trainers and simulators, as well as command, control and communication systems and parts thereof 037 - Repair and maintenance, namely, life cycle support, for electronic systems, computer hardware, complex ground systems, avionics systems, display computers and store management systems, multifunction display units, display panels, display processors, digital map systems, trainer and simulator systems, position interface boxes, gunner's and commander's handles, integrated helmet and display sight systems, general-purpose processors, FLASH enabled, militarized computers and advanced computer systems for combat vehicles, fixed and rotary wing aircraft, ground vehicles, naval vessels, trainers and simulators as well as command, control and communication systems and parts thereof 042 - Repair and maintenance, namely, life cycle support, for computer software; design and development of electronic systems, computer hardware and software, complex ground systems, avionics systems, display computers and store management systems, multifunction display units, display panels, display processors, digital map systems, trainer and simulator systems, position interface boxes, all of others, gunner's and commander's handles of others, integrated helmet and display sight systems of others, general-purpose processors, FLASH enabled, militarized computers and advanced computer systems for combat vehicles of others, fixed and rotary wing aircraft, ground vehicles, naval vessels, trainers and simulators all of others, as well as command, control and communication systems and parts thereof
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	SOSTAR	85/097,220	7/30/2010	4,210,596	9/18/2012	009 - Hand held or tripod mounted long range day and night high resolution targeting system consisting of a day camera and infrared camera, laser range finder, digital magnetic compass and global positioning system components having snapshot import and export and image data storage capability
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	KAT EYE	77/634,412	12/16/2008	4,198,788	8/28/2012	009 - Land- vehicle mountable and stationary enhanced long range surveillance equipment, namely, long range cameras having enhanced optical sensors that operate in low visibility conditions such as night, fog, haze, and dust, and provide an enhanced image that is transmitted to the operator's monitor
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ARTEMIS	90/406,684	12/23/2020			009 - A computing system comprised of computer hardware and recorded computer software for automatically detecting and identifying humans, animals and objects and tracking their location and movement; a surveillance computing system comprised of computer hardware and recorded computer software for automatically detecting and identifying the presence of humans, animals and objects, and monitoring and tracking their real time location and movement
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	BORTEX	90/406,693	12/23/2020	6,790,725	7/12/2022	009 - A computing system comprised of electric sensors, computer hardware and recorded computer software for automatically detecting and identifying humans, animals and objects and tracking their location and movement; a surveillance computing system comprised of electric sensors, computer hardware and recorded computer software for automatically detecting and identifying the presence of humans, animals and objects, and monitoring and tracking their real time location and movement
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	BOS-AIS	90/406,704	12/23/2020			009 - A computing system comprised of electric sensors, computer hardware and recorded computer software for automatically detecting and identifying humans, animals and objects and tracking their location and movement; a surveillance computing system comprised of electric sensors, computer hardware and recorded computer software for automatically detecting and identifying the presence of humans, animals and objects, and monitoring and tracking their real time location and movement
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	PDAG	90/406,710	12/23/2020	6,783,293	7/5/2022	009 - A communication system comprised of electric sensors, computer hardware and recorded computer software connecting a network of sensors, devices and computers for automatically detecting and identifying humans, animals and objects and tracking their location and movement; a communication system comprised of electric sensors, computer hardware and recorded computer software connecting a network of electric or electronic sensors, infrared, optical, seismic, acoustic, ultrasonic, and/or radar devices and computers and smartphones for automatically detecting and identifying humans, animals and objects and tracking their location and movement

Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,463	6/6/2018		009 - Computer software and hardware for controlling, operating, and communicating with unmanned aerial vehicles (UAV) in providing intelligence, surveillance and reconnaissance (ISR) in connection with assisting unmanned aerial vehicles (UAV); Computer software for sending commands and information to and from unmanned aerial vehicles (UAV); Computer software for displaying information, video, and images sent from the unmanned aerial vehicles (UAV); Computer software for detecting targets and objects of interest in the field of border surveillance and reconnaissance primarily comprised of airborne ground surveillance systems using radar imagery composed of radar and radar receivers with amplifiers; Computer software for unmanned aerial vehicles (UAV) systems, namely, software for the autonomous control and monitoring of unmanned aerial vehicles (UAV) location, speed, altitude, and position; Electronic components in the nature of vehicle detection equipment for unmanned aerial vehicles (UAVs), namely, imaging sensors to detect vehicle location and electric and electronic sensors for use in long range identification and tracking; Electronic and optical communications instruments and components, namely, optical data links
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,349	12/14/2021		009 - Computer hardware and recorded computer software all for controlling, operating, and communicating with unmanned aerial vehicles (UAVs) for intelligence, surveillance and reconnaissance (ISR) purposes; recorded computer software for sending commands and information to and from unmanned aerial vehicles (UAVs); recorded computer software for displaying information, video, and images sent from an unmanned aerial vehicle (UAV); recorded computer software for detecting targets and objects of interest in the field of border surveillance and reconnaissance; border and reconnaissance systems primarily comprised of airborne ground surveillance systems using radar imagery composed of radar and radar receivers with amplifiers; recorded computer software for unmanned aerial vehicle (UAV) systems, namely, software for the autonomous control and monitoring of unmanned aerial vehicle (UAV) locations, speeds, altitudes, and positions; electronic components in the nature of vehicle detection equipment for unmanned aerial vehicles (UAVs), namely, imaging sensors to detect vehicle location and electric and electronic sensors for long range identification and tracking of other vehicles by unmanned aerial vehicles (UAVs); electronic and optical communications instruments and components, namely, optical data links
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,471	6/6/2018		012 - Unmanned aerial vehicles (UAVs)
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,336	12/14/2021		012 - Unmanned aerial vehicles (UAVs)
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,480	6/6/2018		035 - Business management consulting services in the procurement sourcing field; negotiation and contract management for others, namely, negotiation and settlement of commercial transactions for third parties; Distributorship services in the field of electronic systems, computer hardware and software, land, naval, avionics and aerospace systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,323	12/14/2021		035 - Business management consulting services in the field of procurement sourcing; negotiation and contract management for others, namely, negotiation and settlement of commercial transactions for third parties; distributorship services in the field of electronic systems, computer hardware and software, and land, naval, avionics and aerospace systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,493	6/6/2018		037 - Installation, maintenance and repair of electronic systems, land, naval, avionics and aerospace systems; Repair or maintenance of computers
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,311	12/14/2021		037 - Installation, maintenance and repair of electronic systems and land, naval, avionics and aerospace electronic systems; repair or maintenance of computers
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,502	6/6/2018		042 - Design and development of software and hardware for land, naval, avionics and aerospace systems and support equipment; Design and development of electronic systems, land, naval, avionics and aerospace systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,303	12/14/2021		042 - Design and development of computer software and computer hardware for land, naval, avionics and aerospace computer systems and related computer-based support equipment; design and development of electronic systems and land, naval, avionics and aerospace electronic systems
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	87/951,512	6/6/2018		045 - Providing reconnaissance and surveillance services
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBITAMERICA	97/171,289	12/14/2021		045 - Providing reconnaissance and surveillance services
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	MARK	87/925,980	5/17/2018		009 - Computer hardware: Computer hardware and software for remotely accessing and transmitting data; Computer hardware and software for identifying locations of soldiers and for exchanging reports, photos, data and communications with them; Computer hardware and software for Mobile Phones, Portable Media Players, Mobile Computers, Video Cameras, Near Eye Displays, namely, display screens for mounting near a user's eyes and lenses for displaying images to a user; Computer hardware and software for displaying data and video; Computer hardware and software for interfacing with the user including Hand Gesture Recognition, Voice Recognition, Eye Tracking, Head Tracking, Virtual Keyboard, Multi-Touch Gestures; Computer hardware and software for displaying augmented reality imagery and component parts therefor, namely, CPU, Computer Memory devices and cards, near to eye projecting display, namely, electronic display screens for mounting near a user's eyes and lenses for displaying images to a user, GPS, electronic orientation sensor, camera, audio speaker, earbuds, microphone, digital voice signal processor; wireless communication devices for data or image transmission to display augmented reality imagery in the user's near-eye display, electronic eye tracking sensor, and touch pads; apparatus for transmission of communication; Computer hardware and software for enabling tracking of user position and orientation; Computer software for the collection, editing, organizing, modifying, book marking, transmissions, storage and sharing of data and information; Computer software for the collection, compilation, processing, transmission and dissemination of data from a network of wearable devices such as smart glasses and smartwatches; Computer software for mobile phones, personal computers and handheld computers, namely, software for enabling users to find information about military operations for use in augmented reality applications; Downloadable mobile application for setting up, configuring, and controlling wearable computer hardware in the nature of smart glasses and smartwatches; Head-mounted video display monitors; Information display systems comprised of computer hardware and visual electronic display screens for use in augmented reality applications; Night vision goggles mounted on a helmet for displaying information superimposed on a field of view; Optical apparatus and instruments, namely, virtual augmented reality glasses, virtual augmented reality display devices

Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	EMARK	87/926,008	5/17/2018			009 - Computer hardware; Computer hardware and software for remotely accessing and transmitting data; Computer hardware and software for identifying locations of soldiers and for exchanging reports, photos, data and communications with them; Computer hardware and software for Mobile Phones, Portable Media Players, Mobile Computers, Video Cameras, Near Eye Displays, namely, display screens for mounting near a user's eyes and lenses for displaying images to a user, Computer hardware and software for displaying data and video; Computer hardware and software for interfacing with the user including Hand Gesture Recognition, Voice Recognition, Eye Tracking, Head Tracking, Virtual Keyboard, Multi-Touch Gestures; Computer hardware and software for displaying augmented reality imagery and component parts therefor, namely, CPU, Computer Memory devices and cards, near to eye projecting display, namely, electronic display screens for mounting near a user's eyes and lenses for displaying images to a user, GPS, electronic orientation sensor, camera, audio speaker, earbuds, microphone, digital voice signal processor; wireless communication devices for data or image transmission to display augmented reality imagery in the user's near-eye display, electronic eye tracking sensor, and touch pads; apparatus for transmission of communication; Computer hardware and software for enabling tracking of user position and orientation; Computer software for the collection, editing, organizing, modifying, book marking, transmissions, storage and sharing of data and information; Computer software for the collection, compilation, processing, transmission and dissemination of data from a network of wearable devices such as smart glasses and smartwatches; Computer software for mobile phones, personal computers and handheld computers, namely, software for enabling users to find information about military operations for use in augmented reality applications; Downloadable mobile application for setting up, configuring, and controlling wearable computer hardware in the nature of smart glasses and smartwatches; Head-mounted video display monitors; Information display systems comprised of computer hardware and visual electronic display screens for use in augmented reality applications; Night vision goggles mounted on a helmet for displaying information superimposed on a field of view; Optical apparatus and instruments, namely, virtual augmented reality glasses, virtual augmented reality display devices
Elbit Systems of America, LLC	Elbit Systems of America, LLC	UNITED STATES	ELBIT SYSTEMS OF AMERICA	88/322,535	3/1/2019	6,907,356	11/22/2022	009 - Computer hardware and recorded software for controlling, operating, and communicating with Unmanned Aerial Vehicles (UAV) for intelligence, Surveillance and Reconnaissance (ISR) purposes; border and reconnaissance systems primarily comprised of airborne ground surveillance systems using radar imagery composed of radar and radar receivers with amplifiers; recorded computer software for Unmanned Aerial Vehicles (UAV) systems, namely, software for the autonomous control and monitoring of Unmanned Aerial Vehicles (UAV) location, speed, altitude, and position; recorded computer software for sending commands and information to and from Unmanned Aerial Vehicles (UAV); recorded computer software for displaying information, video, and images sent from the Unmanned Aerial Vehicles (UAV); electronic components for Unmanned Aerial Vehicle (UAV), namely, imaging sensors and long range identification and tracking sensors; downsized, portable, passive and active remote ground control terminals for controlling Unmanned Aerial Vehicles (UAV); data links comprised of ground control terminals and airborne data terminals that allow the Unmanned Aerial Vehicle (UAV) to be controlled by the ground operators and further allow data to be transmitted from the UAV to the ground operators
